Jaap Hage, Antonia Waltermann, Bram Akkermans

Introduction to Law Jaap Hage, Antonia Waltermann, Bram Akkermans, 2017-08-07 This book is exceptional in the sense that it provides an introduction to law in general rather than the law of one specific jurisdiction, and it presents a unique way of looking at legal education. It is crucial for lawyers to be aware of the different ways in which societal problems can be solved and to be able to discuss the advantages and disadvantages of different legal solutions. In this respect, being a lawyer involves being able to reason like a lawyer, even more than having detailed knowledge of particular sets of rules. Introduction to Law reflects this view by focusing on the functions of rules and on ways of arguing the relative qualities of alternative legal solutions. Where 'positive' law is discussed, the emphasis is on the legal questions that must be addressed by a field of law and on the different solutions which have been adopted by, for instance, the common law and civil law tradition. The law of specific jurisdictions is discussed to illustrate possible answers to questions such as when the existence of a valid contract is assumed.

Amnesty for Crime in International Law and Practice Andreas O'Shea, 2002-02-01 This book contains a comprehensive and well-researched study of the relationship between municipal amnesty laws and developing principles of international criminal law. It pursues a path towards defining criteria for reconciling these two delicate fields of transitional justice. It concludes with a concrete proposal for the international community of states.

The Prevention of Gross Human Rights Violations Under International Human Rights Law Nienke van der Have, 2017-12-29 This book contains a systematic assessment of the content and scope of obligations to prevent gross human rights violations. There has been a great deal of attention for concepts aiming to prevent gross human rights violations, such as conflict prevention and the responsibility to protect. Yet despite this shift in attention towards prevention, it has remained unclear what legal obligations states have to prevent gross human rights violations under international human rights law. The focus in this book is on three specific types of injury prohibited under international human rights law: torture, arbitrary death and genocide. Further distinctions are made between four temporal phases (long-term prevention, short-term prevention, preventing continuation, preventing recurrence) and territorial and extraterritorial obligations. The structure of the book allows academics and practitioners to learn about obligations to prevent gross human rights violations in a general sense, as well as find targeted information on the content and scope of obligations in specific settings. Nienke van der Have recently completed her Ph.D. at the Amsterdam Center for International Law, which forms part of the University of Amsterdam's Faculty of Law, and currently works as Senior legal specialist at the department of Constitutional Affairs and Legislation of the Ministry of the Interior and Kingdom Relations of The Netherlands.

Law and Christianity in Latin America M.C. Mirow, Rafael Domingo, 2021-03-08 This volume examines the lives of more than thirty-five key personalities in Latin American law with a focus on how their Christian faith was a factor in molding the evolution of law in their countries and the region. The book is a significant contribution to our ability to understand the work and perspectives of jurists and their effect on legal development in Latin America. The individuals selected for study exhibit

wide-ranging areas of expertise from private law and codification, through national public law and constitutional law, to international developments that left their mark on the region and the world. The chapters discuss the jurists within their historical, intellectual, and political context. The editors selected jurists after extensive consultation with legal historians in various countries of the region looking at the jurist's particular merits, contributions to law in general, religious perspective, and importance within the specific country and period under consideration. Giving the work a diversity of international and methodological perspectives, the chapters have been written by distinguished legal scholars and historians from Latin America and around the world. The collection will appeal to scholars, lawyers, and students interested in the interplay between law and religion. Political, social, legal, and religious historians among other readers will find, for the first time in English, authoritative treatments of the region's essential legal thinkers and authors. Students and other who may not read Spanish will appreciate these clear, accessible, and engaging English studies of the region's great jurists.

The Global Community Yearbook of International Law and Jurisprudence 2020 Giuliana Ziccardi Capaldo, 2022-01-07 The 2020 edition marks the 20th Anniversary of The Global Community Yearbook of International Law and Jurisprudence. The Yearbook has established itself as an authoritative source of reference on global legal issues and international jurisprudence. It includes analysis of the most significant global trends in a way that allows readers to monitor the development of the global legal order from several perspectives. The Yearbook publishes annually in a volume of carefully chosen

primary source material and corresponding expert commentary. The General Editor, Professor Giuliana Ziccardi Capaldo, employs her vast expertise in international law to select excerpts from important court opinions and to choose experts from around the world to contribute essay-guides, which illuminate those cases. Although the main focus is recent case law from the major international tribunals and regional courts, the first four parts of each year's edition features expert articles by renowned scholars who address broader themes in current and future developments in international law and global policy, themes that appear throughout the case law of the many courts covered by the series as a whole. The Global Community Yearbook has thus become not just an indispensable window to recent jurisprudence: the series now also serves to prepare researchers for the issues facing emerging global law. This anniversary edition updates readers on the important work of long-standing international tribunals and introduces readers to more novel topics in international law. The journal's founding editor, Professor Emeritus Giuliana Ziccardi Capaldo, in her Editorial gives a presentation of the Yearbook's intellectual trajectory, as developed from its original roots, showing intriguing prospects for a publication that aims at the very forefront of events in law, politics, ethics, and jurisprudence in a global community. The Yearbook continues to provide expert coverage of the Court of Justice of the European Union and diverse tribunals from the International Court of Justice (ICJ), human rights courts (ECtHR, IACtHR, ACtHPR), criminal tribunals such as the International Criminal Court (ICC) and the International Residual Mechanism for Criminal Tribunals (MICT), to economically based tribunals such as ICSID and the WTO dispute settlement system. This edition contains original research articles on the development and analysis of the concept of global law and the views of the leading global law theorists on the subject of globalization. This 20th anniversary edition also includes a special section which provides an interdisciplinary overview of China's Belt and

Road Initiative; and an examination of the global public health order in a post-COVID-19 world. The Yearbook provides students, scholars, and practitioners alike a valuable combination of expert discussion and direct quotes from the court opinions to which that discussion relates, as well as an annual overview of the process of cross-fertilization between international courts and tribunals.

