12 Rules for Life Jordan B. Peterson, 2018-01-23 #1 NATIONAL BESTSELLER #1 INTERNATIONAL BESTSELLER What does everyone in the modern world need to know? Renowned psychologist Jordan B. Peterson's answer to this most difficult of questions uniquely combines the hard-won truths of ancient tradition with the stunning revelations of cutting-edge scientific research. Humorous, surprising and informative, Dr. Peterson tells us why skateboarding boys and girls must be left alone, what terrible fate awaits those who criticize too easily, and why you should always pet a cat when you meet one on the street. What does the nervous system of the lowly lobster have to tell us about standing up straight (with our shoulders back) and about success in life? Why did ancient Egyptians worship the capacity to pay careful attention as the highest of gods? What dreadful paths do people tread when they become resentful, arrogant and vengeful? Dr. Peterson journeys broadly, discussing discipline, freedom, adventure and responsibility, distilling the world's wisdom into 12 practical and profound rules for life. *12 Rules for Life* shatters the modern commonplaces of science, faith and human nature, while transforming and ennobling the mind and spirit of its readers.

**Retirement Autopilot** Dave Glisczynski,2012-04 Picture your ideal retirement. Is it spending time with your family and friends? Traveling with your spouse? Providing for your grandchildren? do you see yourself spending those hard-earned retirement years sweating over the stock market's swings, praying that you'll have enough left to pay your power bill when the dust settles? Dave Glisczynski has focused on retirement planning since he started out in the financial planning business in 1987, and he has been an independent specialist since 2001. He's guided hundreds of clients to a safe and comfortable retirement - one that doesn't include spending your "golden years" on a white-knuckle ride on the market roller coaster. In Retirement Autopilot, Dave covers the information you need to make the right choices - the choices that will mean peace of mind, and a reliable income to last you the rest of your life. You'll learn: • How much risk is right for your portfolio - and why you probably have that percentage backward. • Why the financial expert who's helped you through the accumulation phase of your money may not be the right person to get you safely through the distribution phase. • What your broker won't tell you about investing in the stock market • How to create a reliable income stream, AND grow your money • New solutions to investment needs, and new products that will fill your income buckets - with low or no risk. • What questions should you ask a financial advisor before you hand over your nest egg?

**And Now Let's Move Into a Time of Nonsense** Nick Page, 2004-09-01 Have you ever felt frustrated with the words of the worship songs that we sing? Why are they so forgettable? Why are they filled with such weird language? Where have all the writers gone? Combining humour with strong argument, Nick Page analyses how worship song writers have bought into a disposable, 'pop-song' model; how they have filled their songs with a kind of semi-Biblical code and how songs suffer from poor technique and a lack of specialist lyric writers. Above all it encourages writers to really think about the words of their songs and whether they really communicate truth about God - truth which should lead to worship. Passionate, controversial and laugh-out-loud funny, this is essential reading for Christians today.
