**Confounding the Reich** Martin W. Bowman,Tom Cushing,2005-02-19 On 23 November 1943, 100 (Bomber Support) Group of RAF Bomber Command was formed. The object was to consolidate the various squadrons and units that had been fighting a secret war of electronics and radar countermeasures, attempting to reduce the losses of the heavy bombers—and their hard pressed crews—in Bomber Command. This secret war involved the use of air and ground radars, homing and jamming equipment, special radio and navigational aids, and intruding night-fighters to seek out and destroy their opposite numbers, the Ju 88s and Bf 110s of the Nachtjagdgeschwader who defended the night skies of the Third Reich with ever increasing success.The book contains many first-hand accounts from pilots and crew and provides a fascinating record of 100 Group's wartime history.

**Free Bees** Fabrizio Salvinelli,2024-02-02 Commanded by a Killer Wasp dictator, the wasps are deporting and exterminating the bees, whom they hate for their dedication to accumulating pollen, wax, and honey treasure. Many a bee disappears. Seven little orphans, including a blind bee, decide to form a resistance movement. Each of them

takes on a nom de guerre that reflects their character. Led by Polly, the Group call themselves the 'Freebs'. A story of violence unfolds in Wasp City while in Jamasiah, the capital of the bee kingdom where the Queen speaks like Churchill, it is a story of resistance and goodness. Eight young friends at the wasps' military academy choose a secret name for themselves (the Winnies) and quietly organize to resist their regime. One of them, Greta, sneaks out in the mornings to polish up her flying skills. Meanwhile, the Freebs train to improve their formation flying. We watch as they perfect their aerobatic flight techniques, race train, and learn judo concentration techniques. The tale unfolds in a constant series of reversals as the bees fight their historical enemies and seek new allies. Along the way, we encounter a wasp who talks like Gandi, see a lead character martyred, meet a traitor, hear music that instils courage within the concentration camps, witness the invention of the 'red alert' that the bee families adopt, as well as enjoying hilarious scenes with the Freebs, who hidden in a crowd spray ketchup in the face of a Killer Wasp, then tie him up and stuff his mouth with chips. We hear messages of peace and brotherhood from the Christian, Muslim, Buddhist and Hindu faiths filtering through the action sequences, and above all, faith in the dream of changing the world for the better which unites the Freebs and Greta, culminating in a grand finale flight race between the wasp empire academies, in which females are not allowed to take part, only Greta never got the memo...

*1, 2, 3 Your Wish Is Granted!* Genie, 2012-04-20 Since the Genie is the ghost writer for the book, it is appropriate to let the Genie say a few words about himself: I am a genie. You may wonder what that really means and how I come to write this little book. Well, first of all, I am not from or of your world. I live in a dimension of fire and light. I am basically a fire spirit. Just so you know, we genies are alive. We don't experience life as you do, but we are living, thinking creatures. You humans take us genies for granted. Most of you have very little idea of the tremendous service that we provide for your kind. Everything in your world that is of a fiery or electrical nature is administrated by a genie or djinn assigned to that function. Without us, your world as you know it would cease to exist. Even the very sun that is the source of life and nourishment for your planet is a mighty Djinn. From within the book, the Wizard Merlyn has a few thoughts about the book that he would like to share: Know, my little friend, that what you hold in your hands is a key to the mysteries of life, and that it has greater depth and importance than you initially can discern. Through these pages you have been

given permission to enter other realms, and once you have entered in, and as you maintain the requirements of each domain you may travel within again and again for growth, learning, healing, inspiration and creation.
