Lime 5 Mark Crutcher, 1996 LIME 5 is a compelling 320-page expose of the American abortion industry written by pro-life activist, Mark Crutcher. A unique & uncensored look at America's most wrenching social issue, it is certain to become required reading for people on both sides of the issue as well as those caught in the middle. Containing 738 endnotes, it documents that women are being sexually assaulted, injured & mutilated inside abortion clinics in numbers that have never before been made public. It also details how pro-choice organizations have used raw political power to fight off regulation of their industry, while simultaneously refusing to self-police. And in one of its most powerful chapters, it exposes a massive cover-up of abortion industry disasters being carried out by an agency of the U.S. Government. Other subjects covered include: how the abortion industry is collapsing because of the abysmal toll abortions take on the people who perform them; the medical evidence that there may be a connection between the rise in America's abortion rate & its parallel rise in breast cancer; the often overwhelming barriers faced by abortion-injured women who seek compensation in the court system; & practical suggestions for solving these problems. Bitter Brew William Knoedelseder,2012-11-06

“Bitter Brew deftly chronicles the contentious succession of kings in a uniquely American dynasty. You’ll never crack open a six again without thinking of this book.” –John Sayles, Director of Eight Men Out and author of A Moment in the Sun The creators of Budweiser and Michelob beers, the Anheuser-Busch company is one of the wealthiest, most colorful and enduring family dynasties in the history of American commerce. In Bitter Brew, critically acclaimed journalist William Knoedelseder tells the riveting, often scandalous saga of the rise and fall of the dysfunctional Busch family—an epic tale of prosperity, profligacy, hubris, and the dark consequences of success that spans three centuries, from the open salvos of the Civil War to the present day.

The Adventures of Jack Lime James Leck,2010 A film-noir novel featuring a hard-boiled, narcoleptic teenage PI who solves mysteries for his fellow high schoolers.

Lime's Photograph Leif Davidsen,2011-05-31 Peter Lime is trained to hunt down his prey and catch them on film. But now he is the one being hunted. Whose prey has he become? And what is it that he has that these people will kill to get? Lime is a Danish paparazzo, living in Madrid. For more than 20 years he has stalked and captured the rich and famous on film, making vast sums of money from exposing their secrets - the more salacious the image, the bigger the fee. But lately he's been

thinking of giving it up. His wife and child have changed his life, and now he dreams of doing a job that his daughter can be proud of. Then he goes on a routine assignment, snapping a Spanish minister out sailing with his mistress, and suddenly his world is turned upside down. When a fire destroys his home, but not all of his photographs, Lime sets out to discover a motive and finds himself drawn into the complex and terrifying web of international terrorism.

Lime Creek Joe Henry, 2011-06-14 In this wonderful work of fiction, Joe Henry explores the complex relationship between a father and his sons, whose deep connections to one another, to the land, and to the creatures that inhabit it give meaning to their lives. Spencer Davis, his wife, Elizabeth, and their sons, Luke, Whitney, and Lonny, work with horses and with their hands. They spend long relentless days cutting summer hay and feeding it to their cattle through fierce Wyoming winters. The family bears witness to the cycle of life, bringing foals into the world and deciding when to let a favored mare pass on to the next. As Luke grows older, falls in love, and begins to assert his independence, Spencer strives to impart the wisdom of this way of life to his headstrong son, whatever the cost. Moving, powerful, and beautifully rendered, Lime Creek brings readers into the lives of this unforgettable family and into a world that, though often harsh, is lit by flashes of spectacular grace.

Lime in Salt Brian Karre, 2019-11-13 Red Brooking puts together Boca Raton beach chaise lounge chairs for a living. He has had a limited number of what he describes as real moments in his life. Red defines real moments as vivid memories or unforgettable experiences. His time with the opposite sex hasn't left him with much to think back on either. This self-proclaimed loser never gets the girl. Anne, an acquaintance and former love interest, signs Red up for a vacation getaway that may give him the real moment he has always been looking for: a trip to Fog Post Rest, a reclusive hideaway just inside the Canadian border. On the trip to this exclusive resort Red encounters the Rainbow Harrier, a bird rarely seen by man. This is something he will never forget. While there, Red chases women and gets to know the local folk. He spends long nights down at the Old Canadian Ice Tavern and splashes a little life on his arid, barren existence. But does he get the girl? The guy always has to get the girl, right?
