L' Art de la Guerre Sun Tzu,2018-04-02 Sun Tzu dit : La guerre est d'une importance vitale pour l'État. C'est le domaine de la vie et de la mort : la conservation ou la perte de l'empire en dépendent ; il est impérieux de bien le régler. Ne pas faire de sérieuses réflexions sur ce qui le concerne, c'est faire preuve d'une coupable indifférence pour la conservation ou pour la perte de ce qu'on a de plus cher, et c'est ce qu'on ne doit pas trouver parmi nous.

L'art de la guerre Sun Tzu,2012-01-01 Découvrez une édition de référence de L'art de la guerre de Sun Tzu, spécialement conçue pour la lecture sur les supports numériques. « Sun Tzu dit : La guerre est d'une importance vitale pour l'État. C'est le domaine de la vie et de la mort : la conservation ou la perte de l'empire en dépendent ; il est impérieux de le bien régler. [...] Cinq choses principales doivent faire l'objet de nos continuelles méditations et de tous nos soins, comme le font ces grands artistes qui, lorsqu'ils entreprennent quelque chef-d'œuvre, ont toujours

présent à l'esprit le but qu'ils se proposent, mettent à profit tout ce qu'ils voient, tout ce qu'ils entendent, ne négligent rien pour acquérir de nouvelles connaissances et tous les secours qui peuvent les conduire heureusement à leur fin. Si nous voulons que la gloire et les succès accompagnent nos armes, nous ne devons jamais perdre de vue : la doctrine, le temps, l'espace, le commandement, la discipline. » Ce classique de la littérature chinoise datant du Ve siècle avant J.-C. est le premier traité de stratégie militaire connu au monde. CE QU'EN PENSE LA CRITIQUE Ce recueil est très riche et nombre de ces préceptes peuvent s'appliquer de nos jours, tant à la stratégie militaire qu'à la vie professionnelle, politique ou autre selon affinités. A l'évidence cet ouvrage a été, et sera, durant des millénaires un livre de chevet pour nos plus grands seigneurs de guerre. Un ouvrage de stratégie de référence. - Wiitoo, Babelio Le livre L'art de la guerre montre comment la réflexion peut mener à la victoire, comment l'analyse des faiblesses de l'ennemi peut fonder une tactique, si l'on sait les exploiter, et même les aggraver ; il met l'accent sur la dimension psychologique du combat, sur le rôle de la ruse et de la fuite. Ce livre, qui a traversé les âges, est étonnant de modernité ! - Nicolas Bazard, "Se former sur internet Livre merveilleux, ne serait-ce même que pour soi-même sans penser à une grande guerre. Une sorte de guide personnel pour un comportement plus présent à ce qui se passe autour de soi. - grumpydoll, Babelio À PROPOS DE L'AUTEUR Sun Tzu ou Sun Zi ou Souen Tseu (signifie maître Sun) de son vrai nom Sun Wu

(signifiant militaire, martial), est un général chinois du Ve siècle av. J.-C. Il est surtout célèbre en tant qu'auteur de l'ouvrage de stratégie militaire le plus ancien connu : L'Art de la guerre. L'idée principale de son œuvre est que l'objectif de la guerre est de contraindre l'ennemi à abandonner la lutte, y compris sans combat, grâce à la ruse, l'espionnage et une grande mobilité : il s'agit donc de s'adapter à la stratégie de l'adversaire, pour s'assurer la victoire à moindre coût (humain, matériel). Les idées de L'Art de la guerre ont été reprises et adaptées par différents auteurs pour la stratégie et notamment la stratégie d'entreprise. Si L'Art de la guerre fait autorité, la vie de son auteur est pourtant un mystère et consiste surtout en hypothèses. La première considère que Sun Zi n'a jamais existé : c'est un mythe qui aurait pris naissance vers la fin des Printemps et des Automnes, prenant de l'ampleur par la suite. Une deuxième hypothèse voit en Sun Zi un autre personnage des Royaumes combattants : Sun Bin (le contenu et la forme de L'Art de la guerre le rendraient postérieur aux Printemps et Automnes). Une dernière hypothèse considère que Sun Zi a bel et bien existé et qu'il était originaire de Qi dont il aurait fui les troubles pour se réfugier à Wu.

