The Ancestors and Descendants of John Lewis Benson and His Sisters and Brother Ned Harold Benson, 2011-09-27 John Lewis Benson, born in Crawford County, Pennsylvania, was an 8th generation descendant of John Benson, who arrived in America at Plymouth Colony on 11 April 1638 on the ship Confidence. After being reared in Chautauqua County, New York, John Lewis Benson's father, William, took him to Rock Island County, Illinois, following his daughters who had already made the migration. Shortly after reaching his majority, John Lewis Benson went to Bleeding Kansas as part of the wave of Abolitionists who sought to keep Kansas free, which action reflected the devout Puritan Calvinism of his Benson forebears. He enlisted in the 5th Kansas Volunteer Cavalry two months after the first canon was fired on Fort Sumter, and served until the end of the War of Rebellion, being mustered out on 22 June 1865. He then returned to Kansas where he prospered, married, and fathered 5 children. He lost all his worldly possessions due to drought and the economic collapse following The Panic of 1873, and then moved about Kansas seeking a new start. During this difficult period, his wife died, leaving him a widower with 4 children ages 6 to 11. He soon married a divorcee who brought her 3 children, ages 1 to 3, to the marriage. In his second marriage, John Lewis fathered three more children. After the Unassigned Lands of Oklahoma Territory were opened for settlement in 1899, John Lewis and his blended family moved there and share-cropped 40 acres southeast of Guthrie, Oklahoma, which he eventually bought. He died on this farm on 23 March 1906. This book by one of his great-grandsons tells the story of his life, the lives of his five sisters and one brother, and their ancestry back to 16th century Oxfordshire, England.

Lectiones Scrupulosae Maaïke Zimmerman,2006-06-01 This sixth AN Supplementum, *Lectiones Scrupulosae* ('Scrupulous Readings'), is a Festschrift in honour of Maaïke Zimmerman offered to her by a group of Apuleian scholars on the occasion of her sixty-fifth birthday. It is a volume focused on the text of Apuleius' *Metamorphoses* that offers Maaïke and all other *lectores scrupulosi* ('scrupulous readers') of Apuleius' novel a collection of studies that shed new light on certain aspects of text and interpretation. Moreover, since Maaïke Zimmerman is currently working on a new critical edition of Apuleius' *Metamorphoses* for the Oxford Classical Texts series, an additional motivation for this volume was the presentation of a collection of original papers providing material on a number of passages for Maaïke to ponder and take into consideration as she reviews the text. Everything proceeds from the text: a textual issue can open the door to a broader approach, including, for example, discussions of literary interpretation, linguistics, or style. Hence, one of the themes of the volume is to show connections between problems of textual criticism and larger interpretative issues (e.g. Bitel, Finkelpearl, McCreight, Keulen). Maaïke herself is expert at this kind of 'explication du texte'. Within the broad spectrum between 'text' and 'interpretation', the contributions to this volume present different approaches and choices, varying from a traditional, purely 'textual' approach to one that is largely interpretative and seeks to explain the multi-layered texture of Apuleius' narrative in the light of certain metaphors, images, or expressions. Some articles offer new conjectures and readings of vexed passages (Harrison, Plaza), support unjustly neglected conjectures (McCreight, Schmeling and Montiglio), or propose to banish certain passages or phrases once and for all from the center of the text to a peripheral exile in the *apparatus criticus*, as a footnote in the history of the text's reception (Bitel, Hunink). Other contributions focus on the 'authorship' of the *Metamorphoses* (Tatum) or the vicissitudes of the Apuleian text in the hands of Medieval and Renaissance readers (Hunink, May). Through their contributions to *Lectiones Scrupulosae*, the authors of this AN Supplementum not only honour Maaïke as a text-editor or commentator, but also pay tribute to her other scholarly output, such as her work on Cupid and Psyche (Hijmans), on Apuleius and Roman Satire or the Greek Ass Tale (e.g. Dowden, Graverini, Plaza, Panayotakis), on the reader's role in the Prologue and on Apuleian ecphrasis (Keulen, van Mal-Maeder), or on space symbolism in the *Metamorphoses* (James and O'Brien). But all contributors in this volume also send Maaïke the same message of friendship and gratitude that can be summarized as follows: *Lector, intende: laetaberis*.

Family and Gender in Renaissance Italy, 1300–1600 Thomas Kuehn, 2017-03-24
This book studies family life and gender broadly within Italy, not just one region or city, from the fourteenth through the seventeenth centuries. Paternal control of the household was paramount in Italian life at this time, with control of property and even marital choices and career paths laid out for children and carried out from beyond the grave by means of written testaments. However, the reality was always more complex than a simple reading of local laws and legal doctrines would seem to permit, especially when there were no sons to step forward as heirs. Family disputes provided an opening for legal ambiguities to redirect property and endow women with property and means of control. This book uses the decisions of lawyers and judges to examine family dynamics through the lens of law and legal disputes.

News About the Von Boetticher Family Jurgen von Boetticher, 2016-06-30
Friedrich Boetticher, second son of Carl and Emilie Boetticher, moved from Riga, the capital of Latvia, to Germany in March 1849. Here he bought a farm, got married, and then sold the estate and moved back Latvia with his wife in September 1853 to live in his parents house during the winter months. Here his wife gave birth to their first child, Walter, in November 1853. In the spring, Friedrich moved back to Germany with his family to establish an art and book business. When he was an adult, Walter von Boetticher, a medical doctor, came to visit his place of birth and to meet his relatives in Courland (a region in Latvia, also known as Kurland). Talking to his uncle Emil von Boetticher, he suggested that they research and write the first News about the von Boetticher Family. Walter wrote the first book about the history of the Courlandic branch of the von Boetticher family. Emil von Boetticher then wrote about his life and family with the help of numerous letters he had found that were written some 50 years earlier. This great work makes up the second book Both men did outstanding work for all the future generations of the von Boetticher family. The original books were printed in Bautzen, Germany, in 1891/92. These were then reprinted in Hannover, Germany, in 2012. The books were translated between 2013 and 2015 from the original German text in the reprinted edition. Genealogies in the Library of Congress Marion J. Kaminkow, 2012-09 This ten-year supplement lists 10,000 titles acquired by the Library of Congress since 1976--this extraordinary number reflecting the phenomenal growth of interest in genealogy since the publication of Roots. An index of secondary names contains about 8,500 entries, and a geographical index lists family locations when mentioned.

Women, Art and Architectural Patronage in Renaissance Mantua Sally Anne Hickson, 2016-02-17 Analyzing the artistic patronage of famous and lesser known women of Renaissance Mantua, and introducing new patronage paradigms that existed among those women, this study sheds new light the social, cultural and religious impact of the cult of female mystics of that city in the late fifteenth and early sixteenth century. Author Sally Hickson combines primary archival research, contextual analysis of the climate of female mysticism, and a re-examination of a number of visual objects (particularly altarpieces devoted to local beatae, saints and female founders of religious orders) to delineate ties between women both outside and inside the convent walls. The study contests the accepted perception of Isabella d'Este as a

purely secular patron, exposing her role as a religious patron as well. Hickson introduces the figure of Margherita Cantelma and documents concerning the building and decoration of her monastery on the part of Isabella d'Este; and draws attention to the cultural and political activities of nuns of the Gonzaga family, particularly Isabella's daughter Livia Gonzaga who became a powerful agent in Mantuan civic life. *Women, Art and Architectural Patronage in Renaissance Mantua* provides insight into a complex and fluid world of sacred patronage, devotional practices and religious roles of secular women as well as nuns in Renaissance Mantua.
