Abdullah Yusuf Ali

Quran Talal Itani, 2014-08-17 Perhaps the best Quran English translation. It is clear, easy to read, and very faithful to the Arabic original. It closely follows the Arabic text, and often reminds the reader of the Arabic original. It uses today's English language, and today's English vocabulary, thus it is easy to read and understand. The flow is smooth, the sentence structure is simple, the meaning is clear. This Quran translation has no interpretations, no footnotes, and no explanations. It is a pure translation of the Quran, from Arabic to English, and it does not try to emphasize any school of thought. The text purely and accurately translates the Holy Quran, from Arabic, into contemporary English. It was translated by a Muslim, who saw firsthand the miracles inside the Quran. His native language is Arabic; his everyday language is American English. For 15 years, he studied the Quran. For many years, he translated speech between his mother and his wife. For a living, he develops quality software. This Quran translation is available in two editions. This edition (A) uses the word Allah to refer to the Creator. Edition (B) uses the word God. Quran Sura 91. The Sun. ash-Shams. In the name of Allah, the Gracious, the Merciful. 1. By the sun and its radiance. 2. And the moon as it follows it. 3. And the day as it reveals it. 4. And the night as it conceals it. 5. And the sky and He who built it. 6. And the earth and He who spread it. 7. And the soul and He who proportioned it. 8. And inspired it with its wickedness and its righteousness. 9. Successful is he who purifies it. 10. Failing is he who corrupts it. 11. Thamood denied in its pride. 12. When it followed its most wicked. 13. The messenger of Allah said to them, This is the she-camel of Allah, so let her drink. 14. But they called him a liar, and hamstrung her. So their Lord crushed them for their sin, and leveled it. 15. And He does not fear its sequel. The Quran is the last Book from the Creator. It contains guidance, mercy, and healing. The Quran is a blessing, within reach.

The Future of Islam John L. Esposito, 2010-02-04 John L. Esposito is one of America's leading authorities on Islam. Now, in this brilliant portrait of Islam today-- and tomorrow-- he draws on a lifetime of thought and research to provide an accurate, richly nuanced, and revelatory account of the fastest growing religion in the world. Here Esposito explores the major questions and issues that face Islam in the 21st century and that will deeply affect global politics: Is Islam compatible with modern notions of democracy, rule of law, gender equality, and human rights? How representative and widespread is Islamic fundamentalism and the threat of global terrorism? Can Muslim minority communities be loyal citizens in America and Europe? In the midst of these questions Esposito places an important emphasis on the issue of Islamophobia, the threat it poses, and its vast impact on politics and society in the US and Europe. He also turns the mirror on the US and Europe and paints a revealing portrait of how we appear to Muslims. Recent decades have brought extraordinary changes in the Muslim world, and in addressing these issues, Esposito paints a complex picture of Islam in all its diversity--a picture of urgent importance as we face the challenges of the coming century.

Quran: A Simple English Translation (Goodword ! Koran) Maulana Wahiduddin Khan (Translator) ,2013-12-19 The Quran, a book which brings glad tidings to mankind along with divine admonition, stresses the importance of man's discovery of truth on both spiritual and intellectual planes. Every book has its objective and the objective of the Quran is to make man aware of the Creation plan of God. That is, to tell man why God created this world; what the purpose is of settling man on earth; what is required from man in his pre-death life span, and what he is going to confront after death. The purpose of the Quran is to make man aware of this reality, thus serving to guide man on his entire journey through life into the after-life. The main themes of the Quran are enlightenment, closeness to God, peace and spirituality. The Quran uses several terms, tawassum, tadabbur, and tafakkur, which indicate the learning of lessons through reflection, thinking and contemplation on the signs of God scattered across the world. The present translation of the Quran and its explanatory notes are written keeping in mind these very themes. Koran, Qur'an, Coran, Kuran, Islam, Prophet Muhammad

Approaching the Qur'an Michael Sells,2023-10-05 Approaching the Qur'an presents brilliant translations of the short, hymnic chapters, or Suras, associated with the first revelations to the Prophet Muhammad. These early Suras contain some of the most powerful, prophetic, and revelatory passages in religious history, offering the vision of a meaningful and just life that anchors the faith of one fifth of the world's inhabitants. An ideal resource for students and interested lay readers, this third edition also includes a new full Sura and associated commentary, a new preface, and a thoroughly updated bibliography.

Bridges Translation of the Ten Qira'at of the Noble Qur'an Fadel Soliman,2020-01-31 Bridges' translation aims to help non-Arabic readers in pondering the Qur'an (tadabbor). The translators focused not only on translating what God meant to say, but also on translating how He spoke. There are three main new features in this translation that make it unique: 1. It is the first translation which includes the ten Qira'at (modes of recitation). The main text is written in accordance with the Qira'a of Asem, narrated by Hafs. Variations from that are presented in footnotes denoted by 'Q'. The translation presents around 30% of the variations of the Qira'at--those which affect the meaning. 2. It is the first translation that takes into consideration the Qur'anic phenomenon of grammatical shifts, whether in verb tenses, numbers, or pronouns. These are a great source of pondering for the reader. 3. To denote whether a pronoun like 'you' or an imperative verb like 'say' is plural, dual, or singular, the translators did not impose their understanding on the reader by adding text between brackets like (O Prophet) to denote singular form, or (O mankind) to denote plural form. Rather, this distinction was achieved by adding a superscript after pronouns and imperative verbs. For example: you^{pl} is used for a plural pronoun, you^{sg} for a singular pronoun, and you^{dl} for a dual pronoun.
