

Liber

Aleister Crowley

Modern Liber OZ Aleister Crowley, Ben McGinnes, 2016-01-25 Aleister Crowley's Liber OZ updated for a modern era to explicitly correct the misogynist assumptions of the early 20th century.

Fibonacci's Liber Abaci Laurence Sigler, 2012-12-06 First published in 1202, Fibonacci's Liber Abaci was one of the most important books on mathematics in the Middle Ages, introducing Arabic numerals and methods throughout Europe. This is the first translation into a modern European language, of interest not only to historians of science but also to all mathematicians and mathematics teachers interested in the origins of their methods.

Liber Des Goules - The Book of Ghouls Glenys Ngairé McGhee, Richard Dansky, Cynthia Summers, 1997 Very few games seek to redefine the conventions of roleplaying as does the Mind's Eye Theatre line. There are no tables or dice involved in Mind's Eye Theatre games. Instead, you become a part of the story. You assume the role of your character as soon as you step through the door, enacting every action, movement and gesture. For the purposes of the game, you are your character. The Mind's Eye rules for playing vampires' human pawns.

The Durham Liber Vitae and Its Context David W. Rollason, 2004 The several thousand names recorded here cast light on how the church in Northumbria interacted with contemporary lay and ecclesiastical society over six hundred years.

Liber Bestarius Various, Matthew Colville, Odyssey D20 Eden, Excelstor Games, 2003-01-01 Totally compatible with all d20 System materials, the Liber Bestiarius provides a horde of new creatures for any campaign. From the massive to the minute, from the motivated to the mindless, the monsters stalk your setting with terrifying relentlessness! The Book of Beasts features a full range of creatures from demons and golems to small furry mammals and new PC races, new feats, new spells, and new special abilities! Each creature entry contains: A complete description of each monster, fit for use in any setting. Adventure hooks providing advice on inserting the monster into your campaign. PC suitability entries offering suggestions for adding the beast as a member of the party! A comprehensive listing of d20 System stats. Combat strategies and inclinations, including many new special abilities.

The Red Book: Reflections on C.G. Jung's Liber Novus Thomas Kirsch, George Hogenson, 2017-09-19 In 2009, WW Norton published 'The Red Book', a book written by Jung in 1913-1914 but not previously published. Snippets of information about the likely contents of the Red Book had been in circulation for years, and there was much debate and eager anticipation of its publication within the Jungian field and the larger reading public. In 2010, a conference was held at the San Francisco Jungian Institute which brought together an international group of distinguished scholars in analytical psychology to explore and address critical contextual aspects of 'The Red Book' and to debate its importance for current and future Jungian theory and practice. The Red Book: Reflections on C.G. Jung's Liber Novus is based on that conference, the individual papers have been thoroughly revised and updated for this book and address some of the important questions and issues that were raised at that conference in response to the presentation of these papers. As yet there has been very little published about 'The Red Book'. The Red Book: Reflections on C.G. Jung's Liber Novus will contribute to setting the agenda for further research, both scholarly and clinical, in response to Jung's account of his experiences between 1913-1914, when arguably, the future course of his entire project was set in motion. This book will be essential reading for any Jungian interested in the importance of The Red Book, analytical psychologists, trainee analysts, those with an interest in the history of ideas and historians.

Liber Albus City of London (England). Corporation, 1859

Liber Aleph Vel CXI Aleister Crowley, 1991-01-01 Written in New York City at the end of the First World War, this has been described by Crowley as an extended and elaborate commentary on The Book of the Law, in the form of a letter from the Master Therion to his magical son.

Liber Uricrisiarum Henry Daniel, 2020-04-02 Henry Daniel's Liber Uricrisiarum is the earliest known work of academic medicine written in Middle English, presented here for the first time in a complete edition. Working in the late 1370s, Daniel combined authoritative medicine from written sources with his own personal experience, creating a text that stands out for its linguistic originality, intellectual scope, and wide circulation. Extant in over three dozen manuscript witnesses and two early modern print copies, Liber Uricrisiarum describes medieval humoral theory, anatomy, physiology, disease, medical astronomy, reproductive processes, and more, all within the broader context of uroscopic diagnosis. The introduction situates the text and its author in their medical, intellectual, linguistic, and bibliographic contexts, outlining the uroscopic tradition to which Daniel contributes, and describing the relationships among the many manuscripts containing the Liber Uricrisiarum. This edition presents the Middle English text, with a general glossary, glossary of proper names, and explanatory notes that explain obscure words and phrases and identify Daniel's sources. It also includes the complete set of diagrams contained in the Royal manuscript; appendices providing the Latin and English versions of the prologue and epilogue; an extensive translation from one of Daniel's important sources, Isaac Israeli's De urinis; tables relevant to Daniel's astronomical measurements; and an analysis of the Royal manuscript's dialect. Cumulatively, the edition and apparatus introduce readers to an important yet understudied text, the details of which will have significant impact on studies of medieval medicine and science, intellectual history, and Middle English language and literature.

The Thorney Liber Vitae Cecily Clark, 2015 First printed edition, with facsimile and studies, of a significant manuscript from medieval England.

Munimenta Gildhallæ Londoniensis: Liber albus, Liber custumarum, et Liber Horn: Liber custumarum, with extracts from the Cottonian ms. Claudius. D. II City of London (England). Corporation, Corporation of London, 1860

Stephen of Pisa and Antioch: Liber Mamonis Dirk Grupe, 2019-10-21 This volume aims to make Stephen of Pisa and Antioch's work on the celestial sciences accessible to a wider readership, providing not just the text but a translation and introduction as well. The edition is based on the only known manuscript of the Liber Mamonis, MS Cambrai, Médiathèque d'Agglomération, A 930. It is split into two parts: the first provides an extensive introduction to Stephen and his work, while the second features the edition and translation. A comprehensive glossary and collection of photographs of plates are also included.

Liber Regis John Bacon, John Ecton, 1786

The Liber legis Scaniae Ditlev Tamm, 2017-07-20 The Liber legis Scaniae: The Latin Text with Introduction, Translation and Commentaries forms the second volume of The Danish Medieval Laws and is dedicated to the Latin text based on the Danish medieval Law of Scania. Also known as the Old laws of Scania, the Liber legis Scaniae is ascribed to Archbishop Anders Sunesen and traditionally belongs to the corpus of Danish medieval laws. It was translated from Old Danish in the thirteenth century and until now has often been considered a subsidiary text. In this book, the importance of the Liber legis Scaniae is reexamined and its role in the first redaction of the Danish medieval laws is revealed as far more central than previously thought. This is the first time the text has been translated into English, and both the original Latin and the new English translation are included together. Beginning with a detailed introduction providing key information about the text, its author and its place in Danish legal history, and including a chapter dedicated to the Latin language of the text, this book will be ideal for students and scholars of medieval Scandinavian legal history. It also concludes with an extensive Latin-to-English glossary.

Liber Librorum Henry Dunn, Henry Liber, 2016-05-17 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries

around the world), and other notations in the work.This work is in the public domain in the United States of America, and possibly other nations.
