Planet Funny Ken Jennings, 2019-07-09 A Kirkus Reviews Best Book of the Year The witty and exuberant New York Times bestselling author and record-setting Jeopardy! champion Ken Jennings relays the history of humor in “lively, insightful, and crawling with goofy factlings,” (Maria Semple, author of *Where’d You Go Bernadette*)—from fart jokes on clay Sumerian tablets to the latest Twitter gags and Facebook memes. Where once society’s most coveted trait might have been strength or intelligence or honor, today, in a clear sign of evolution sliding off the trails, it is being funny. Yes, funniness. Consider: Super Bowl commercials don’t try to sell you anymore; they try to make you laugh. Airline safety tutorials—those terrifying laminated cards about the possibilities of fire, explosion, depressurization, and drowning—have been replaced by joke-filled videos with multimillion-dollar budgets and dance routines. Thanks to social media, we now have a whole Twitterverse of amateur comedians riffing around the world at all hours of the day—and many of them even get popular enough online to go pro and take over TV. In his “smartly structured, soundly argued, and yes—pretty darn funny” (Booklist, starred review) *Planet Funny*, Ken Jennings explores this brave new comedic world and what it means—or doesn’t—to be funny in it now. Tracing the evolution of humor from the caveman days to the bawdy middle-class antics of Chaucer to Monty Python’s game-changing silliness to the fast-paced meta-humor of *The Simpsons*, Jennings explains how we built our humor-saturated modern age, where lots of us get our news from comedy shows and a comic figure can even be elected President of the United States purely on showmanship. “Fascinating, entertaining and—I’m being dead serious here—important” (A.J. Jacobs, author of *The Year of Living Biblically*), *Planet Funny* is a full taxonomy of what spawned and defines the modern sense of humor.

Batman (1940-) #498 Doug Moench, 2014-11-22 Enjoy this great comic from DC’s digital archive!

Minor Histories Mike Kelley, 2004-02-06 The second volume of writings by Los Angeles artist Mike Kelley, focusing on his own work. What John C. Welchman calls the blazing network of focused confluences from which Mike Kelley's styles are generated is on display in all its diversity in this second volume of the artist's writings. The first volume, *Foul Perfection*, contained thematic essays and writings about other artists; this collection concentrates on Kelley's own work, ranging from texts in voices that grew out of scripts for performance pieces to expository critical and autobiographical writings. *Minor Histories* organizes Kelley's writings into five sections. Statements consists of twenty pieces produced between 1984 and 2002 (most of which were written to accompany exhibitions), including *Ajax*, which draws on Homer, Colgate- Palmolive, and Longinus to present its eponymous hero; *Some Aesthetic High Points*, an exercise in autobiography that counters the standard artist bio included in catalogs and press releases; and a sequence of creative writings that use mass cultural tropes in concert with high art mannerisms—approximating in prose the visual styles that characterize Kelley's artwork. Video Statements and Proposals are introductions to videos made by Kelley and other artists, including Paul McCarthy and Bob Flanagan and Sheree Rose. Image-Texts offers writings that accompany or are part of artworks and installations. This section includes *A Stopgap Measure*, Kelley's zesty millennial essay in social satire, and *Meet John Doe*, a collage of appropriated texts. Architecture features an discussion of Kelley's Educational Complex (1995) and an interview in which he reflects on the role of architecture in his work. Finally, *Ufology* considers the aesthetics and sexuality of space as manifested by UFO sightings and abduction scenarios.
