**The History of al-Ṭabarī Vol. 12** Abū Jaʿfar Muḥammad ibn Jarīr al-Ṭabarī, 1992-01-01 The present volume of the History of al-Ṭabarī deals with the years 14 and 15 of the Islamic era, which correspond to A.D. 635-637. The nascent Islamic state had just emerged victorious from the crisis that followed the Prophet's death in 632 and had suppressed what was known as the riddah (apostasy) rebellion in the Arabian peninsula. Under the leadership of ʿUmar ibn al-Khaṭṭāb, the second caliph, or successor to the Prophet Muhammad, the Muslims embarked on the conquests that would soon transform the whole of the Middle East and North Africa into an Arab empire. Most of the present volume describes the battle of al-Qādisiyyah, which took place on the border between the fertile Iraqi lowlands (al-sawad) and the Arabian desert and resulted in the decisive defeat of the Persian army. The Muslim victory at al-Qādisiyyah heralded the downfall of the Sasanian dynasty, which had ruled Persia and Mesopotamia since A.D., the third century; it also paved the way for the conquest of Iraq and facilitated Islamic expansion in Persia and beyond. The volume also deals with the conquest of Syria and Palestine and the Expulsion of the Byzantines from those regions. Particular attention is devoted to the traditions related to the conquest of Jerusalem at the hands of ʿUmar ibn al-Khaṭṭāb, the first Muslim prayer on the Temple Mount, and its transformation into an Islamic sanctuary. The volume contains colorful descriptions of the various battles, expatiations on the bravery of the Muslim warriors, and portrayals of the futile negotiations between the parties before the beginning of hostilities. It thus provides the reader with a fascinating insight into the later Muslim traditions related to those crucial events of early Islamic history.

**The History of al-Ṭabarī Vol. 13** Abū Jaʿfar Muḥammad ibn Jarīr al-Ṭabarī, 1989-07-28 This volume deals with the aftermath of the decisive battle at al-Qādisiyyah described in the previous volume. First, the conquest of southern Iraq is consolidated; in rapid succession there follow the accounts of the battles at Burs and Bābil. Then in 16/637 the Muslim warriors make for the capital al-Mada'in, ancient Ctesiphon, which they conquer after a brief siege. The Persian king seeks refuge in Ḥulwān, leaving behind most of his riches, which are catalogued in great detail. In the same year the Muslim army deals the withdrawing Persians another crushing blow at the battle of Jalūlā'. This volume is important in that it describes how the newly conquered territories are at first administered. As the climate of al-Mada'in is felt to be unwholesome, a new city is planned on the Tigris. This is al-Kūfah, which is destined to play an important role as the capital city of the fourth caliph, 'Alī. The planning of al-Kūfah is set forth in considerable detail, as is the building of its main features--the citadel and the great congregational mosque. After this interlude there follow accounts of the conquests of a string of towns in northern Mesopotamia, which bring the Muslim fighters near the border with al-Jazirah. That region is conquered in 17/638. The history of its conquest is preceded by an account of the Byzantines' siege of the city of Ḥimṣ. Also in this year, 'Umar is recorded to have made a journey to Syria, from which he is driven back by a sudden outbreak of the plague, the so-called Plague of 'Amawās. The scene then shifts back to southwestern Iran, where a number of cities are taken one after another. The Persian general al-Hurmuzān is captured and sent to

Medina. After this, the conquest of Egypt--said to have taken place in 20/641--is recorded.

The volume concludes with a lengthy account of the crucial battle at Nihawand of 21/642. Here the Persians receive a blow that breaks their resistance definitively. This volume abounds in sometimes very amusing anecdotes of man-to-man battles, acts of heroism, and bizarre, at times even miraculous events. The narrative style is fast-moving, and the recurrence of similar motifs in the historical expose lends them authenticity. Many of the stories in this volume may have begun as yarns spun around campfires. It is not difficult to visualize an early Islamic storyteller regaling his audience with accounts that ultimately found their way to the file on conquest history collected by Sayf ibn 'Umar, al-Ṭabarī's main authority for this volume. A discounted price is available when purchasing the entire 39-volume History of al-Ṭabarī set. Contact SUNY Press for more information.

**The Complete Black Book of Russian Jewry** Vasily Grossman, 2017-07-12 The Complete Black Book of Russian Jewry is a collection of eyewitness testimonies, letters, diaries, affidavits, and other documents on the activities of the Nazis against Jews in the camps, ghettos, and towns of Eastern Europe. Arguably, the only apt comparison is to The Gulag Archipelago of Alexander Solzhenitsyn. This definitive edition of The Black Book, including for the first time materials omitted from previous editions, is a major addition to the literature on the Holocaust. It will be of particular interest to students, teachers, and scholars of the Holocaust and those interested in the history of Europe. By the end of 1942, 1.4 million Jews had been killed by the Einsatzgruppen that followed the German army eastward; by the end of the war, nearly two million had been murdered in Russia and Eastern Europe. Of the six million Jews who perished in the Holocaust, about one-third fell in the territories of the USSR. The single most important text documenting that slaughter is The Black Book, compiled by two renowned Russian authors Ilya Ehrenburg and Vasily Grossman. Until now, The Black Book was only available in English in truncated editions. Because of its profound significance, this new and definitive English translation of The Complete Black Book of Russian Jewry is a major literary and intellectual event. From the time of the outbreak of the war, Ehrenburg and Grossman collected the eyewitness testimonies that went into The Black Book. As early as 1943 they were planning its publication; the first edition appeared in 1944. During the years immediately after the war, Grossman assisted Ehrenburg in compiling additional materials for a second edition, which appeared in 1946 (in English as well as Russian). Since the fall of the Soviet regime, Irina Ehrenburg, the daughter of Ilya Ehrenburg, has recovered the lost portions of the manuscript sent to Yad Vashem. The texts recover

