*Cowboy in the Jungle* Bill Trotter,2022-12-06 Trying to decide what you're going to do for the rest of your life is not an easy decision to make. But this is the quandry that Hank Stuart finds himself in. Motivated by 'do-gooder' tendencies, Hank who comes with an agricultural and ranching background, is concerned whether or not the world will be able feed itself over the next 30 - 40 years. With this motivation and these concerns Hank decides to leave his beloved family ranch in the Sandhills of Nebraska to search for answers and his individual purpose in life. Initially his departure leads him to Arizona State University with a goal in obtaining a Master's Degree in International Agriculture. Following graduation he departs for Central and South America visiting farms and ranches as well as meeting people from all sorts of various backgrounds. Two years later while living on a ranch in Paraguay, Hank is confronted by a decision where he must decide his purpose as it relates to the future of his family and ranch in Nebraska and to the agricultural dilemma confronting the world and the process of feeding the people of the world.

**Palmera** Julian W Schuetz,2013-05-10 It was their coming out, a journey begun long ago, under a Forever Oak, where Tomasz and Shar Luz had played as children. After years of study and service the expectation of travel, romance, and adventure were now just days away. Both had made their plans independently, not knowing if the

magic of their youth could be recaptured. Fate, however, had much more in store for them. Both would unknowingly trade all for the spontaneity of life. The people and events they would encounter along the way would put into action measures that would save their world from continued conflict and restore a lasting peace. They would circumnavigate an entire planet discovering the magic of people and places that were long ago pre-determined, entwined with others who shared something none could have imagined. They would rise to the pinnacle of their society, and their offspring would safeguard more than just their world. Under that Forever Oak, they and Jason would follow the path leading to Clair, whose destiny they would share. Our world as well, following the same path, can find the harmony we are in such great need of. This is a story of friendships and courage, where evil is as rare as a wandering comet, kept at bay by looking on each other, and all that inhabits their world, as absolute equals.