L'art de la guerre Victoria Charles, Sun Tzu, 2015-09-15 Au cours de l'histoire, nombreuses sont les guerres qui changèrent le paysage politique et culturel du monde. Source de bouleversements, de destructions et de violences, elles contribuèrent néanmoins à l'évolution de la

création artistique. En effet, malgré les événements traumatisants qu'elles engendrent, les guerres inspirent les artistes depuis toujours. Ces derniers immortalisent ces moments dramatiques en des oeuvres qui sont autant de précieux témoignages pour toutes les générations. Ce livre offre au lecteur les illustrations des batailles les plus connues et autres scènes de guerre. Composé de textes d'écrivains célèbres, cet ouvrage s'accompagne, en outre, du texte de référence de Sun Tzu, stratège militaire légendaire de Chine. De l'antique Gaulois agonisant au Guernica de Picasso, ce livre propose un panorama captivant des oeuvres inspirées par les guerres qui façonnèrent l'humanité.

The Art of War Sun Tzu, D. E. Tarver, Sun Pin, 2002
Book One of The Warrior Series Sun Tzu and Sun Pin's timeless strategic masterpieces are constantly analyzed and interpreted by leaders worldwide. For the first time ever, author D.E. Tarver explains the classic texts, *The Art of War* by Sun Tzu and *The Art of Warfare* by Sun Pin, in plain English. War is the perfect training ground for teaching Sun Tzu's ancient philosophies to attaining victory over an opponent. *The Art of War* outlines the steps for outwitting the enemy, be it an army of 10,000 or an unresponsive client. *The Art of War* teaches leaders strategies to attain victory by: Knowing when to stand up to an opponent, and when to back down. How to be confident without being overly confident. Considering the cost of the campaign before launching an attack. Avoiding an opponent's strengths and striking his weaknesses. The one who

is first to the field of battle has time to rest, while his opponent rushes into the conflict weary and confused. The first will be fresh and alert. The second will waste most of his energy trying to catch up. Be the first to the battlefield with The Art of War.

The Complete Art Of War Tzu Sun, Pin

Sun, 2007-03-16 Sun Tzu's Art of War is the most famous, and the most thought-provoking, work of strategy ever written. The profound insights of this book have endured for over two thousand years, and they continue to reward careful study. The Military Methods of Sun Pin, the great-grandson of Sun Tzu, is a brilliant elaboration on his ancestor's work, which has been lost for nearly two millennia. Presented here together for the first time are the greatest of the ancient Chinese classics of strategic thought: The Complete Art of War. The Sun family writings on strategy represent a unique contribution to our understanding of human affairs. By unveiling the complex, often unexpected, interrelationships of armies locked in battle, their wisdom reveals the enduring principles of success in the struggle of life itself. With a unique index to the essential principles of strategy, and Sawyer's thoughtful chapter-by-chapter commentaries, The Complete Art of War is designed to guide the reader to new insights into the nature of human conflict and a greater understanding of every field of human activity, from playing the game of politics to building a successful marriage, from closing a deal to managing a large organization, and even from making war to making peace.

Sun Tzu's the Art of War Sun-Tzu,2007 This award-winning version of world's most popular strategy book includes a free download of the MP3 audio book. Deciphering Sun Tzu Derek M. C. Yuen,2014 Published in the United Kingdom in 2014 by C. Hurst & Co.