**Shatibi's Philosophy of Islamic Law** Muhammad Khalid Masud Masud,2023-12-09 A welcome contributes to the small number of English language works on Islamic legal theory, and it is a work which all libraries that have an interest in Islamic Studies and cognate areas should acquire. Journal of Near Eastern Studies, 1982 Dr.Masud has clearly put much thought and effort into the making of Islamic Legal Philosophy, and the result is a work of which serious students of both Islamic modernism and of the history and theory of Islamic law will have to take account. It is a work that must be taken into consideration in any future research into the question of maslaha, for on this point the author shows himself capable of keen observation and insights... Bulletin of the School of Oriental and African Studies, 1979 Throughout the centuries, there has been a basic question asked among Islamic jurists and Muslims: Why did Allah issue the commandments that Allah did? While some schools of thought, such as the Ash'ari philosophers, think that this is an invalid question altogether (for if Allah had reasons for doing what Allah does or did, then He would be caused or compelled by some outside power, a theological impossibility) other schools have thought have gone to the other extreme, such as the Mutazilites, some of who have suggested Allah had to do what is best for humanity. Muhammad Khalid Masud's detailed consideration of one philosopher, al-Shatibi, others a much more complex consideration of possible principles behind the injunctions of Islamic law, Shari'ah. Primarily, this book is a consideration of the concept of maslaha, or the good, and the role it plays not only in the actual injunctions of Islamic law but also in reasoning about the law, making determinations in specific cases and what extent the concept of the good of humanity can provide insights into the law. Masud masterfully outlines the development of the concept of maslaha (his treatment of al-Razi being of particular importance) and sets the scene of al-Shatibi, during a time of great social change.

*WARP, Book 3: The Forever Man* Eoin Colfer, 2015-09-15 Riley, an orphan boy living in Victorian London, has achieved his dream of becoming a renowned magician, the Great Savano. He owes much of his success to Chevie, a seventeen-year-old FBI agent who traveled from the future in a time pod and helped him defeat his murderous master, Albert Garrick. But it is difficult for Riley to enjoy his new life, for he has always believed in his heart of hearts that Garrick will someday, somehow, return to seek vengeance. Chevie has assured Riley on numerous occasions that Garrick was sucked into a temporal wormhole, never to emerge. The full nature of the wormhole has never been understood, however, and just as a human body will reject an unsuitable transplant, the wormhole eventually spat him out. By the time Garrick makes it back to Victorian London, he has been planning his revenge on Riley for half a century. But even the best-laid plans can go awry, and when the assassin decides to include Chevie in his retaliation, the three are tossed once more into the wormhole with no idea where—or when—they will end up.

**The Boeing XF8B-1 Fighter** Jared A. Zichek, 2006-11-22 The Boeing XF8B-1 Five-in-One fighter was the last piston engine fighter built by Boeing and very nearly the last fighter built by the company until its merger with McDonnell Douglas in 1997. Conceived in 1943, the XF8B-1 was unusual for a naval fighter in having an internal bomb bay, tremendous range, and counter-rotating propellers, the latter necessitated by its huge Pratt & Whitney R-4360 Wasp Major engine, a 28-cylinder air-cooled radial that produced a staggering 3,500 hp. An exhaustive account based on extensive research at the National Archives and Boeing Historical Archive, this book contains an authoritative text along with hundreds of rare photos, general arrangement drawings, color profiles, artist's impressions, and extensive extracts from the pilot's and maintenance manuals.

**Jason Priestley** Jason Priestley, 2014-05-06 Jason Priestley, star of the iconic hit television series Beverly Hills, 90210 and one of the biggest teen idols of the 1990s, chronicles the highs and lows of his life and career in this charming and honest memoir. The hit Fox show Beverly Hills, 90210 became a cultural touchstone of the 1990s and propelled its young cast to megastardom, including Jason Priestley, who played honorable Midwestern transplant Brandon Walsh. Yet despite more than twenty years in and out of the limelight, Priestley has carefully maintained his privacy. In this compelling memoir, the actor, director, and race-car aficionado invites us into his private world for the first time. With humor, sincerity, and charm, Priestley offers little-known details about his life and stories of his nine years in America's most famous zip code. He talks candidly about celebrity, marriage, fatherhood, and his passion for car racing. He does not shy away from the devastating lows—his brief jail sentence for drunk driving and the crash at the Kentucky Speedway that nearly took his life. Priestley shares his innermost thoughts about life as a '90s icon, and goes beyond the Brandon Walsh squeaky-clean image, revealing the tumultuous events that have shaped him, and where he finds his greatest happiness today.
