Equipping Space Cadets Emily Midkiff, 2022-04-19 *Equipping Space Cadets: Primary Science Fiction for Young Children* argues for the benefits and potential of “primary science fiction,” or science fiction for children under twelve years old. Science fiction for children is often disregarded due to common misconceptions of childhood. When children are culturally portrayed as natural and simple, they seem like a poor audience for the complex scientific questions brought up by the best science fiction. The books and the children who read them tell another story. Using three empirical studies and over 350 children’s books including *If I Had a Robot Dog*, *Bugs in Space*, and *Commander Toad in Space*, *Equipping Space Cadets* presents interdisciplinary evidence that science fiction and children are compatible after all. Primary science fiction literature includes many high-quality books that cleverly utilize the features of children’s literature formats in order to fit large science fiction questions into small packages. In the best of these books, authors make science fiction questions accessible and relevant to children of various reading levels and from diverse backgrounds and identities. *Equipping Space Cadets* does not stop with literary analysis, but also presents the voices of real children and practitioners. The book features three studies: a survey of teachers and librarians, quantitative analysis of lending records from school libraries across the United States, and coded read-aloud sessions with elementary school students. The results reveal how children are interested in and capable of reading science fiction, but it is the adults, including the most well-intentioned librarians and teachers, who hinder children's engagement with the genre due to their own preconceptions about the genre and children.

The Business of Children's Entertainment Norma Odom Pecora, 2002-03-06 For over 20 years, the development of children's television programming has been subsidized by toy manufacturers. The

result has been an increased commercialisation of children's popular culture - the creation of a material world of childhood characterized by brand-name toys, games, clothing, and television characters. Drawing on historical background and case studies, this book presents a unique look at the development of children as targets of the media and commercial industries, and examines the economic and social forces that have defined the evolution of children's entertainment. This volume is of interest to professionals and students in media studies, mass communication, and related fields; readers interested in contemporary children's culture and the content of children's programming.

Nostalgia in Rhyme Arnold Silveri, 2020-01-21 Nostalgia in Rhyme is a book written in plain, ordinary language that rhymes. Poems about social/cultural/political names, places and events that occurred before--during--and after World War 11 are prominently featured. We include movies (i.e. actors, directors, producers, writers, etc.). Music (songs, singers, bands). We list many old radio and TV Shows and their sponsors. Our book contains 55 poems (12 of which are baseball poems). There are short stories, limericks and several other features displayed in this book. We also name many new products and inventions discovered during that period of time. Hopefully, it will revive some warm memories of happier times for all the readers of our book.

Raised on Radio Gerald Nachman, 2000-08-23 Radio broadcasting United States History.

Let's Pretend Arthur Anderson, 1994 For 24 years Let's Pretend was the most widely heard children's radio program. The author, a member of the cast from 1936 until the show ended in 1954, provides an insider's view of how the show was done and the personalities behind it. The careers of many of the child actors and the adults who worked with them, the process of live radio, and the behind-the-scenes activities of the network and sponsors are all covered. Also recalled are the golden days of radio when shows such as Let's Pretend were in their heyday.

Space Cadet Robert A. Heinlein, 2007-04-01 This is the seminal novel of a young man's education as a member of an elite, paternalistic non-military organization of leaders dedicated to preserving human civilization, the Solar Patrol, a provocative parallel to Heinlein's famous later novel, *Starship Troopers* (which is about the military). Only the best and brightest--the strongest and the most courageous--ever manage to become Space Cadets, at the Space Academy. They are in training to be come part of the elite guard of the solar system, accepting missions others fear, taking risks no others dare, and upholding the peace of the solar system for the benefit of all. But before Matt Dodson can

