Fine Art Wedding Photography Jose Villa, Jeff Kent, 2011-03-29 Many semi-pro and professional wedding photographers are looking to wake up their style, stay current, and stimulate business. And today, that means lifestyle photography, also referred to as fine art wedding photography. Fine art wedding photography isn't just a catchy phrase; it's a modern approach in which design is paramount. Fine art wedding images are more graphic and stylized than traditional wedding photojournalism, as if they were pulled from the pages of a glossy wedding or lifestyle magazine. Acclaimed wedding photographer Jose Villa was a pioneer in fine art wedding photography before it became a trendy buzzword. Here, he shares his secrets for bringing a stylized sense of composition, lighting, posing, and most important, design, to your images, while still keeping them organic and narrative. You'll learn Jose's trademark technique of capturing the more natural moment after a pose, and tips for getting images right in-camera to avoid the need for heavy postproduction. Final chapters show you how to integrate design through the

delivered product, whether an album or slideshow, and continue nurturing clients after the wedding by expanding to baby and family portraiture. Packed with real-life examples, solid techniques, and stunning images from one of the wedding industry's brightest stars, this book will both educate and inspire photographers seeking to update their work and satisfy a new generation of brides.

Zero to Booked Nigel Merrick, 2017-08-28 Are you a portrait or wedding photographer? If so, you know that getting your name out there and finding good clients is a lot more difficult than you first thought. The Internet seems perfect for marketing your photography, but most portrait and wedding photographers struggle like crazy to find enough clients, and certainly not enough to make a dependable living from their camera. Almost every photographer I talk to says the same things: * There are too many cheap photographers in my area who get all the work... * I need to figure out how to reach more people... * Writing my blog or any marketing is a real struggle for me... * People don't value what I do, and I don't know how to change that... * Everything I've tried so far hasn't worked... Worse still? You know you're great at what you do, and you turn out amazing photographs for your clients every time without fail. The clients you do have love what you did for them, so why is it so hard to find more like them? You have a good website with strong galleries, and slideshows with your best images to show people what you can do. You made it easy for people to get in touch with you, but very few do. As far as you know, you've done everything right. The few people you talk with tell you they love your work, but they end up hiring someone cheaper. If any of this sounds familiar, *Zero To Booked* is for you. I show you exactly why business is so tough right now for most portrait and wedding photographers, and what you must do instead to market yourself and your amazing work to grow your business. This book was written for photographers of all levels who want to build a family of happy clients who love what they do. It's for people like you who want to grow and build a loyal clientele instead of wasting time wondering where the next client will come from. As a photography marketing coach, I've helped hundreds of professional photographers over the last 10 years. The tips and strategies in this book are distilled from thousands of hours of hands-on experience, brought together in one convenient place for the first time. If you're tired of the same old normal marketing and sales strategies failing day after day, you'll be thrilled to discover an entirely new, but simple, way to reach more of your ideal clients and turn them into leads and customers. As you go through the simple steps I share in this book, you'll discover: * Why most photographers' marketing misses the target... * How to communicate your photographer story... * Choosing your business model... * Crafting the client experience... * How to identify your ideal clients... * Turning what you know about your clients into effective marketing... * Writing made simple for professional photographers... * The complete Zero To Booked lead generation system... * How to deal with email enquiries... * The art of talking to prospects on the telephone... * How to use in-person consultations to get paying clients... * And a whole lot more... If you follow what you learn in this book, you'll focus less on struggling to get your name out there, and more on creating your amazing photographs for your clients to enjoy for a lifetime.

Wedding Storyteller, Volume 1 Roberto Valenzuela, 2017-09-15 In *Wedding Storyteller, Volume 1: Elevating the Approach to Photographing Wedding Stories*, photographer and educator Roberto Valenzuela delivers what so many of his readers have been asking for: a book specifically dedicated to helping photographers improve their wedding photography. A wedding photographer himself, Roberto built his business from the ground up based on high-quality imagery that tells a compelling and beautiful story of his clients' most important day.

This is not a standard wedding photography book. In *Wedding Storyteller*, you will not find a collection of "looks," which neither inspire nor teach you anything. You will also not find a wedding shot list—at least not in the traditional sense. Instead, this first volume of the three-part *Wedding Storyteller* series goes beyond the superficial and dives deeply into the truly important topics, themes, and subject matter you need to learn about in order to drastically elevate your wedding photography. Most importantly, Roberto stresses the crucial role that storytelling plays in creating compelling, meaningful, and unique photographs for your clients.

