Colonel Robert E. Jones

Last-chance Children Monica B. Morris, 1988 Like the cracking of the genetic code and the creation of the atomic bomb, the discovery of how the brain's neurons work is one of the fundamental scientific developments of the twentieth century. The discovery of neurotransmitters revolutionized the way we think about the brain and what it means to be human yet few people know how they were discovered, the scientists involved, or the fierce controversy about whether they even existed. *The War of the Soups and the Sparks* tells the saga of the dispute between the pharmacologists, who had uncovered the first evidence that nerves communicate by releasing chemicals, and the neurophysiologists, experts on the nervous system, who dismissed the evidence and remained committed to electrical explanations. The protagonists of this story are Otto Loewi and Henry Dale, who received Nobel Prizes for their work, and Walter Cannon, who would have shared the prize with them if he had not been persuaded to adopt a controversial theory (how that happened is an important part of this history). Valenstein sets his story of scientific discovery against the backdrop of two world wars and examines the fascinating lives of several scientists whose work was affected by the social and political events of their time. He recounts such stories as Loewi's arrest by Nazi storm troopers and Dale's efforts at helping key scientists escape Germany. *The War of the Soups and the Sparks* reveals how science and scientists work. Valenstein describes the observations and experiments that led to the discovery of neurotransmitters and sheds light on what determines whether a novel concept will gain acceptance among the scientific community. His work also explains the immense importance of Loewi, Dale, and Cannon's achievements in our understanding of the human brain and

the way mental illnesses are conceptualized and treated.

But when Our Lady, Queen of the Universe, calls, Jonah must traverse time and eternity to confront the evil only he can defeat. Can a sixth-grade teacher whose only plan for the next week is to enjoy spring break fishing and being with the girl of his dreams give up his comfortable life to battle the gathering darkness? And, if he does, will he ever make it back to the woman he loves, his home and the old brick school where he had finally found happiness? Traveling in a ten-foot rowboat through rough seas and urban congestion, Jonah must rely on a ring, a rosary, a telescope, a fisherman and a guardian angel named Dave to bring him to his journey's end.

The Last Chance Matinee Mariah Stewart, 2017-03-21 From New York Times bestselling author Mariah Stewart comes the first novel in her all-new series, The Hudson Sisters, following a trio of reluctant sisters as they set out to fulfill their father's dying wish. In the process, they find not only themselves, but the father they only thought they knew. When celebrated and respected agent Fritz Hudson passes away, he leaves a trail of Hollywood glory in his wake—and two separate families who never knew the other existed. Allie and Des Hudson are products of Fritz's first marriage to Honora, a beautiful but troubled starlet whose life ended in a tragic overdose. Meanwhile, Fritz was falling in love on the Delaware Bay with New Age hippie Susa Pratt—they had a daughter together, Cara, and while

Fritz loved Susa with everything he had, he never quite managed to tell her or Cara about his West Coast family. Now Fritz is gone, and the three sisters are brought together under strange circumstances: there's a large inheritance to be had that could save Allie from her ever-deepening debt following a disastrous divorce, allow Des to open a rescue shelter for abused and wounded animals, and give Cara a fresh start after her husband left her for her best friend—but only if the sisters upend their lives and work together to restore an old, decrepit theater that was Fritz's obsession growing up in his small hometown in Pennsylvania's Pocono Mountains. Guided by Fritz's closest friend and longtime attorney, Pete Wheeler, the sisters come together—whether they like it or not—to turn their father's dream into a reality, and might just come away with far more than they bargained for.

Last Chance in Texas John Hubner, 2008-04-29 A powerful, bracing and deeply spiritual look at intensely, troubled youth, *Last Chance in Texas* gives a stirring account of the way one remarkable prison rehabilitates its inmates. While reporting on the juvenile court system, journalist John Hubner kept hearing about a facility in Texas that ran the most aggressive—and one of the most successful—treatment programs for violent young offenders in America. How was it possible, he wondered, that a state like Texas, famed for its hardcore attitude toward crime and punishment, could be leading the way in the rehabilitation of violent and troubled youth? Now Hubner shares the surprising answers he found over months of unprecedented access to the Giddings State School, home to “the worst of the worst”: four hundred teenage lawbreakers convicted of crimes ranging from aggravated assault to murder. Hubner follows two of these youths—a boy and a girl—through harrowing group therapy sessions in which

they, along with their fellow inmates, recount their crimes and the abuse they suffered as children. The key moment comes when the young offenders reenact these soul-shattering moments with other group members in cathartic outpourings of suffering and anger that lead, incredibly, to genuine remorse and the beginnings of true empathy . . . the first steps on the long road to redemption. Cutting through the political platitudes surrounding the controversial issue of juvenile justice, Hubner lays bare the complex ties between abuse and violence. By turns wrenching and uplifting, *Last Chance in Texas* tells a profoundly moving story about the children who grow up to inflict on others the violence that they themselves have suffered. It is a story of horror and heartbreak, yet ultimately full of hope.

