Resurrecting Song Wendy K. Moy,2024-04-02 Through a collection of extensive interviews with choral conductors, educators, singers, and professional leaders, this book documents the choral music community's journey through crisis and change during the COVID-19 pandemic and aids in its rebuilding in a new era where COVID-19 is endemic. When the pandemic emerged in early 2020, the impact on choral music was immediate and devastating, as the act of gathering and singing together became a source of contagion and potential severe illness or death. Weaving together a wide range of first-person accounts, this book addresses the impact of the coronavirus pandemic on choral music across contexts including community choruses, professional choirs, children and youth choirs, school choirs, and choral organizations. In their own words, we hear how the community responded

to the challenges and banded together to innovate, use technology in new ways, and generate changes to practice. The book also explores how the pandemic caused many directors to realize that they needed to create a more inclusive place of belonging in their rehearsals, and provides reflections on the philosophy of singing and creating a choral community. Documenting both pandemic experiences and the lessons learned from surviving and thriving, this book showcases the resilience of choral music and helps point the way to new directions for the choral community in the wake of the pandemic.

Running with Sherman Christopher McDougall, 2020-07-28 From the bestselling author of *Born to Run*, a heartwarming story about training a rescue donkey to run one of the most challenging races in America, and, in the process, discovering the life-changing power of the human-animal connection. A delight, full of heart and hijinks and humor. —John Grogan, author of *Marley & Me: Life and Love with the World's Worst Dog* When Christopher McDougall decided to adopt a donkey in dire straits, he had no idea what he was getting himself into. But with the help of his neighbors, Chris came up with a crazy idea. Burro racing, a unique type of competition in which humans and donkeys run side by side over mountains and through streams, would be exactly the challenge Sherman and Chris needed. In the course of Sherman's training, Chris would enlist Amish running clubs, high-spirited goats, the service animal community, and two Sarah Palin-loving long-distance female truckers. Sherman's heartwarming story of overcoming all odds to run one of the most unbelievable races in America shows the healing power of movement and the strength of the human-animal connection. Look for Christopher McDougall's new book, *Born to Run 2*, coming in December!