In this book, Roberto has created a unique approach that anyone can learn to implement. Roberto's "wedding storyteller skill components" system is divided into four sections:

- **Foundation Components: Location Techniques.** Learn how to conquer the locations you encounter as a wedding photographer. Roberto teaches you how to work with light, context, clutter, walls, depth, and other compositional elements such as frames and reflections.
- **Foundation Components: People Techniques.** Weddings are often high-energy, high-stress environments; your attitude and behavior have a huge impact on your ability to succeed as a photographer. Roberto discusses the crucial people skills you need to know and also teaches his unique approach to "situational posing" and group posing.
- **Storyteller Approach Components.** Roberto discusses the five approaches he uses to build a "wedding story" for his clients. These five approaches are: photojournalism, interactive photojournalism, stylized aware posing, stylized unaware posing, and story development.
- **Expert Components.** The final section builds and expands on everything covered in the previous components, as Roberto addresses such topics as Emotionally Valuable People (EVP), lens choices, helper light, posing patterns (and when to break them), capturing "peak action," achieving a unique perspective, and creating multi-layered stories within a single photograph.

At a wedding, each photograph has the opportunity to convey a special moment and contribute to the rich, visual story of your clients' most important day. As the photographer, you are both the director and the documentarian of that story. With *Wedding Storyteller, Volume 1*, by your side, you finally have a book that teaches you the skills you need to learn in order to create amazing images and craft masterful stories filled with beauty, emotion, and meaning.

Wedding Photography from the Heart Joe Buissink, Skip Cohen, 2011-04-19 A behind-the-scenes look at master wedding photographer Joe Buissink's acclaimed style There's no such thing as a perfect image—only a perfect moment, says Joe Buissink, one of American Photo's Top 10 Wedding Photographers in the World. In *Wedding Photography from the Heart*, the premier photographer gives us an inside look at how he captures the feeling of a couple's wedding, seeing the moments from their perspectives and hearts. Here, for the first time, are more than 150 of his stunning images—including many from celebrity weddings—accompanied by creative techniques, inspiration, and unparalleled advice. Joe brings us into his creative process, emphasizing learning to see—training yourself to anticipate the moments that matter—and, most important, developing a relationship of complete trust with your clients. His goal is not necessarily to take technically perfect photos, but to capture the right moments, transforming intimate, emotional memories into timeless images. A must-have for all professional, semipro, and aspiring wedding photographers—as well as brides and grooms looking for inspiration—*Wedding Photography from the Heart* reveals how to create wedding photographs that will, even decades later, capture the joy of a couple's wedding day.

Wedding Storyteller, Volume 2 Roberto Valenzuela, 2019-01-15 p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 11.0px Verdana} p.p2 {margin: 0.0px 0.0px 0.0px 0.0px; font: 11.0px Verdana; min-height: 13.0px}

In *Wedding Storyteller, Volume 2: Wedding Case Studies and Workflow*, photographer and bestselling author Roberto

Valenzuela uses wedding case studies extensively to teach you in great detail the entire Wedding Storyteller Skill Components system that he introduced in Volume 1. Drawing from his highly successful career, Roberto shares multiple case studies from numerous real-world weddings, covering the entire wedding timeline, from the beginning of the day when the couple is getting ready until the last portion of the reception.

Roberto goes into deep technical detail regarding how to apply the Wedding Storyteller Skill Components system to help you excel at photographing weddings for your own clients. Copiously illustrated with nearly 700 photographs and illustrations, the book covers:

- The five key elements of assessing the getting-ready rooms
- The four types of wedding party group photos
- Roberto’s system for ceremony coverage, TARPP (The Action/Reaction Position Plan), which details the 10 crucial positions for the photographer to use to create the best and most cinematic story of the ceremony
- The “situational approach” to bride and groom portraits
- The three main locations for family portraits, and how to photograph “elevated” family portraits in each of them
- And much more

Also included is Roberto’s invaluable advice concerning such topics as equipment preparation, wedding psychology, lens selection and usage, and the importance of including imperfect but “fun” photos in your wedding photography (your clients will love it!). In *Wedding Storyteller, Volume 1*, you learned the Wedding Storyteller Skill Components system, which provides the foundation for your wedding photography. Here, in Volume 2, you’ll learn how to execute that system to perfection.
