Popular Mobilization and Empowerment in Georgia's

Rose Revolution Kelli Hash-Gonzalez, 2012-10-18 While other studies explain the Rose Revolution in terms of the contribution of the "power players," Popular Mobilization and Empowerment in Georgia's Rose Revolution, by Kelli Hash-Gonzalez, adds to our understanding by examining the revolution from the perspective of ordinary citizens. This in-depth study shows how the movement frames targeted people's emotions, as well as their beliefs and values to more effectively mobilize a critical mass. This achievement was surprising, given the hopelessness, cynicism, and alienation in the region's political culture.

Directors' Powers and Duties Peter George Watts, 2009 This book provides practitioners and students with a full treatment of one of the most important and complex aspects of company law, directors' powers and duties. Of all the areas of company law, directors' powers and duties is among the least accessible from the statute (i.e. Companies Act 1993). Behind the statute, is a long and very complex history of equitable and common law case law, most of which remains applicable in New Zealand. This book also contains short summaries of leading cases which is very useful

both for students and practitioners.

Evidentiary Foundations Liz Heffernan, Edward J.

Imwinkelried, Ray Ryan, 2008 Irish Law Based on the 6th edition of Professor Imwinkelried's authoritative American text, Evidentiary Foundations, and amended for the Irish market, this title is a practical guide which explains how the various evidentiary doctrines are applied on a daily basis in the Irish courts. Combining discussion of law and practice, the authors outline a step-by-step approach to laying the necessary foundations for the introduction of items of evidence. Using hypothetical examples, the title illustrates how the substantive rules of evidence convert into concrete lines of questioning in the courtroom. This is the first book of its kind on the Irish market and will provide invaluable practical guidance for practitioners and students of the law of evidence.
