Games in Libraries Breanne A. Kirsch,2014-01-28 Librarians are beginning to see the importance of game based learning and the incorporation of games into library services. This book is written for them--so they can use games to improve people's understanding and enjoyment of the library. Full of practical suggestions, the essays discuss not only innovative uses of games in libraries but also the game making process. The contributors are all well versed in games and game-based learning and a variety of different types of libraries are considered. The essays will inspire librarians and educators to get into this exciting new area of patron and student services.

Adapting Superman John Darowski,2021-05-29 Almost immediately after his first appearance in comic books in June 1938, Superman began to be adapted to other media. The subsequent decades have brought even more adaptations of the Man of Steel, his friends, family, and enemies in film, television, comic strip, radio, novels, video games, and even a musical. The rapid adaptation of the Man of Steel occurred before the character and storyworld were fully developed on the comic book page, allowing the adaptations an unprecedented level of freedom and adaptability. The essays in this collection provide specific insight into the practice of adapting Superman from comic books to other media and cultural contexts through a variety of methods, including social, economic, and political contexts. Authors touch on subjects such as the different international receptions to the characters, the evolution of both Clark Kent's character and Superman's powers, the importance of the radio, how the adaptations interact with issues such as racism and Cold War paranoia, and the role of fan fiction in the franchise. By applying a wide range of critical approaches to adaption and Superman, this collection offers new insights into our popular entertainment and our cultural history.

The DC Comics Universe Douglas Brode,2022-08-02 As properties of DC comics continue to sprout over the years, narratives that were once kept sacrosanct now spill over into one another, synergizing into one bona fide creative Universe. Intended for both professional pop culture researchers and general interest readers, this collection of essays covers DC Universe multimedia, including graphic novels, video games, movies and TV shows. Each essay is written by a recognized pop culture expert offering a distinct perspective on a wide variety of topics. Even though many of the entries address important social themes

like gender and racism, the book is not limited to these topics. Also included are more lighthearted essays for full verisimilitude, including analyses of long forgotten or seemingly marginal aspects of the DC Extended Universe, as well as in-depth and original interpretations of the most beloved characters and their relationships to one another. Highly accessible and approachable, this work provides previously unavailable in-roads that create a richer comprehension of the ever-expanding DC Universe.

The Games of the Decade The Cheat Mistress, 2012-08-08 Cheats Unlimited are the specialists when it comes to video game cheats, walkthrough guides, reviews and fetures. Cultural Studies of LEGO Rebecca C. Hains, Sharon R. Mazzarella, 2019-11-27 This collection examines LEGO from an array of critical and cultural studies approaches, foregrounding the world-renowned brand's ideological power and influence. Given LEGO's status as the world's largest toy manufacturer and a transnational multimedia conglomerate, Cultural Studies of Lego: More Than Just Bricks considers LEGO media's cultural messages; creativity with and within LEGO artifacts; and diversity within the franchise, including gender and race representation. The chapters' in-depth analyses of topics including LEGO films, marketing tactics, play sets, novelizations, and fans offer compelling insights relevant to those interested in the LEGO brand and broader trends in the children's popular culture market alike.

Arkham City - The Order of the World Dan Watters, 2022-11-15 With Arkham Asylum in ruins after a deadly attack, it is believed that several of the asylum's few surviving patients escaped and scurried off into the dark nooks and crannies of Gotham City. Now these Arkhamites walk among us, and it's up to the Asylum's one remaining doctor, Jacosta Joy, to round up her former patients. Meet these Arkhamites: a woman with no face, a pyggy in search of perfection, a man who feels nothing and burns everything, a woman who must devour life to save herself, a man unfit for the waking world who looks instead for Wonderland, a body with more than one soul, a being unbound from time who lives in the present and the past, a boy who seeks the comfort of vermin, and the twisted man who sees them all for who they are.

And witness the avenging angel who stalks them. Join writer Dan Watters and artist DaNi on an odyssey through the deepest depths and darkest shadows of Gotham City and find all-new reasons to fear the night. Collects #1-6 along with never-before-seen extra features!