Last Chance For Victory Scott Bowden,Bill Ward,2009-02-23
Gettysburg is the most written about battle in American military history. Generations after nearly 50,000 soldiers shed their blood there, serious and fundamental misunderstandings persist about Robert E. Lee's generalship during the campaign and battle. Most are the basis of popular myths about the epic fight. *Last Chance for Victory: Robert E. Lee and the Gettysburg Campaign* addresses these issues by studying Lee's choices before, during, and after the battle, the information he possessed at the time and each decision that was made, and why he acted as he did. Even options open to Lee that he did not act upon are carefully explored from the perspective of what Lee and his generals knew at the time. Some of the issues addressed include:Whether Lee's orders to Jeb Stuart were discretionary and allowed him to conduct his raid around the Federal army. The authors conclusively answer

this important question with the most original and unique analysis ever applied to this controversial issue; Why Richard Ewell did not attack Cemetery Hill as ordered by General Lee, and why every historian who has written that Lee's orders to Ewell were discretionary are dead wrong; Why Little Round Top was irrelevant to the July 2 fighting, a fact Lee clearly recognized; Why Cemetery Hill was the weakest point along the entire Federal line, and how close the Southerners came to capturing it; Why Lee decided to launch an echelon attack on July 2, and why most historians have never understood what it was or how close it came to success; Last Chance for Victory will be labeled heresy by some, blasphemy by others, all because its authors dare to call into question the dogmas of Gettysburg. But they do so carefully, using facts, logic, and reason to weave one of the most compelling and riveting military history books of our age. Readers will never look at Robert E. Lee and Gettysburg the same way again.

Last Chance Tourism Harvey Lemelin, Jackie Dawson, Emma J. Stewart, 2013-03 Concerns over vanishing destinations such as the Great Barrier Reef, Antarctica, and the ice cap on Mt. Kilimanjaro have prompted some travel operators and tour agencies to recommend these destinations to consumers before they disappear. This travel trend has been reported as: 'disappearing tourism,' 'doom tourism,' and most commonly 'last chance tourism' where tourists explicitly seek vanishing landscapes or seascapes, and/or disappearing natural and/or social heritage. However, despite this increasing form of travel there has been little examination in the academic literature of last chance tourism phenomenon. This is the first book to empirically examine and evaluate this contemporary tourism development providing a new angle on the effects of global change and pressures of visitation

on tourism destinations. It aims to develop the conceptual definition of last chance tourism, examine the ethics surrounding this type of travel, and provide case studies highlighting this form of tourism in different regions, and in different contexts. In particular it critically reviews the advantages of publicizing vulnerable destinations to raise awareness and promote conservation efforts. Conversely, the book draws attention to the issue of attracting more tourists seeking to undergo such experiences before they are gone forever, accelerating the negative impacts. It further examines current trends, discusses escalating challenges, provides management strategies, and highlights future research opportunities. Last Chance Tourism is a timely and multi-disciplinary volume featuring contributions from leading scholars in the fields of leisure, tourism, anthropology, geography, and sociology. It draws on a range of international case studies and will be of interest to students, researchers and academics interested in Tourism, Environmental Studies and Development Studies.

History of the 101st Airborne Division Colonel Robert E. Jones, 2010-05-17 The History of the 101st Airborne Division is the epic story of the Division from its activation in August 1942 through the completion of Operation Desert Storm in April 1991. The Division's progression through the sky took decades of hard work and tens of thousands of dedicated soldiers. In World War II, the 101st became the first American troops to set foot in occupied France, when, on 6 June 1944, its paratroopers dropped behind enemy lines, clearing the way for the 4th Infantry Division landing on Utah Beach. The Division would become famous for its work in Holland during Operation Market Garden, and for its successful defense of Bastogne, Belgium, during the Battle of the Bulge. In Vietnam, the "Screaming Eagles" engaged in battle from 1965 to 1972, when they began their

evolution to Air Mobile by deploying by helicopter. In the Gulf War, the Division fired the first shots of Operation Desert Storm by destroying Iraqi radar sites, and during ground war of the operation, they made the longest and largest air assault in history. In every engagement and during the training periods in between, the 101st Airborne Division has honored the words of its first commander, General William C. Lee, that it has a “rendezvous with destiny.” This book is a fitting record of that history, and of the men who are proud to be called “Screaming Eagles.”

