Aspecten van Europees formeel strafrecht ,2002

European Directory of Bioethics Gérard Huber,1994 For the first time, based on an extensive survey conducted across the whole of Europe by the Association Descartes, the details of over 1,000 persons and organisations are now available. The Directory is broken down into 14 sections : the first section is devoted to European institutions; the next twelve cover each EEC country and list the names of persons and organisations involved in bioethics; a complementary listing covers indispensable persons or organisations; A reference work both for researchers and anybody concerned with bioethics.

Wet & Duiding Fiscale procedure en fiscaal strafrecht Bart Spriet,Hans Symoens,2013-06-17 Handige en overzichtelijke bundeling van relevante wetgeving inzake de fiscale procedure (directe en indirecte belastingen) en de bepalingen van fiscaal strafrecht: Het laatste decennium zijn er meer en meer raakvlakken ontstaan tussen de fiscale en de strafrechtelijke rechtspraak. Mede door een toenemende maatschappelijke intolerantie tegenover fiscale fraude, verzeilt een fiscaal geschil sneller dan voorheen in de strafrechtelijke sfeer en worden fiscale inbreuken ook strafrechtelijk vervolgd. Vandaar een codex met twee delen: fiscale procedure en fiscaal strafrecht. De wetgevende teksten (meer dan 50!) zijn bijgewerkt tot 1 april 2013. Grondig becommentarieerd op basis van rechtspraak en rechtsleer, onmisbaar voor toepassing in de praktijk: Deze codex heeft als doel aan de gebruiker de wetteksten ter beschikking te stellen die nodig zijn om een fiscaal administratieve of fiscaal strafrechtelijke procedure te voeren. Daarbij wordt bij de bepalingen - voor zover nodig - duiding gegeven. De wetgeving wordt toegelicht door middel van uitvoerige, doorgaans artikelsgewijze commentaren, die de wetgeving verduidelijken aan de hand van rechtspraak en rechtsleer. Deze annotaties, die vaak bestaan uit overzichtcommentaren, vormen bij de oplossing van complexe vraagstukken de uitvalsbasis voor verder onderzoek.

Crime, Shame and Reintegration John Braithwaite,1999 Crime, Shame and Reintegration is a contribution to general criminological theory. Its approach is as relevant to professional burglary as to episodic delinquency or white collar crime. Braithwaite argues that some societies have higher crime rates than others because of their different processes of shaming wrongdoing. Shaming can be counterproductive, making crime problems worse. But when shaming is done within a cultural context of respect for the offender, it can be an extraordinarily powerful, efficient and just form of social control. Braithwaite identifies the social conditions for such successful shaming. If his theory is right, radically different criminal justice policies are needed - a shift away from punitive social control toward greater emphasis on moralizing social control. This book will be of interest not only to criminologists and sociologists, but to those in law, public administration and politics who are concerned with social policy and social issues.

Indirect Perpetrators Andrew Szanajda,2010-02-08 This work is an examination of the very first systematic attempt to bring before the courts and prosecute those who had directly or indirectly contributed to a crime against humanity by informing upon others during the National Socialist era in Germany. Szanajda looks at the theoretical and practical problems associated with this process and examines of how this process actually worked in practice in the immediate postwar era in the Western Occupation Zones and the Federal Republic of Germany.
