Handbook of Research on Economic Growth and Technological Change in Latin America

Christiansen, Bryan,2014-06-30 Investment in Latin America is continuously developing in complex patterns due to the region's increasing role in the global economy. The Handbook of Research on Economic Growth and Technological Change in Latin America helps readers to better understand the importance of Latin America in today's global economy. The book discusses the developments of investments involving Latin American Multinational Corporations (Multilatinas) within the region. This investment is having profound influences on the state of business, government, and technological development in Latin America, which are all explored in this reference publication for use by researchers, scholar-practitioners, business executives, students, and academicians.

Latinos at Work Noni Allwood,Laura Sherbin,2016-09-14

Advancing U.S. Latino Entrepreneurship Marlene Orozco,Alfonso Morales,Michael J. Pisani,Jerry I. Porras,2020-04-15 Advancing U.S. Latino Entrepreneurship examines business formation and success among Latinos by identifying arrangements that enhance entrepreneurship and by understanding the sociopolitical contexts that shape entrepreneurial trajectories. While it is well known that Latinos make up one of the largest and fastest growing populations in the U.S., Latino-owned businesses are now outpacing this population growth and the startup business growth of all other demographic groups in the country. The institutional arrangements shaping business formation are no level playing field. Minority entrepreneurs face racism and sexism, but structural barriers are not the only obstacles that matter; there are agentic barriers and coethnics present challenges as well as support to each other. Yet minorities engage in business formation, and in doing so, change institutional arrangements by transforming the attitudes of society and the practices of policymakers. The economic future of the country is tied to the prospects of Latinos forming and growing business. The diversity of Latino experience constitutes an economic resource for those interested in forming businesses that appeal to native-born citizens and fellow immigrants alike, ranging from local to national to international markets. This book makes a substantial contribution to the literature on entrepreneurship and wealth creation by focusing on Latinos, a population vastly understudied on these topics, by describing processes and

outcomes for Latino entrepreneurs. Unfairly, the dominant story of Latinos—especially Mexican Americans—is that of dispossession and its consequences. *Advancing U.S. Latino Entrepreneurship* makes clear the undiminished ambitions of Latinos as well as the transformative relationships among people, their practices, and the political context in which they operate. The reality of Latino entrepreneurs demands new attention and focus.

The Leadership Shift Nilda Perez, Cristina Benitez, 2013-12-20 *The Leadership Shift: The Positioning of Latino Business Leaders* is an experience that sequentially builds bringing the reader on a journey from the early history of the Latino in the U.S. to an in-depth understanding of who the new Latino is. By understanding who the Latino is, what qualifies the Latino for business leadership, what trends the Latino can capitalize on, and how Latinos in the U.S. are better equipped than they recognize. The awareness that there is a rapid increase in the Latino population and that technology has catapulted globalization boosting the need for multilingual and multicultural individuals puts Latinos at the forefront for assuming leadership roles. The intention of this book is to set the framework for understanding what you, the Latino/a, bring to the leadership role and to enforce the urgency to develop skills for this shift. The idea is to help Latinos recognize their innate traits upon which they can build and to provoke Latino preparation for roles in business leadership. What you will learn: - The history of the Latino in America - hindsight, insight and foresight - The infrastructure of Emotional Intelligence of the Latino - The core beliefs, values and ethnics of the Latino - How the global drivers of change will realign the Latino positioning - How to apply strategic foresight planning to Latino business - The spiritual element of spirituality in Latino business

HBR's 10 Must Reads on Building a Great Culture (with bonus article "How to Build a Culture of Originality" by Adam Grant) Harvard Business Review, Adam Grant, Boris Groysberg, Jon R. Katzenbach, Erin Meyer, 2019-11-12 You can change your company's culture. Organizational culture often feels like something that has a life of its own. But leaders are the stewards of a company's culture and have the power to shape and even change it. If you read nothing else on building a better organizational culture, read these 10 articles. We've combed through hundreds of Harvard Business Review articles and selected the most important ones to help you identify where your culture can be improved, communicate change, and anticipate and address implementation challenges. This book will inspire you to: See what your company culture is currently like--and what it could be Explore your company's emotional culture Gather input on what needs to be fixed or initiated Improve collaboration Foster a culture of trust Articulate the new culture's mission, values, and expectations Deal with

resistance and roadblocks This collection of articles includes The Leader's Guide to Corporate Culture, by Boris Groysberg, Jeremiah Lee, Jesse Price, and J. Yo-Jud Cheng; Manage Your Emotional Culture, by Sigal Barsade and Olivia A. O'Neill; The Neuroscience of Trust, by Paul J. Zak; Creating a Purpose-Driven Organization, by Robert E. Quinn and Anjan V. Thakor; Creating the Best Workplace on Earth, by Rob Goffee and Gareth Jones; Cultural Change That Sticks, by Jon R. Katzenbach, Ilona Steffen, and Caroline Kronley; How to Build a Culture of Originality, by Adam Grant; When Culture Doesn't Translate, by Erin Meyer; Culture Is Not the Culprit, by Jay W. Lorsch and Emily Gandhi; Conquering a Culture of Indecision, by Ram Charan; and Radical Change, the Quiet Way, by Debra E. Meyerson.

