The Coming Prince Robert Anderson, 2007-04-01 He was one of the most popular lay preachers and Christian apologists of his day: Sir Robert Anderson devoutly believed that the Bible was the inerrant word of God, and in this popular 1881 book—a companion to his *Daniel in the Critics' Den*—he mounts a defense of the prophetic Old Testament Book of Daniel, an early example of apocalyptic philosophy in Christianity. Students of the Bible will appreciate this historically valuable attempt to set straight the many controversies surrounding Daniel regarding its authorship and even the date of its writing. And anyone interested in the apocalyptic fervor of modern-day fundamentalist Christianity will find this an instructive and enlightening read. While at Scotland Yard, Irish police official and religious scholar SIR ROBERT ANDERSON (1841–1918) helped investigate the Jack the Ripper murders, but he is best remembered for his works of Bible study, including *Forgotten Truths* and *The Silence of God*.

Stars Between the Sun and Moon: One Woman's Life in North Korea and Escape to Freedom Lucia Jang, Susan McClelland, 2015-10-05 An extraordinary memoir by a North Korean woman who defied the government to keep her family alive. Born in the 1970s, Lucia Jang grew up in a common, rural North Korean household—her parents worked hard, she bowed to a photo of Kim Il-Sung every night, and the family scraped by on rationed rice and a small garden. However, there is nothing common about Jang. She is a woman of great emotional depth, courage, and resilience. Happy to serve her country, Jang worked in a factory as a young woman. There, a man she thought was courting her raped her. Forced to marry him when she found herself pregnant, she continued to be abused by him. She managed to

convince her family to let her return home, only to have her in-laws and parents sell her son without her knowledge for 300 won and two bars of soap. They had not wanted another mouth to feed. By now it was the beginning of the famine of the 1990s that resulted in more than one million deaths. Driven by starvation—her family’s as well as her own—Jang illegally crossed the river to better-off China to trade goods. She was caught and imprisoned twice, pregnant the second time. She knew that, to keep the child, she had to leave North Korea. In a dramatic escape, she was smuggled with her newborn to China, fled to Mongolia under gunfire, and finally found refuge in South Korea before eventually settling in Canada. With so few accounts by North Korean women and those from its rural areas, Jang's fascinating memoir helps us understand the lives of those many others who have no way to make their voices known.

Donald Trump and the 2018 Midterm Battle for Central New York Luke Perry, 2019-03-19 Luke Perry’s inaugural Pivot in the Palgrave Studies in US Elections series examines the impact of Donald Trump on the 2018 midterm campaigns in Central New York, particularly competitive campaigns for NY-19, NY-22, and NY-24. Providing a contextual foundation for these races—considering factors such as incumbency advantage, history of party control of the seat, registered party members, statewide electoral norms, fundraising, and polling—Donald Trump and the 2018 Midterm Battle for Central New York then analyzes the positions and rhetoric of these GOP reelection campaigns, paying particular attention to the continuity and variance in relation to Trump’s personal, populist, and negative campaign style. When examined alongside the results of the midterm election, the outcomes illustrated how the president hurt more than helped House GOP incumbents, revealed the quality of candidates, proved how campaigns and grassroots organizing matter, and demonstrated that moderate Democrats were more successful than progressive ones.

Dialogue with Europe, Dialogue with the Past Justyna Olko, John Sullivan, Jan Szeminski, 2018-11-30 *Dialogue with Europe, Dialogue with the Past* is a critical, annotated anthology of indigenous-authored texts, including the Nahuatl, Quechua, and Spanish originals, through which native peoples and Spaniards were able to convey their own perspectives on Spanish colonial order. It is the first volume to bring together native testimonies from two different areas of Spanish expansion in the Americas to examine comparatively these geographically and culturally distant realities of indigenous elites in the colonial period. In each chapter a particular document is transcribed exactly as it appears in the original manuscript or colonial printed document, with the editor placing it in historical context and considering the degree of European influence. These texts show the nobility through documents they themselves produced or caused to be produced—such as wills, land deeds, and petitions—and prioritize indigenous ways of expression, perspectives, and concepts. Together, the chapters demonstrate that native elites were independent actors as well as agents of social change and indigenous sustainability in colonial society. Additionally, the volume diversifies the commonly homogenous term “cacique” and recognizes the differences in elites throughout Mesoamerica and the Andes. Showcasing important and varied colonial genres of indigenous writing, *Dialogue with Europe, Dialogue with the Past* reveals some of the realities, needs, strategies, behaviors, and attitudes associated with the lives of the elites. Each document and its accompanying commentary provide additional insight into how the nobility negotiated everyday life. The book will be of great interest to students and researchers of Mesoamerican and Andean history, as well as those interested in indigenous colonial

societies in the Spanish Empire. Contributors: Agnieszka Brylak, Maria Castañeda de la Paz, Katarzyna Granicka, Gregory Haimovich, Anastasia Kalyuta, Julia Madajczak, Patrycja Prządka-Giersz

Script and Scribble Kitty Burns Florey,2013-10-08 A witty and readable (and fetchingly illustrated and glossed) excursion through the history of handwriting. –The Wall Street Journal Let a self-confessed penmanship nut take you on a tour of the strange and beautiful world of handwriting. Since her Catholic school days learning the Palmer Method, Kitty Burns Florey has been in love with handwriting, and can't imagine a world where schools forego handwriting drills in favor of teaching something called keyboarding. In this winsome mix of memoir and call to arms (Chicago Tribune), Florey weaves together the evolution of writing implements and scripts, pen-collecting societies, the golden age of American penmanship, and the growth in popularity of handwriting analysis, and asks the question: Is writing by hand really no longer necessary in today's busy world? Charmingly composed and handsomely presented, *Script & Scribble* traces the history of penmanship to the importance of writing by hand in an increasingly digital age (The Boston Globe).
