Ukrainian Vocabulary Book Pinhok Languages, 2022-05-01 Ukrainian vocabulary book + Ukrainian dictionary This Ukrainian vocabulary book contains more than 3000 words and phrases which are grouped by topic to make it easier for you to pick what to learn first. On top of that, the index in the second half of the book provides you with a basic Ukrainian-English as well as English-Ukrainian dictionary which makes this a great resource for learners of all levels. What you can expect from this book: This Ukrainian learning resource is a combination of Ukrainian vocabulary book and a two-way basic Ukrainian dictionary: Part 1 - Topic based Ukrainian vocabulary book: This is the main part of the book and represents a list of chapters each containing Ukrainian vocabularies for a certain topic. The Ukrainian vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. Part 2 - Basic English-Ukrainian dictionary: The index in the second half of the book can be used as a basic Ukrainian dictionary to look up words you have learned but can't remember or learn new words you need. Part 3 - Basic Ukrainian-English dictionary: Easy to use and with just the right amount of words, this third part finishes off with a second index that allows you to look for Ukrainian words and directly find the English translation How to use this Ukrainian vocabulary book: Not sure where to start? We suggest you first work your

way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The Ukrainian dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the Ukrainian translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic Ukrainian dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Ukrainian and comes in particularly handy at times when there is no internet to look up words and phrases.

Learn Ukrainian - Quick / Easy / Efficient Pinhok Languages,2022-05-01 A curated Ukrainian word frequency list Are you looking for unconventional ways to speed up the process of learning Ukrainian? Then this book is exactly what you are looking for. Following the Pareto principle (80/20 rule), this book is built to streamline the learning process by concentrating on the core words and sentence structures that make up everyday conversations. The result is a unique vocabulary book with 2000 of the most important Ukrainian words and phrases ordered by their frequency of use. Who this Ukrainian learning book is for: This book is for beginners and intermediate learners of Ukrainian who are self-motivated and willing to spend 15 to 20 minutes a day on learning vocabularies. The simple structure of this vocabulary book is the result of taking all unnecessary things out allowing the learning effort to solely be spent on the parts that help you make the biggest progress in the shortest amount of time. If you are willing to put in 20 minutes of learning every day, this book is very likely the single best investment you can make if you are at a beginner or intermediate level. You will be amazed at the speed of progress within a matter of just weeks of daily practice. Who this Ukrainian frequency list is not for: This book is not for you if you are an advanced learner of Ukrainian. In this case, please go to our website or search for our Ukrainian vocabulary

book which comes with more vocabularies and is grouped by topic which is ideal for advanced learners who want to improve their language capabilities in certain fields. Furthermore, if you are looking for an all in one Ukrainian learning book that guides you through the various steps of learning Ukrainian, this book is most likely also not what you are looking for. This book contains vocabularies only and we expect buyers to learn things like grammar and pronunciation either from other sources or through language courses. The strength of this book is its focus on quick acquisition of core vocabularies which comes at the expense of information many people might expect in a conventional language learning book. Please be aware of this when making the purchase. How to use this Ukrainian workbook: This book is ideally used on a daily basis, reviewing a set number of pages in each session. The book is split into sections of 50 vocabularies which allows you to step by step progress through the book. Let's for example say you are currently reviewing vocabularies 101 to 200. Once you know vocabularies 101 to 150 very well, you can start learning vocabularies 201 to 250 and on the next day skip 101-150 and continue reviewing vocabularies 151 to 250. This way, step by step, you will work your way through the book and your language skills will jump with each page you master. Some final thoughts: Like many language hacking methods, this book is quite unconventional in its approach, but for a driven person that uses it correctly it can significantly speed up the learning process. Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work quite well – and that is what counts in the end.

First Ukrainian Reader for Beginners Olena Dniprova, 2019-06-28 There are simple and funny Ukrainian texts for easy reading. The book consists of Beginner and Elementary courses with parallel Ukrainian-English texts. The author maintains learners' motivation by funny stories about real life situations such as meeting people, studying, job searches, working etc. Method ALARM (Approved Learning Automatic Remembering Method) utilize natural human ability to remember words used in texts repeatedly and systematically. The author managed to compose each sentence using only words explained in previous chapters. The second and the following chapters of the Beginner course have only about 30 new words each. The book is equipped with the audio tracks. The address of the home page of the book on the Internet, where audio files are available for listening and downloading, is listed at the beginning of the book on the copyright page.

Beginning Learner's Ukrainian Dictionary Lisa Shilova, Matthew Aldrich, 2022-06-07 The Beginning Learner's Ukrainian Dictionary is, as its name implies, designed for beginning learners of the Ukrainian language. Bonus: Access to audio tracks to download and stream from the publisher's website. The dictionary is meant to be more than a reference in which to look up unknown words. It is a study tool to expand your lexicon and build a solid base in both vocabulary and grammar. You are encouraged to read through entry after entry, study the structure of the example sentences, notice the inflections of nouns, adjectives, and verbs, and practice your listening skills and

pronunciation while listening to the accompanying audio tracks. Three Indexes: English-Ukrainian Quick Lookup; Common Ukrainian Names; Grammar Terms The dictionary has been adapted from our book The Beginning Learner's Russian Dictionary, which is based on the official Lexical Minimum for the standardized test that includes 780 items that learners are expected to know at the A1 level. To these, the names of countries, common Ukrainian personal names, and grammatical terms have been added, bringing the total number of headwords in the dictionary to over 1,000. This dictionary offers many advantages for beginning learners over other Ukrainian-English dictionaries. It offers a reader-friendly, uncluttered layout. Only senses appropriate to the A1 level appear in the entries. Grammatical information is presented clearly in tables along with invaluable usage notes. Example sentences contain only A1-level vocabulary found in the dictionary. (Beginning learners may find other dictionaries overwhelming, as entries contain multiple senses, many of which are uncommon and make it difficult to determine which sense is intended. Such dictionaries present limited grammatical information, often in abbreviated form, under the assumption that the reader is proficient in Ukrainian grammar. Likewise, example sentences may contain too many higher-level vocabulary words to be of use to beginning learners.)
