The Sounds of Early Cinema Richard Abel, Rick R. Altman, 2001-10-03 The Sounds of Early Cinema is devoted exclusively to a little-known, yet absolutely crucial phenomenon: the ubiquitous presence of sound in early cinema. Silent cinema may rarely have been silent, but the sheer diversity of sound(s) and sound/image relations characterizing the first 20 years of moving picture exhibition can still astonish us. Whether instrumental, vocal, or mechanical, sound ranged from the improvised to the pre-arranged (as in scripts, scores, and cue sheets). The practice of mixing sounds with images differed widely, depending on the venue (the nickelodeon in Chicago versus the summer Chautauqua in rural Iowa, the music hall in London or Paris versus the newest palace cinema in New York City) as well as on the historical moment (a single venue might change radically, and many times, from 1906 to 1910). Contributors include Richard Abel, Rick Altman, Edouard Arnoldy, Mats Björkin, Stephen Bottomore, Marta Braun, Jean Châteauevert, Ian Christie, Richard Crangle, Helen Day-Mayer, John Fullerton, Jane Gaines, André Gaudreault, Tom Gunning, François Jost, Charlie Keil, Jeff Klenotic, Germain Lacasse, Neil Lerner, Patrick Loughney, David Mayer, Dominique Nasta, Bernard Perron, Jacques Polet, Lauren Rabinovitz, Isabelle Raynauld, Herbert Reynolds, Gregory A. Waller, and Rashit M. Yangirov.

Capital and Ideology Thomas Piketty, 2020-03-10 A New York Times Bestseller An NPR Best Book of the Year The epic successor to one of the most important books of the century: at once a retelling of global history, a scathing critique of contemporary politics, and a bold proposal for a new and fairer economic system. Thomas Piketty's bestselling *Capital in the Twenty-First Century* galvanized global debate about inequality. In this audacious follow-up, Piketty challenges us to revolutionize how we think about politics, ideology, and history. He exposes the ideas that have sustained inequality for the past millennium, reveals why the shallow politics of right and left are failing us today, and outlines the structure of a fairer economic system. Our economy, Piketty observes, is not a natural fact. Markets, profits, and capital are all historical constructs that depend on choices. Piketty explores the material and ideological interactions of conflicting social groups that have given us slavery, serfdom, colonialism, communism, and hypercapitalism, shaping the lives of billions. He concludes that the great driver of human progress over the centuries has been the struggle for equality and education and not, as often argued, the assertion of property rights or the pursuit of stability. The new era of extreme inequality that has derailed that progress since the 1980s, he shows, is partly a reaction against communism, but it is also the fruit of ignorance, intellectual specialization, and our drift toward the dead-end politics of identity. Once we understand this, we can begin to envision a more balanced approach to economics and politics. Piketty argues for a new "participatory" socialism, a system founded on an ideology of equality, social property, education, and the sharing of knowledge and power. *Capital and Ideology* is destined to be one of the indispensable books of our time, a work that will not only help us understand the world, but that will

change it.

**The Health Of Women** Jill Gay,2018-05-04 This book provides a state-of-the-art, comprehensive review of the many factors that affect women's health, ranging from low socioeconomic status and the impact of the debt crisis to more direct medical determinants, such as poor nutrition, hemorrhage, eclampsia, and infection. At stake are the unnecessary and preventable deaths of women and girls around the globe. The contributors assess the reduced quality of life for women and the often unacknowledged contributions of women and girls as the backbone of production in both developing and developed countries. Synthesizing perspectives of policymakers and practitioners, researchers and scholars, *The Health of Women* urges major new initiatives to understand and improve women's health, taking into account biological elements such as the life cycle of women as well as cultural constraints and socioeconomic realities.

**The Evening and the Morning** Ken Follett,2022-08-23 #1 New York Times Bestseller An Amazon Best Book of 2020 The thrilling and addictive prequel to *The Pillars of the Earth*--set in England at the dawn of a new era: the Middle Ages Just as transporting as [*The Pillars of the Earth*] . . . A most welcome addition to the Kingsbridge series. --The Washington Post It is 997 CE, the end of the Dark Ages. England is facing attacks from the Welsh in the west and the Vikings in the east. Those in power bend justice according to their will, regardless of ordinary people and often in conflict with the king. Without a clear rule of law, chaos reigns. In these turbulent times, three characters find their lives intertwined. A young boatbuilder's life is turned upside down when his home is raided by Vikings, forcing him and his family to move and start their lives anew in a small hamlet where he does not fit in. . . . A Norman noblewoman marries for love, following her husband across the sea to a new land, but the customs of her husband's homeland are shockingly different, and it soon becomes clear to her that a single misstep could be catastrophic. . . . A monk dreams of transforming his humble abbey into a center of learning that will be admired throughout Europe. And each in turn comes into dangerous conflict with a clever and ruthless bishop who will do anything to increase his wealth and power. Thirty years ago, Ken Follett published his most popular novel, *The Pillars of the Earth*. Now, Follett's masterful new prequel *The Evening and the Morning* takes us on an epic journey into a historical past rich with ambition and rivalry, death and birth, love and hate, that will end where *The Pillars of the Earth* begins.

**Empowerment and Poverty Reduction** Deepa Narayan-Parker,2002-01-01 This publication offers a framework for the empowerment of people living in poverty throughout the world that concentrates on increasing people's freedom of choice and action to shape their own lives. Based on analysis of practical experiences, the book identifies four key elements to support empowerment: information, inclusion and participation, improved accountability and local organisational capacity. This framework is then applied to five areas of action to improve development effectiveness: provision of basic services, improved local governance, improved national governance, pro-poor market development, and access to justice and legal aid. It also offers twenty 'tools and practices' which concentrate on a wide-range of topics to support the empowerment of the poor.

**French Caribbeans in Africa** V. Hélénou,Véronique Hélénou,2011-03-29 This is the first book-length study of the French Caribbean presence in Africa, and serves as a unique contribution to the field of African Diaspora and Colonial studies. By using administrative records, newspapers, and interviews, it explores the French Caribbean presence in the colonial administration in Africa before World War II.
