Girls Like Us Cristina Alger,2021-07-27 The instant New York Times bestseller, for the first time in mass market: Worlds collide when an FBI agent investigates a string of grisly murders on Long Island and faces the impossible question: What happens when the primary suspect is your father? FBI agent Nell Flynn hasn't been home in ten years. Nell and her father, Homicide Detective Martin Flynn, have never had much of a relationship. And Suffolk County will always be awash in memories of her mother, Marisol, who was murdered when Nell was just seven. When Martin dies in a motorcycle accident, Nell returns to the house where she grew up so that she can spread her father's ashes and close his estate. At the behest of her father's partner, Detective Lee Davis, Nell becomes involved in an investigation into the murders of two young women in Suffolk County. The further Nell digs, the more likely it seems to her that her father should be the prime suspect--and that his friends on the police force are covering his tracks. Plagued by doubts about her mother's murder, and her own role in exonerating her father in that case, Nell can't help but ask questions about who killed the two women and why. But she may not like the answers she finds--not just about those she loves, but about herself.

But when a girl's body is found in the lake, Kay's carefully constructed life begins to topple. Damaged Like Us Krista Ritchie,Becca Ritchie,2017-06-27 Don't date your bodyguard. It was the one rule he had to break. Maximoff Hale is a force of nature. A ship unwilling to be steered. Headstrong, resilient, and wholly responsible — the twenty-two-year-old alpha billionaire can handle his unconventional life. By noon, lunch can turn into a mob of screaming fans. By two, his face is all over the internet. Born into one of the most famous families in the country, his celebrity status began at birth. He is certified American royalty. When he's assigned a new 24/7 bodyguard, he comes face-to-face with the worst case scenario: being attached to the tattooed, MMA-trained, Yale graduate who's known for "going rogue" in the security team — and who fills 1/3 of Maximoff's sexual fantasies. Twenty-seven-year-old Farrow Keene has one job: protect Maximoff Hale. Flirting, dating, and hot sex falls far, far out of the boundary of his bodyguard duties and into "termination" territory. But when feelings surface, protecting the sexy-as-sin, stubborn celebrity becomes increasingly complicated. Together, boundaries blur, and being exposed could mean catastrophic consequences for both.

Weeds Like Us Gunter Nitsch,2008 The uprooting of seven million civilians - women, children, and elderly men - from their homes in the German provinces of East Prussia, Pomerania, and Silesia following World War II is largely unknown in the United States. Weeds Like Us is a gripping true adventure

story about the author's own East Prussian family. The author's earliest years were spent in relative comfort on his grandfather's farm in East Prussia during World War II. For him, life in Hitler's Germany was the natural order of things. Then, in January 1945, just after the author's seventh birthday, the Russians rolled into East Prussia. Full of unexpected twists and turns, *Weeds Like Us* tells the story of what happened over the next six years, as the author's family tried to make its way safely to the West.

Lovers Like Us Krista Ritchie, Becca Ritchie, 2017-10-31 Twenty-seven-year-old Farrow Keene lives by his actions, and his actions say he's the best at whatever he does. As a 24/7 bodyguard and the new boyfriend to Maximoff Hale, protecting the headstrong, alpha billionaire has never been more complicated. And one rule can't be bent: Keep your relationship secret from the public. Farrow is confident he's the best man for the job. But a twist in Maximoff's fast-paced life sticks them with the rest of Security Force Omega and their clients. On the road. In a sleeper tour bus. For four rocky months. Sexual frustrations, check. Road trip drama, check. Awkward bonding, check. But Farrow couldn't have accounted for a high-risk threat (identity: unknown) that targets Maximoff before the ignition even turns. And it hits Farrow — someone has it out for the guy he loves. Every day, Maximoff & Farrow's feelings grow stronger, and together, they'll either sink or swim. The *Like Us* series is a true series, one continuous timeline, that follows a family of wealthy celebrities and the people that protect them.