earn his rightful place in the ranks, his mettle is to be tested in the most severe and extraordinary ways--ways that change him forever, from the midwestern American boy into a man of the Solar Patrol. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Radio William A. Richter,2006 From payola to podcasting, from the advertising office to the DJ booth to the station antenna, *Radio: A Complete Guide to the Industry* offers a concise, one-stop introduction to all aspects of the radio industry. Readers are taken on a lively tour of radio's history from the early experiments with wireless to today's satellite and digital radio. Industry veteran William A. Richter brings readers inside the typical station to explain who does what and how all the pieces fit together. The book also includes some brief interviews from working professionals for more perspective. Richter explains how ratings work, gives an overview of the major industry players, and guides readers through FCC regulations and other ethical and legal issues that impact radio. Written in a crisp, easy style, and including glossaries in each chapter, *Radio* is well suited for a range of courses on radio. It is a valuable resource for anyone interested in radio, from aspiring college DJs to general managers of radio stations.

Hollywood Quarterly Eric Loren Smoodin,Ann Martin,2002-05-17 This selection of essays taken from *Hollywood Quarterly* reflect the eclecticism of the journal, with sections on animation, the avant-

garde, and documentary to go along with a representative sampling of articles about feature-length narrative films.

The A to Z of Old Time Radio Robert C. Reinehr, Jon D. Swartz, 2010 The A to Z of Old Time Radio provides essential facts and information on the golden age of radio through a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on the radio networks, programs, directors, producers, writers, actors, radio series, and radio stations. Entries on popular shows--The Lone Ranger, The Shadow, Dragnet, and Suspense--and actors--Bob Hope, George Burns, Gracie Allen, and Edgar Bergen--will have you jumping from one entry to the next as you relive old favorites and discover hidden treasures.

Historical Dictionary of Old Time Radio Jon D. Swartz, Robert C. Reinehr, 2007-11-12 The term Old Time Radio refers to the relatively brief period from 1926, when the National Broadcasting Company first began network broadcasting, until approximately 1960, when television became the dominant communication medium in the United States. During this time, radio was as popular and ubiquitous as television is today. It was amazingly varied in the types of programming it offered; many characters and programs were so popular that virtually everyone was familiar with them. Even today, recorded versions of these programs are still extremely popular and widely available, both from commercial outlets and from hobbyists. Behind the production of these programs was a complex technological and financial infrastructure that had to be developed virtually from scratch in a world unaccustomed to the rapid communication and technological marvels that we take for granted today. The Historical Dictionary of Old Time Radio provides essential facts and information on the Golden Age of Radio. This is accomplished through the use of a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on the radio networks, programs,

directors, producers, writers, actors, radio series, and radio stations. Entries on your favorite shows_The Lone Ranger, The Shadow, Dragnet, and Suspense_and actors_Bob Hope, George Burns, Gracie Allen, and Edgar Bergen_will have you jumping from one entry to the next as you relive old favorites and discover hidden treasures from the Golden Age of Radio.

The Cadet Doug Beason,2015-04-07 "Timeless and absorbing. . . . An astonishing and authentic portrayal of the military academy experience." —Jerry Pournelle, New York Times—bestselling, Nebula and Hugo Award-winning author of *Lucifer's Hammer* A military epic that chronicles the birth of the United States Air Force. The arduous training of America's future leaders as they prepare to serve

from the jungles of Vietnam to the deserts of the Middle East. The first in the Wild Blue U historical saga, *The Cadet* is realistic fiction based on factual events. Populated with empathetic, larger-than-life characters, this novel will appeal to prospective candidates, military members, and the reading public alike. "I loved it. It's brilliant. Once started, I was never really able to put it down." –Jack McDevitt, Nebula Award-winning author of the *Alex Benedict* and *The Academy* series "Doug Beason has distilled the first years of the Air Force Academy into a compelling and fascinating novel. . . .The closest and most intimate account that exists in print, with all the turbulence and exuberance captured through the lens of fiction." —Lt. Gen Brad Hosmer, USAF (ret), #1 Graduate of the USAFA Class of 1959, Rhoades Scholar and USAFA Superintendent
