Dan Gookin

The Business of Android Apps Development Mark Rollins, 2012-02-01 The growing but still evolving success of the Android platform has ushered in a second mobile technology “gold rush” for apps developers, but with well over 100,000 apps and counting in the Google Android Market and now the Amazon Android Appstore, it has become increasingly difficult for new applications to stand out in the crowd. Achieving consumer awareness and sales longevity for your Android app requires a lot of organization and some strategic planning. Written for today's Android apps developer or apps development shop, *The Business of Android Apps Development* shows how to incorporate marketing and business savvy into every aspect of the design and development process, giving your application the best possible chance of succeeding in the the various Android app stores and markets. This book takes you step-by-step through cost-effective marketing, public relations and sales techniques that have proven successful for professional Android app creators and indie shops—perfect for independent developers on shoestring budgets. No prior business knowledge is required. This is the book you wish you had read before you launched your first app!

Labyrinth Rulebook Chris Zimmerman, 2016-06-17 Welcome, worthy adventurers to the world of Labyrinth! This is the second edition for the Labyrinth Adventures Gaming System. Included are custom character sheets, expanded rules, more perils and more rewards!!! Happy adventuring and... May the luck of the dice be with you!

The Business of iPhone and iPad App Development

Dave Wooldridge, Michael Schneider, 2011-08-18 The phenomenal success of the iPhone, iPad and the iPod touch has ushered in a “gold rush” for developers, but with well over 300,000 apps in the highly competitive App Store, it has become increasingly difficult for new apps to stand out in the crowd. Achieving consumer awareness and sales longevity for your iOS app requires a lot of organization and some strategic planning. Updated and expanded for iOS 4, this bestselling book will show you how to incorporate marketing and business savvy into every aspect of the design and development process, giving your app the best possible chance of succeeding in the App Store. The Business of iPhone and iPad App Development was written by experienced developers with business backgrounds, taking you step-by-step through cost effective marketing techniques that have proven successful for professional iOS app creators—perfect for independent developers on shoestring budgets. This is the book you wish you had read before you launched your first app!

Labyrinth Greg Alldredge, 2021-03-08 The dead rarely remain buried... Why did Morgan let the elves lead her into such a dangerous place? She knew little of the Labyrinth, except it was the breeding ground for the monsters that terrorized the surface. With Necromancer's ravaging her Empire, Morgan must seek out friends and allies at every turn, or at least that's what her father's ghost demanded. Can Morgan escape the darkness alive? Will she ever regain the imperial throne? Follow Morgan as the quest takes her company of adventurers into unearched territory. Read the second book in the Lilliehaven Series to learn her fate and that of the strange land Morgan calls home. The intrigue and suspense will pull you in as the adventure unfolds. Get it now.

Android For Dummies Dan Gookin, 2020-09-09 Your comprehensive (and very friendly!) reference guide to Android phones and tablets You're used to hearing it said that the phone in your pocket or tablet by your bed has more computing power than the entire Apollo 11 space program in the 1960s (or something similarly impressive)–and this is no less true for Android devices than any other. Sounds great–but what does that actually mean you can do with them? The new edition of *Android For*

Dummies reveals all for new and experienced users alike, making it easy to get the most out of the awesome computing power of Android smartphone and tablet devices—from communications and pictures and videos to the wonderful world of 2.8+ million Google apps! Cutting through the jargon, bestselling tech author Dan Gookin puts you in touch with all the Android features you'll need to know (and many more you'll be pleased to discover!), from setup and configuration to the major features, such as text, email, internet, maps, navigation, camera, and video, as well as synching with your home computer. In addition to getting familiar with these and the latest Android 10 operating system (OS)—in both Google Pixel and Samsung versions—you'll become an expert on the best ways to share your thoughts, videos, and pictures on social media, navigate with Android Auto when driving, and maintain your files so they're orderly and easy to find. Explore Android devices, from physical functions to software and online features Communicate via email, social media, Google Duo video calls, and more Tweak your privacy settings to keep your information secure Use Android Auto when driving and see in the dark with Night Light and Dark Mode Androids may be able to land a spacecraft on the Moon (yet) but there's a whole universe waiting right there in the device at your fingertips—and this book is the perfect place to begin to explore!