Hispanic Review of Business ,1987

No Hard Feelings Liz Fosslien,Mollie West Duffy,2019-02-05 Wall Street Journal Bestseller! Next Big Idea Club selection□chosen by Malcolm Gladwell, Susan Cain, Dan Pink, and Adam Grant as one of the two most groundbreaking new nonfiction reads of the season! A must-read that topples the idea that emotions don't belong in the workplace. --Susan Cain, author of Quiet A hilarious guide to effectively expressing your emotions at the office, finding fulfillment, and defining work-life balance on your own terms. How do you stop the office grouch from ruining your day? How do you enjoy a vacation without obsessing about the unanswered emails in your inbox? If you're a boss, what should you do when your new, eager hire wants to follow you on Instagram? The modern workplace can be an emotional minefield, filled with confusing power structures and unwritten rules. We're expected to be authentic, but not too authentic. Professional, but not stiff. Friendly, but not an oversharer. Easier said than done! As both organizational consultants and regular people, we know what it's like to experience uncomfortable emotions at work - everything from mild jealousy and insecurity to panic and rage. Ignoring or suppressing what you feel hurts your health and productivity -- but so does letting your emotions run wild. Our goal in this book is to teach you how to figure out which emotions to toss, which to keep to yourself, and which to express in order to be both happier and more effective. We'll share some surprising new strategies, such as: * Be selectively vulnerable: Be honest about how you feel, but don't burden others with your deepest problems. * Remember that your feelings aren't facts: What we say isn't always what we mean. In times of conflict and miscommunication, try to talk about your emotions without getting emotional. * Be less passionate about your job: Taking a chill pill can actually make you healthier and more focused. Drawing on what we've learned from behavioral economics, psychology, and our own experiences at countless organizations, we'll show you how to

bring your best self (and your whole self) to work every day.

The Power of Latino Leadership Juana Bordas, 2013-05-06 Embracing diversity, valuing people, taking action Over 50 million Latinos live in the United States, and it's estimated that by 2050 one in three of the US population will be Hispanic. What does it take to lead such a varied and vibrant people who hail from twenty-two different countries and are a blend of different races? And what can leaders of all cultures and ethnicities learn from how Latinos lead? Juana Bordas takes us on a journey to the very heart and soul of Latino leadership. She offers ten principles that richly illustrate the inclusive, people-oriented, socially responsible, and life-affirming way Latinos have led their communities. Bordas includes the voices and experiences of other distinguished Latino leaders and vivid dichos (traditional sayings) that illustrate positive aspects of the Latino culture. This unprecedented book illustrates powerful and distinctive lessons that will inform leaders of every background. "America grows more diverse by the day. Leaders want to understand and motivate those they lead but may feel intimidated by the complex history and culture of Latinos in America. Juana Bordas has written a handbook for making sense of it all. *The Power of Latino Leadership* helps the reader decode the coming America and the changing workforce." —Ray Suarez, Senior Correspondent, PBS News Hour, and former host, Talk of the Nation, NPR "Bordas has mentored generations of young Hispanics throughout her distinguished career. [Here] she presents a compelling case for how the strengths Hispanics bring to the table...can infuse new life into leadership development for all of our country's current and future leaders." —Janet Murguía, President, National Council of La Raza "Juana Bordas provides timely insight into Latino contributions to our nation's future and why their influence will continue to increase." —Arturo Vargas, Executive Director, National Association of Latino Elected and Appointed Officials "To develop a deeper appreciation for the countless contributions the Latino community is making to America's multicultural leadership journey, read this book!" —Ken Blanchard, coauthor of *The One Minute Manager* and *Great Leaders Grow*

Hispanic Business Agenda United States Hispanic Chamber of Commerce, 1985

Latino/a Thought Francisco H. Vázquez, 2009-01-16 *Latino/a Thought* brings together the most important writings that shape Latino consciousness, culture, and activism today. This historical anthology is unique in its presentation of cross cultural writings—especially from Mexican, Puerto Rican, and Cuban writers and political documents—that shape the ideology and experience of U.S. Latinos. Students can read, first hand, the works of authors who most shaped their cultural heritage. They are guided by vivid introductions that set each article or document in its historical context and

describe its relevance today. The writings touch on many themes, but are guided by this book's concern for a quest for public citizenship among all Latino populations and a better understanding of racialized populations in the U.S. today.

Reconstructing Inclusion Amri B. Johnson, 2022-12-06 Organizational appetites for diversity, equity, and inclusion (DE&I) have never been more acute. But how can these new efforts, which often call on old strategies, now result in better outcomes? This book deconstructs and rebuilds the fundamental concepts of inclusion to reclaim their transformative potential for DE&I practitioners and the organizations they work with. Organizations of all types are making unprecedented investments in unconscious bias training, diversity recruitment, and anti-racism education. Words like belonging and equity are on the list of aspirational outcomes for these efforts, but the pathways to those goals are unclear because their implementation has been reactionary, supplemental, and in too many instances cosmetic rather than systemic. In *Reconstructing Inclusion*, Amri Johnson, CEO of Inclusion Wins, explores why that reactionary stance persists and provides a framework for designing a systematic approach that empowers all stakeholders in these efforts—everyone—to thrive. In deconstructing and rebuilding inclusion's most fundamental concepts, Johnson illustrates an "Inclusion System" that outlines the conditions critical to inclusion becoming normative—accessible, actionable, sustainable, and positively contributing to the organizational mission. *Reconstructing Inclusion* offers a guide to better understanding the historical context of inclusion, a rethinking of the efforts organizations are undertaking now, and an actionable, robust approach to carrying this work into the future.
