Learn Spanish with Captivating Stories Paul Nava,2021-04-16 55% discount THE FIRST BOOK THAT TEACHES THE BASIC SPANISH WORDS TO THE LITTLE ONES WITHOUT LOOKING LIKE A SCHOOL BOOK. This book teaches children the same things as a grammar book, but through fun stories to listen to. This is because, for a child, there's no better way to learn a language than by listening to stories. Think about it: Stories are engaging, compelling, keep the children's attention high, and are able to teach important things without the children even noticing it. Conversely, grammar books (those filled with infinite lists of words, verbs, idioms, and so on) tend to make children RUN AWAY. They're so bored... Imagine that stories are the pole of the magnet that attracts children, while grammar books are the opposite one that pushes them away. So, what will children learn by listening to these short, fun, and relaxing stories? Let me break this down for you: □Letters of the Alphabet □Numbers □The Days of the Week □Months of the Year □Objects in the House □Clothing □Food □Emotions □Animals Children won't even notice they're learning all of that! The little ones can listen to the stories during the day while playing, or before going to sleep as bedtime stories (we know that listening to something before falling asleep causes it to be imprinted in our memory). So, whenever children will listen to these stories... ...Let them become bilingual effortlessly - because once they grow up it becomes much more difficult.
