### **The McSweeney's Book of Politics and Musicals**

McSweeney's,2012-06-26 Ever since John Hancock broke into song after signing the Declaration of Independence, American politics and musicals have been inextricably linked. From Alexander Hamilton's jazz hands, to Chester A. Arthur's oboe operas, to Newt Gingrich's off-Broadway sexscapade, You, Me, and My Moon Colony Mistress Makes Three, government and musical theater have joined forces to document our nation's long history of freedom, partisanship, and dancers on roller skates pretending to be choo choo trains. To celebrate this grand union of entrenched bureaucracy and song, the patriots at McSweeney's Internet Tendency ("The Iowa Caucus of humor websites") offer this riotous collection (peacefully assembled!) of monologues, charts, scripts, lists, diatribes, AND musicals written by the noted fake-musical lyricist, Ben Greenman. On the agenda are . . .

Lazer//Lizards Christopher Robertson,2023-01-27 1999 - The Future. In a world where the past and the future collide, a crack team of cyber commandos heads into the flooded, dinosaur-infested ruins of Old Los Angeles. Their mission: find the key to putting humanity back on top of the food chain. From the author of The Cotton Candy Massacre comes a high-octane, action-packed novella for fans of Saturday morning cartoons, 80s apocalyptic sci-

fi, and retro video games.

Hawk Van Allen Plexico,2017-10-07 LAST DEFENDERS OF OUR SHATTERED GALAXY! The galactic agent known as Hawk has awakened into a galaxy shattered by war. His master, the artificial intelligence known as the Machine, has fallen silent, possibly destroyed, and most of his fellow agents have been killed. Now, as the great Adversary of ancient times returns, sending hordes of aliens against the remnants of humanity, Hawk learns he is our last and only hope. Armed with futuristic weapons he doesn't understand and a sentient starship he dares not trust, he must confront his few remaining allies, turned renegades and pirates instead of soldiers. His mission is simple, yet perhaps impossible: He must unite them -- or all life in our galaxy will end! *WILD IS THE HAWK'S DREAM* Ruth Wildes

Schuler,2012-02-13 Wild Is The Hawk's Dream is a novella about a group of Moslem Arabs in an American University in the 1950s and the effect that an American girl has on their lives. It is a clash of culture that foreshadows the coming world events in the Middle East today. Also included in this book is a collection of short stories previously printed around the world that deal with prejudice, hate, injustice and war, and the courage that the protagonists deal with the difficulties they encounter in their lives.

Nothing Has Been Done Before Robert Loss,2017-12-02 Is there such a thing today as music that's meaningfully new? In our contemporary era of remixing and retro styles, cynics and romantics alike cry It's all been done before while record labels and media outlets proclaim that everything is new. Coded into our daily conversations about popular music, newness as an artistic and cultural value is too often taken for granted. Nothing Has Been Done Before instigates a fresh debate about newness in American pop, rock 'n' roll, rap, folk, and R&B made since the turn of the millennium. Utilizing an interdisciplinary approach that combines music criticism, philosophy, and the literary essay, Robert Loss follows the stories of a diverse cast of musicians who seek the new

by wrestling with the past, navigating the market, and speaking politically. The transgressions of Bob Dylan's Love and Theft. The pop spectacle of Katy Perry's 2015 Super Bowl halftime show. Protest songs against the war in Iraq. Nothing Has Been Done Before argues that performance heard in a historical context always creates a possibility for newness, whether it's Kendrick Lamar's multi-layered To Pimp a Butterfly, the Afrofuturist visions of Janelle Monáe, or even a Guided By Voices tribute concert in a local dive bar. Provocative and engaging, Nothing Has Been Done Before challenges nothing less than how we hear and think about popular music-its power and its potential.
