Lao Ma

*Blades of Grass* Lao She,1999-10-01 If you want to write good short stories, Lao She once observed, you have to give it everything you’ve got. The world will allow the existence of a very imperfect novel, but it won’t be that polite with a short story. Art, after all, is not like a pig—the fatter the better. Lao She’s stories proved to be very good indeed, moving and delighting readers for many years and establishing him as a master of classic modern fiction. Thankfully we now have access to a rich collection of his short stories in superb English translations. These stories showcase the varied facets of Lao She’s impressive talent and draw us effortlessly into his world-and we emerge the better for it. This is a writer eternally immersed in and fascinated by the kaleidoscope of humankind. The stories are characterized by humor and by intensely sympathetic explorations of human relationships. Some of them are unsettling. Many are poignant. Most of them make us laugh. All evoke the color and energy of life, for Lao She is also a connoisseur of the everyday with a keen appreciation of the concrete detail. A plate of steaming dumplings, the gleam of gold-capped front teeth, rickshaws dragging along alleys, punishing winter winds, rolls of bright silk, a pair of chopsticks—these things are the stuff of Lao She’s fiction and the essence of his metaphors, and he cherishes such little details of life more than the abstractions of politics or philosophy.

Lao She, China's Master Storyteller Britt Towery,1999 A lively, readable study of one of China's most beloved writers, Lao She and his works, that shows a great understanding and sympathy for China, modern Chinese history and politics. It is the most recent and only edition in English on this writer who died tragically in 1966 at the start of the Cultural Revolution. Lao She's writings and life are presented in a straight forward style that should endear Lao She to a whole new generation.

**Mali Under the Night Sky** ,2010-10-19 Mali Under the Night Sky, a 2011 Skipping Stones honor book, is the true story of Laotian American artist Malichansouk Kouanchao, whose family was forced by civil war to flee Laos when she was five. Before the war began, Mali lived an idyllic life in a community where she felt safe and was much loved. But the coming war caused her family to flee to another country and a life that was less than ideal. What did she carry with her? She carried her memories. And they in turn carried her across the world, sharing where she is from and all that she loves with the people she meets. Terry Hong of the Smithsonian Asian Pacific American Program's BOOK DRAGON, giving context to Youme's remarkable book, said, "Today, December 7, marks the 69th anniversary of the attack on Pearl Harbor, 'a date which will live in infamy,'... Seven decades later, infamy lives on, stealing childhoods, families, homes, lives. Now as another year comes to a close, we pray for peace ... again and again ... again and again ... [Mali Under the Night Sky] is another hopeful, urgent prayer." And the Midwest Book Review calls it "a soul-stirring picturebook about the difficulties faced by wartime refugees, and deserves the highest recommendation." Youme Landowne is an energetic and joyful painter, book artist, and activist who thrives in the context of public art. Youme has lived in and learned from the United States, Kenya, Japan, Laos, Haiti, and Cuba. In all of these places, she has worked with communities and individuals to make art that honors personal and cultural wisdom, creating community murals, illustrating tiny books, and teaching poetry in schools.

The Night Rodrigo Blanco Calderon,2022-02-08 For readers who love Bolaño, a new voice of Latin American fiction, winner of the Mario Vargas Llosa Prize. Recurring blackouts envelop Caracas in an inescapable darkness that makes nightmares come true. Real and fictional characters, most of them are writers, exchange the role of narrator in this polyphonic novel. They recount contradictory versions of the plot, a series of femicides that began with the energy crisis. The central narrator is a psychiatrist who manipulates the accounts of his friend, an author writing a book titled The Night; and his patient, an advertising executive obsessed with understanding the world through word puzzles. The author shifts between crime fiction and metafiction, cautioning readers that the events retold are both true and manipulated. This is a political novel about the financial crisis and socio-political division in Venezuela from 2008 to 2010. The title of the book, originally also in English, is a gesture towards Chavism's failure to resist US influence. Yet, the form is unapologetically literary, a reflection on the depiction and distortion of reality through storytelling. Blanco Calderón said about the potential of language, I am convinced that all the evil in the world begins in them: in words (Caracas, 2010).