The Strays Like Us Cecilia Galante, 2018-06-26 From the award-winning author of *The Patron Saint of Butterflies* and *The World from Up Here* comes a story of a girl who finds friendship where she least expects it. From the moment Fred (never Winifred!) spots a scruffy little mutt with sad eyes, she knows she's in big trouble. Toby's in bad shape, and Fred longs to rescue him from the old man with the mile-long mean streak who lives next door. But Margery -- the straight-talking woman who is fostering Fred -- says going over to their house is against the rules. And since Fred will only be around until her mother comes to grips with her dependence, Fred can't let herself care too deeply. Not about Toby or Margery or Delia, a new classmate whose insistent friendship surprises Fred at every turn. Because the more Fred lets this lovable band of misfits into her heart, the harder it'll be to leave them all behind. In this story of loss and love, acclaimed author Cecilia Galante examines life's difficult choices and how a girl plus the dog she loves can add up to finding family in the most unlikely places.

Sinful Like Us Krista Ritchie, Becca Ritchie, 2019-09-10 HOW CAN IT BE WRONG IF IT FEELS SO GOOD Dating an American princess comes with a massive amount of baggage—all of which I'm willing to carry strapped on my back in quicksand and through seven hells. But Jane Cobalt's baggage, I'm unprepared for. It comes in the form of her five equally famous and notoriously hard-to-please brothers. I want Jane. Completely. Unconditionally. But when there's a trip scheduled that I can't be a part of, I only have one option. It's immoral. Something I'd never consider until now. But, hell, there's got to be some perks to being a twin. So I'm doing it. I'm switching places with my brother. Done and done. It should have been easy. There were little consequences. Until

the storm hit.

Crazy Like Us Ethan Watters, 2010-01-12 It is well known that American culture is a dominant force at home and abroad; our exportation of everything from movies to junk food is a well-documented phenomenon. But is it possible America's most troubling impact on the globalizing world has yet to be accounted for? In *Crazy Like Us*, Ethan Watters reveals that the most devastating consequence of the spread of American culture has not been our golden arches or our bomb craters but our bulldozing of the human psyche itself: We are in the process of homogenizing the way the world goes mad. America has been the world leader in generating new mental health treatments and modern theories of the human psyche. We export our psychopharmaceuticals packaged with the certainty that our biomedical knowledge will relieve the suffering and stigma of mental illness. We categorize disorders, thereby defining mental illness and health, and then parade these seemingly scientific certainties in front of the world. The blowback from these efforts is just now coming to light: It turns out that we have not only been changing the way the world talks about and treats mental illness -- we have been changing the mental illnesses themselves. For millennia, local beliefs in different cultures have shaped the experience of mental illness into endless varieties. *Crazy Like Us* documents how American interventions have discounted and worked to change those indigenous beliefs, often at a dizzying rate. Over the last decades, mental illnesses popularized in America have been spreading across the globe with the speed of contagious diseases. Watters travels from China to Tanzania to bring home the unsettling conclusion that the virus is us: As we introduce Americanized ways of treating mental illnesses, we are in fact spreading the diseases. In post-tsunami Sri Lanka, Watters reports on the Western trauma counselors who, in their rush to help, inadvertently trampled local expressions of grief, suffering, and healing. In Hong Kong, he retraces the last steps of the teenager whose death sparked an epidemic of the American version of anorexia nervosa. Watters reveals the truth about a multi-million-dollar campaign by one of the world's biggest drug companies to change the Japanese experience of depression -- literally marketing the disease along with the drug. But this book is not just about the damage we've caused in faraway places. Looking at our impact on the psyches of people in other cultures is a gut check, a way of forcing ourselves to take a fresh look at our own beliefs about mental health and healing. When we examine our assumptions from a farther shore, we begin to understand how our own culture constantly shapes and sometimes creates the mental illnesses of our time. By setting aside our role as the world's therapist, we may come to accept that we have as much to learn from other cultures' beliefs about the mind as we have to teach.

