Professional Ethics of Public Accounting (Classic Reprint) John L. Carey, 2018-05-03 Excerpt from Professional Ethics of Public Accounting These rules, then, are not meaningless mouthings of ideal ists remote from reality; they are not arbitrary dogma im posed by a professional hierarchy upon a helpless rank and file; they are not inspired by a sadistic pleasure in the irritation of those who have to observe them. The rules of professional conduct of the accounting profession are in part a pledge to the public that in consideration of public confidence the pro fession will protect the public interest; and in part a code of behavior designed to protect the profession itself against the selfish impulses of individual members.
