**The Scalping of Archie McCullough: The True Story of the Sole Survivor of the Enoch Brown Massacre** Rodney L. McCulloh,2016-06-19 On July 26, 1764, an event occurred on the Pennsylvania frontier so shocking that it has been vividly remembered and retold for over 250 years. Eleven children gathered in a lonely log school house that warm summer morning. By noon they lay weltering in their own blood, scalped and dead or dying. And yet, one of the students, ten year old Archie McCullough, survived. He left no first hand accounts but by drawing on original sources, contemporary accounts and the work of others Mr. McCulloh brings this story to life in a unique way. In the lead chapter the attack is told from Archie's perspective in a full, dramatic narrative. The known facts have been wrapped in imagined thoughts, actions and dialog to present the story as never before told. The book also includes a factual, historical account of the full story and includes a selection of the earliest reports from obscure and long out-of-print sources. The Scalping of Archie McCullough is an invaluable source of information on the Enoch Brown Massacre.