Creatures Like Us? Lynne Sharpe, 2015-11-24 As a child brought up among animals, Lynne Sharpe never doubted they were essentially 'creatures like us'. It came as a shock to learn that others did not agree. Here she exposes the bizarre way in which many philosophers - including even some great and humane ones - have repeatedly talked and written about animals. They have discussed the topic in terms of non-existent abstract 'animals', conceived as defective humans, entirely neglecting the experience of people who have wide practical knowledge of companion animals - such as horses and dogs - through working with them. She testifies to the interesting nature of these creatures' lives, noting that the usual narrow approach to animals carries with it also a distorted notion of human life as essentially cerebral and language-centred.

Sisters Like Us Susan Mallery, 2018-01-23 The grass is always greener on your sister's side of the fence... Divorce left Harper Szymanski with a name no one can spell, a house she can't afford and a teenage daughter who's pulling away. With her fledgling virtual-assistant business, she's scrambling to maintain her overbearing mother's ridiculous Susie Homemaker standards and still pay the bills, thanks to clients like Lucas, the annoying playboy cop who claims he hangs around for Harper's fresh-baked cookies. Spending half her life in school hasn't prepared Dr. Stacey Bloom for her most daunting challenge—motherhood. She didn't inherit the nurturing gene like Harper and is in deep denial that a baby is coming. Worse, her mother will be horrified to learn that Stacey's husband plans to be a stay-at-home dad...assuming Stacey can first find the courage to tell Mom she's already six months pregnant. Sisters Like Us is a delightful look at sisters, mothers and daughters in today's fast-paced world, told with Susan Mallery's trademark warmth and humor.

Wild Like Us Krista Ritchie, Becca Ritchie, 2020-11-17 One is new to love. One is bad at love. One denies love. Twenty-one-year-old, foul-mouthed Olympian, Sullivan Meadows, just made a huge mistake. Akara Kitsuwon & Banks Moretti are best friends, sworn to protect each other and their client Sullivan. But upon hearing her confession, their reactions aren't what Sulli expects. They're all friends anyway. Just friends. Solid, good friends. Right? As the three embark on the road to Yellowstone, tension builds and close quarters leave no secrets behind. Feelings for her childhood friendship with Akara—that teasing, flirty leader—grow hotter, but so do her feelings for Banks, the rugged, heart-melting Marine. Oscar's friends warned him not to fall for the straight guy, but flirty, sexy-as-hell Jack Highland made that difficult. Now Jack has Oscar's sweater. His belt. His bandana. And Oscar

seriously wants them back. As for Jack – well, Jack wants a lot of things. But for the first time in this confident filmmaker's life, he's absolutely 100%... confused. Add another ultra-complication in a sea of complicated: Enter Charlie Cobalt. The enigmatic famous one that Oscar is sworn to protect wants his own show, and he's asked Jack to film it. People Like Us Sayu Bhojwani, 2018-10-16 The inspiring story of political newcomers (sometimes also newcomers to America) who are knocking down built-in barriers to creating better government The system is rigged: America's political leadership remains overwhelmingly white, male, moneyed, and Christian. Even at the local and state levels, elected office is inaccessible to the people it aims to represent. But in *People Like Us*, political scientist Sayu Bhojwani shares the stories of a diverse and persevering range of local and state politicians from across the country who are challenging the status quo, winning against all odds, and leaving a path for others to follow in their wake. In Anaheim, California, a previously undocumented Mexican American challenges the high-powered interests of the Disney Corporation to win a city council seat. In the Midwest, a thirty-something Muslim Somali American unseats a forty-four-year incumbent in the Minnesota house of representatives. These are some of the foreign-born, lower-income, and of-color Americans who have successfully taken on leadership roles in elected office despite xenophobia, political gatekeeping, and personal financial concerns. In accessible prose, Bhojwani shines a light on the political, systemic, and cultural roadblocks that prevent government from effectively representing a rapidly changing America, and offers forward-thinking solutions on how to get rid of them. *People Like Us* serves as a road map for the burgeoning democracy that has been a long time in the making: inclusive, multiracial, and unstoppable.
