*The Last Lecture* Randy Pausch, 2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt,

just how we play the hand. –Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

*Words of Wisdom* Esta Cox,2006-02 *Words of Wisdom* is a book about living, and the wisdom garnered from 93 years of hard work, raising a family, watching loved ones pass away yet persevering. How does one persevere in life and not be overcome by the flood of tragedy and sorrow that we find at times? How does one learn to celebrate the gifts we all enjoy or should enjoy in life? Esta Freeland Cox hopes to pass on some thoughts on these subjects, together with some bits of wisdom picked up over a life time. She hopes you enjoy these reflections on life and living, and that you will be blessed by their impact on your life.

*Children's Daily Prayer for Summer* Elizabeth M. Jeep,2000 Are you looking for a way to continue classroom daily prayer into the summer? *Children's Daily Prayer for Summer* is ideal for schools that run year-round, continue classes into June or begin classes in early August. It can also be used with children in vacation Bible schools or at home. This summer book begins on June 1 and ends on August 31, and includes the same order of prayer found in *Children's Daily Prayer for the School Year*.

"When I Started Teaching, I Wish I Had Known..." Carol Pelletier Radford,2023-05-16 Practical, thoughtful and inspiring—36 weeks of wisdom for new teachers. Every teacher has those moments, when the learning curve seems too steep, the workload feels too intense, and the faculty room coffee is too weak. But then there's the moment when they open this book, and smile. Author Carol Pelletier Radford, a mentoring expert, has collected words of wisdom from experienced teachers across the country to help newer teachers thrive. She asked each of them, what is something you wished you knew when you were starting out as a teacher? The responses range from practical classroom management tips to reminders for self-care, and Radford has arranged them

into weekly readings that provide advice from a chorus of seasoned educators to help those new to the profession thrive. Highlights include: Start-of-the-year routines for a compassionate culture—and the best classroom management Why consistency and embracing mistakes is important to students—now more than ever How to design experiences that create student engagement—and energize you Questions that help you guide a child toward positive behavior—with fairness, firmness and grace Daily self-care mindsets and rituals—from calming walks to podcasts to learning to say no When I Started Teaching, I Wish I Had Known... takes a teacher gently by the hand, through 36 weeks of the school year. Its practical strategies address lessons, feedback, building relationships, and so much more. But perhaps what this book does most brilliantly is speak to the person behind the teacher, reminding them that they are already gifted, because they are curious and kind.

**Call From the Cave** Jon Huer,2012-10-26 This book explores the nature of power in persons, groups, and nations by asking a question that we can understand in contemporary terms: what would Bill Gates do if he had Hitler's absolute power? Huer argues that the savage struggle for power is in our very human nature.

**Beginning Teaching** Sandy Schuck,Peter Aubusson,John Buchanan,Tom Russell,2012-02-28 The experiences of the first years of new teachers' professional lives are critical to their decisions about embracing or leaving the teaching profession. Writ large, these experiences have the potential to either underpin or undermine the growth and development of the teaching profession. This book offers a research-based account of beginning teachers' experiences, told from their own perspectives and often in their own words. Beginning Teaching: Stories from the Classroom provides valuable source material to inform teacher education practices. The authors draw on more than 20 years of research on the professional learning, retention and attrition of beginning teachers to provide evocative illustrations of the challenges and successes that occur in the early years of teaching. The compelling and coherent narratives will appeal not only to student and graduate teachers but also to program designers, coaches and senior managers in schools. Above all, the book speaks to teacher educators in the hope that the experiences discussed here will suggest ways of supporting student teachers to grow and flourish once they launch their careers in the profession. These evocative

stories express beginning teachers' anguish and elation and also provide testimony to their resilience and perseverance in an altruistic profession. The analysis and interpretation of their stories will challenge and uplift; inspire and shame; give cause for celebration and melancholy; generate empathy and provoke introspection. Above all else, these stories call for change.
