Elsevier's Dictionary of Financial and Economic Terms Martha Uriona, Kwacz J. D., 1999-12-01 In the field of business, finance and economy, the English language has taken first place, even between people, institutions and countries whose respective native tongues are foreign to the English language. Spanish has become a very necessary language in different countries, thus, the combination of both languages provides an instrument of communication that is indispensable and unavoidable. This dictionary takes into account the frequent difficulties which economists, financiers, interpreters and others may have, in fully understanding the scope of a given field, expressions or even words, that in the highly specialised jargon of economics have acquired very concise meanings. Intensive research into definitions in the extremely vast field of economics, finance and business, has produced a dictionary well designed to fulfill the needs of users of a two-language dictionary. Proper and very factual explanations and definitions are given for each word or group of words, thus making absolutely clear to professionals which term to use.

Diccionario de términos económicos, financieros y comerciales Enrique Alcaraz Varó,Brian Hughes,José Mateo Martínez,2012 El vocabulario del mundo económico se asocia principalmente con tres grandes bloques: la economía, las finanzas y el comercio. Aunque en principio pueda parecer que existe una sola terminología común a estos tres campos, entre ellos se detectan marcadas diferencias. Por ejemplo, el registro del lenguaje económico es, por lo general, formal y académico. En cambio, el del lenguaje financiero tiene una vena más informal en la que predomina el léxico anglosajón, el de las imágenes expresivas y lúcidas (last looking, concert party, fan club), así como siglas o formas léxicas mutiladas (chips, chaps, tom). Finalmente, el vocabulario del comercio, por tener su origen en el normando antiguo, participa de los dos registros, el coloquial y el formal. Estas diferencias léxicas y su reflejo en los dos idiomas se recogen en las dos partes (inglés-español / Spanish-English) del Diccionario de términos económicos, financieros y comerciales. Esta obra se dirige principalmente a los traductores y a los estudiosos y profesionales de las distintas ramas de las ciencias económicas y

empresariales, y del comercio internacional. El diccionario consta de más de 25.000 entradas en cada una de las partes y se han incluido los términos ingleses más modernos del mundo de los negocios, de los que se da no sólo su traducción al español, sino también una breve explicación, acompañada casi siempre de un ejemplo de uso o de la oportuna remisión a algún término relacionado. En lo que se refiere al español, se tiene muy en cuenta los términos del mundo económico acuñados recientemente. Con estos planteamientos, se ha creado un instrumento de trabajo útil, práctico y fácil de manejar, y una fuente de información fresca y actual.

The Regiment of Princes Thomas Hoccleve,1999-11-01 Thomas Hoccleve was born in 1367 and entered government service as clerk in the office of the Privy Seal in 1387, an office that he held until his death in 1426. His earliest datable poem (the Epistle of Cupid, a free translation of Christine de Pisan's Epistre au Dieu d'Amour) was completed about 1402. The Regiment of Princes, written about 1410-11, was composed at a time when England was still feeling the consequences of the deposition of Richard II. Essentially it is addressed to a prince on the subject of his governance, but it exhibits considerable generic instability and thus raises fundamental questions about how we should understand the tone of considerable portions of the poem. For all the problems it presents, The Regiment shows that Hoccleve has strengths as a poet. At times he could be a very talented prosodist. In autobiographical sections of the poem he creates a most interesting early-modern subjectivity. He has distinctive observations to make about his time, and, in his self-critical awareness, probes the limits of what it means to be a poet writing in the wake of Chaucer.