The Art of War Sun Tzu,2019-09-24 The most prestigious and influential book on strategy and dealing with conflict, beautifully translated for clear, accessible reading. In the words of Sun Tzu, To win without fighting is best. This timeless Chinese classic captures the essence of military strategy used in ancient East Asia, with lessons on how to handle conflict confidently, efficiently, and successfully. The techniques and instructions discussed in The Art of War apply to competition and conflict on every level, from the interpersonal to the international. Its aim is invincibility, victory without battle, and unassailable strength through an understanding of the physics, politics, and psychology of conflict. Thomas Cleary's translation is a breakthrough

achievement that has been a gold standard among translations for three decades, offering the complete text in eminently readable prose with short commentaries by other ancient Chinese strategists and philosophers interwoven throughout.

The Ultimate Art of War Antony

Cummins, 2019-10-08 The most accessible edition of Art of War ever produced, with the text broken down into digestible individual lessons, unique teaching illustrations, and step-by-step commentary that draws on the full range of recent translations and ancient commentators Composed in the 5th century BC, Sun Tzu's Art of War is the earliest-known treatise on military strategy, and is still hugely popular around the world for its perceptive tactical advice to commanders on how to win at war with minimal bloodshed. Aimed at all those who want to study the text in depth, this is the first step-by-step guide to the famous treatise, breaking down the 13 chapters of the original into 200 easily digested lessons, from 'do not press a desperate enemy' to 'control your troops through bond of loyalty' to 'when you are weak, beware attack', all accompanied by comprehensive commentary and clarified with around 250 illustrations. Making the lessons even more memorable and easy to understand, the black/red illustrations include strategic diagrams, evocative line drawings and beautiful calligraphy. This ultimate guide to Art of War includes the classic 1910 translation by Lionel Giles and commentary that takes into account all academic interpretations of the text, highlighting

differences between modern translations as well as the perspectives of historical Chinese commentators. No other edition compares and contrasts the viewpoints of different contemporary translators, or explains exactly what each section of this often enigmatic text actually means.

The Art of War by Sun Tzu Sun Tzu, 2022-08-15
Although the chariots have gone and the weapons have changed, this ancient master holds his own, since he deals with fundamentals—with the influence of politics and human nature on military operations. He shows in a striking way how unchanging these principles are. From its origins in China, The Art of War traveled the world to inform the strategies of Napoleon and World War II generals. More recently, it has taken on a new life as a guide to competing successfully in business, law, politics, and sports. All of The Art of War's concepts retain their value to modern readers, from the prudence of circumventing a strong opponent and taking advantage of a weak one to the wisdom of preparedness and flexibility. Other topics include strategy, tactics, maneuvering, communications, the treatment of soldiers, and the worth of well-trained officers.

Relire l'art de la guerre de Sun Tzu Jean-François Phelizon, 2018-03
SUN TZU est un général chinois qui, voici deux mille cinq cents environ, développa ses conceptions sur la stratégie dans un petit ouvrage célèbre dont les préceptes s'appliquent non seulement au monde militaire mais aussi, aujourd'hui, à celui de l'entreprise. Les considérations sur lesquelles s'appuie l'Art de la Guerre constituent en effet le fondement de toute

action collective : 1) L'action stratégique procède d'une direction qui s'impose à tous les membres du groupe ; en ce sens, la stratégie n'est autre qu'une règle d'action collective. 2) L'action tactique doit au contraire subir une adaptation permanente aux faits, gestes et desseins de l'adversaire à mesure qu'il les découvre ; elle est donc essentiellement mouvante. 3) L'action agonique, conforme en cela à la division binaire des concepts, se subdivise en deux modalités : l'approche frontale et l'approche latérale, ces deux approches étant l'une à l'autre leur complément. Cette relecture approfondie du livre étonnamment actuel qu'est l'Art de la Guerre est constituée d'un long commentaire introductif et d'une traduction nouvelle, effectuée à partir du texte originel en chinois classique. Elle est destinée à éclairer tout responsable désireux de mener à bien une action stratégique avec les meilleures chances de succès.