The Conjugal Dictatorship of Ferdinand and Imelda Marcos Primitivo Mijares,2016-01-17 Author's

Foreword This book is unfinished. The Filipino people shall finish it for me. I wrote this volume very, very slowly. I could have done with it in three months after my defection from the conjugal dictatorship of Ferdinand and Imelda Marcos on February 20, 1975. Instead, I found myself availing of every excuse to slow it down. A close associate, Marcelino P. Sarmiento, even warned me, Baka mapanis 'yan. (Your book could become stale.) While I availed of almost any excuse not to finish the manuscript of this volume, I felt the tangible voices of a muted people back home in the Philippines beckoning to me from across the vast Pacific Ocean. In whichever way I turned, I was confronted by the distraught images of the Filipino multitudes crying out to me to finish this work, lest the frailty of human memory -- or any incident a la Nalundasan - consign to oblivion the matters I had in mind to form the vital parts of this book. It was as if the Filipino multitudes and history itself were surging in an endless wave presenting a compelling demand on me to San Francisco, California perpetuate the personal knowledge I have gained on the infamous machinations of Ferdinand E. Marcos and his overly ambitious wife, Imelda, that led to a day of infamy in my country, that Black Friday on September 22, 1972, when martial law was declared as a means to establish history's first conjugal dictatorship. The sense of urgency in finishing this work was also goaded by the thought that Marcos

does not have eternal life and that the Filipino people are of unimaginable forgiving posture. I thought that, if I did not perpetuate this work for posterity, Marcos might unduly benefit from a Laurelian statement that, when a man dies, the virtues of his past are magnified and his faults are reduced to molehills. This is a book for which so much has been offered and done by Marcos and his minions so that it would never see the light of print. Now that it is off the press. I entertain greater fear that so much more will be done to prevent its circulation, not only in the Philippines but also in the United States. But this work now belongs to history. Let it speak for itself in the context of developments within the coming months or years. Although it finds great relevance in the present life of the present life of the Filipinos and of Americans interested in the study of subversion of democratic governments by apparently legal means, this work seeks to find its proper niche in history which must inevitably render its judgment on the seizure of government power from the people by a lame duck Philippine President. If I had finished this work immediately after my defection from the totalitarian regime of Ferdinand and Imelda, or after the vicious campaign of the dictatorship to vilify me in July-August. 1975, then I could have done so only in anger. Anger did influence my production of certain portions of the manuscript. However, as I put the finishing touches to my work, I found myself expurgating it of the personal venom, the virulence and intemperate language of my original draft. Some of the materials that went into this work had been of public knowledge in the Philippines. If I had used them, it was with the intention of utilizing them as links to heretofore unrevealed facets of the various ruses that Marcos employed to establish his dictatorship. Now, I have kept faith with the Filipino people. I have kept my rendezvous with history. I have, with this work, discharged my obligation to myself, my profession of journalism, my family and my country. I had one other compelling reason for coming out with this work at the great risks of being uprooted from my beloved country, of forced separation from

my wife and children and losing their affection, and of losing everything I have in my name in the Philippines - or losing life itself. It is that I wanted to make a public expiation for the little influence that I had . . . (more inside)

O raciocínio jurídico de Neil MacCormick Juan Biazevic,2023-05-08 O livro compara as duas principais obras de Neil MacCormick sobre o tema da interpretação do direito. O raciocínio jurídico, utilizando a expressão consagrada na tradição de língua inglesa, é questão central para a compreensão do funcionamento do direito. Não só porque a aplicação do direito pressupõe a interpretação das normas e dos fatos relevantes, mas também porque a determinação do conteúdo do direito depende da formulação de raciocínios. Por exemplo, determinar se é possível criar uma exceção a uma regra clara para acomodar uma situação de injustiça é algo que exige interpretação e a apresentação de argumentos de sustentação. A atividade de interpretar o conteúdo do direito é complexa e não está livre de constrangimentos normativos. Compreender como essa atividade opera foi o objetivo do autor escocês Neil MacCormick nas obras aqui analisadas. O que torna interessante a comparação é exatamente a alteração das teorias de direito pressupostas em cada obra. A primeira, *Legal Reasoning and Legal Theory*, pretendia explicar o tema dentro dos limites do positivismo

jurídico e até hoje é considerada uma das mais importantes obras da interpretação positivista. A segunda, *Rhetoric and the Rule of Law*, deve ser considerada uma revisão da primeira, agora organizada a partir de uma visão pós-positivista da maneira pela qual os valores morais concorrem para o funcionamento da prática jurídica.