Last Chance Christmas Hope Ramsay, 2012-09-25 Last Chance captures the essence of Southern charm and quirkiness. I'm totally captivated! --- Sherryl Woods, New York Times bestselling author Dear Reader, I've been wishing for a miracle for my oldest boy, Stone, and this Christmas my prayers might just be answered! Her name is Lark, and she's here in Last Chance, looking into her father's past-and stirring up a whole mess of trouble without meaning to. And it's clear Lark has been through some trouble and could use a place to finally call home. I only hope Stone can let go of the past soon enough to keep her . . . Goodness, I need to stop talking and finish up Jane's highlights so we can make the town tree-lighting. You come back by because the Cut 'n' Curl's got hot rollers, free coffee, fresh-baked Christmas cookies-and the best gossip in town. See you real soon, Ruby Rhodes

Last Chance Couple Therapy: Bringing Relationships Back from the Brink Peter Fraenkel, 2023-01-10 Strategies and skills for therapists working with couples about to dissolve. Therapy with couples on the

brink of relationship dissolution involves unique challenges. Partners present with high levels of conflict, low levels of intimate connection, disdain and discouragement, and limited patience or hope. These couples have often tried therapy without lasting success, and announce that “this is our last chance.” Partners want to see evidence in the first session that the therapist can offer something new and that change is possible. Peter Fraenkel presents a practical, creative, integrative approach that combines action- and insight-oriented techniques to help last-chance couples manage conflict, modulate intense negative emotions, address power struggles, develop mutual compassion, and restore emotional intimacy and pleasurable connection. Special attention is paid to developing a collaborative therapeutic alliance when partners have little motivation for therapy or faith that it can be effective. Through engaging in “nonbinding experiments in possibility,” partners can then better evaluate whether to “stay or go.”

Mind Control 101 - How to Influence the Thoughts and Actions of Others Without Them Knowing Or Caring J. K. Ellis, Dantalion

Jones, 2011-09-12 Why would someone write a book on Mind Control?

Because as much as we try to elevate ourselves above being human animals we are, in fact, animals. We are subject to the wants and desires of any being with a genome and vertebrae. To rise above that is an admirable and a task we should take on as a worthy spiritual endeavor. But to deny that we are, truly, animals is to lie to ourselves. We must deal with people who may not be so enlightened advanced as we are. They may desire what we have and be secretly filled with envy and contempt. The worst event is to have these suspicions fulfilled and then be pulled down into the politics of man. Do we deny that it's happening and hope others will be touched by our

honesty and good will enough to change? Or do we drop our highest spiritual ideals and play their game? I would like to suggest a radically different strategy. Take the game of manipulation and Mind Control and make it a part of your spirituality.

101 Damnations Ned Boulting, 2014-11-06 Join Ned Boulting as he reports on his dozen-th Tour de France, an event in which blokes do amazing things on bikes, and, we're oft told, the biggest annual sporting event in the world. 101 Damnations is a chance to relive the 2014 race, stage for stage, fall after fall, tantrum by tantrum; just the good bits mind, without all the aerial shots of castles. Or sunflowers. (Though it does wax lyrical about some stunning Alpine scenery . . . and, with the race starting in Yorkshire, even some stunning scenery not far from Bradford). From Leeds to Paris (how often do you say that?), Ned details the minutiae of his encounters with the likes of Vincenzo Nibali, David Millar, Chris Froome, Chris Boardman (or 'Broadman' as some would have it), Marcel Kittel, Mrs Cavendish (Mark's wife), Peter Sagan and the rest. Their endeavours, achievements, humour and occasional rancour, sit alongside his own decade-long quest for the ideal end-of-race T-shirt. Ned weaves together the interesting, amusing and unheralded threads of the race itself, and reflects on his own perennial struggle to get round, get on and get by. 101 Damnations encapsulates all that is incredible – and incredibly ordinary – about the greatest race on earth.
