Level Up Stacey Abrams, Lara Hodgson, Heather Cabot, 2022-02-22 An inspiring and revelatory guide to starting and scaling a small business, from powerhouse duo Stacey Abrams and Lara Hodgson Like many business owners, renowned politician and activist Stacey Abrams didn't start a business because she dreamed of calling herself an entrepreneur. Her part-time post (and its \$17,310 annual salary) as a member of the Georgia House of Representatives necessitated striking out on her own as a consultant—her first small business. Then, Stacey and her friend Lara Hodgson launched an infrastructure advisory firm—named Insomnia Consulting because they did their best thinking at 3:00 a.m.—and then another business, and then another. Fifteen years into their entrepreneurial journey together, they have tackled the obstacles that many business owners face: how to grow sustainably, hire thoughtfully, and keep up with the Goliaths in your industry. Now, for the first time, Stacey and Lara share their inspiring and relatable personal story and lessons learned the hard way to show how every business owner can confront the forces that conspire to keep small businesses small. Lauded for her “resilient, visionary leadership” (Barack Obama) and celebrated as a “passionate advocate of democracy” (Madeleine Albright), Stacey now brings her fierce sense of justice to the challenges that America's business owners face. *Level Up* arms readers with the confidence, know-how, and savvy to overcome the obstacles that hold their businesses back.

How Would You Like to Pay? Bill Maurer,2015-10-14 From Bitcoin to Apple
Pay, big changes seem to be afoot in the world of money. Yet the use of coins
and paper bills has persisted for 3,000 years. In How Would You Like to Pay?,
leading anthropologist Bill Maurer narrates money's history, considers its
role in everyday life, and discusses the implications of how new technologies
are changing how we pay. These changes are especially important in the
developing world, where people who lack access to banks are using cell phones
in creative ways to send and save money. To truly understand money, Maurer
explains, is to understand and appreciate the complex infrastructures and
social relationships it relies on. Engaging and straightforward, How Would
You Like to Pay? rethinks something so familiar and fundamental in new and
exciting ways. Ultimately, considering how we would like to pay gives
insights into determining how we would like to live.

Arabian Seas 1700 - 1763 Rene Barendse,2009-10-26 Drawing on a vast range of sources Arabian Seas 1700 - 1763 is as much a sweeping overview as a detailed examination of the maritime world of the western Indian Ocean in the eighteenth century. It deals with the various states, economies and societies there and with the impact of the early phase of European colonialism on them.

Arabian Seas, 1700 - 1763 Rene J. Barendse,2009-06-15 The Western Indian Ocean in the Eighteenth Century is the first of four volumes offering a sweeping panorama of the Arabian Seas during the early modern period. Focusing on the period 1700-1763, the first volume concentrates on daily life in littoral societies, examining long term issues including climatic change, famine, and the structures of fishing communities. The volume examines littoral societies in each of the major coastal areas of the Western Indian Ocean: East Africa, the Red Seas, the Persian Gulf, and its traditional ties to surrounding hinterlands as well as to the west coast of India. While

having particular interest to readers concerned with Indian Ocean history, as an absorbing and innovative account of a much neglected albeit critical area and period, *Arabian Seas, 1700-1763* will be of great interest to anyone interested in early modern maritime, social, or economic history. *Kings, Gangsters, and Companies*, volume two of *Arabian Seas, 1700-1763* focuses on European relations with the major states and societies of the Western Indian Ocean during the eighteenth century. As such, it traces the major structural changes in African, South Asian, and Middle Eastern societies during this period. Chapters examine European communities and their relations with the societies of the Indian Ocean basin, the daily life of European soldiers and merchants, relations with Indian women, European views on the Indian caste system as well as the governmental systems they encountered. The volume also details the importance of Indian and Persian merchant communities in the Indian Ocean trading system and the impact of war on the economic development of this system during the eighteenth century. *Men and Merchandise*, the third volume of *Arabian Seas, 1700-1763*, provides a detailed examination of the economic and social structures in the Western Indian Ocean focusing on key commodities like bullion, textiles, and the slave trade. Readers will also encounter interesting vignettes of daily life: an Indian nautch girl worried about her inheritance, a Portuguese gangster-friar and pariah workers, the infamous buccaneers of Madagascar, coffee-traders from Yemen, Cairo, and the Crimea, and Iraqi and Iranian bankers who all had relevance to this vast

economic system. *Men and Merchandise* provides insights into other traditionally ignored aspects in the traditional historiography including uprisings aboard slave ships, and details of maroon societies involving refugee slaves in India and Mauritius as well as Dutch slave soldiers in the Persian Gulf. As such, it will prove of great interest to any reader concerned with the social and economic history of the Indian Ocean basin. *Europe in Asia*, the fourth volume and final volume in *Arabian Seas*, 1700-1763, details the early phase of European territorial empire building in the western Indian Ocean basin. Particular attention is given to the much neglected history of the Portuguese *Estado da India* and the attempts of the Portuguese Crown to reform its administration and dwindling possessions in the eighteenth century. The volume examines the direct legacies of the longstanding Portuguese imperial presence in the Arabian Seas, including the experiences of Indian Catholic communities as well as the establishment of Indian settlements and communities in East Africa. Finally, the volume provides an exhaustive treatment of the structures and history of the Dutch East India Company (VOC) and English East India Company (EIC), the establishment of the vast private country trade of the EIC, and the reasons for the relative decline of the VOC and the rise of English power in the region during the eighteenth century.
