Reality Bites Back Jennifer L. Pozner,2010-10-19
Nearly every night on every major network, “unscripted” (but carefully crafted) “reality” TV shows routinely glorify retrograde stereotypes that most people would assume got left behind 35 years ago. In Reality Bites Back, media critic

Jennifer L. Pozner aims a critical, analytical lens at a trend most people dismiss as harmless fluff. She deconstructs reality TV's twisted fairytales to demonstrate that far from being simple "guilty pleasures," these programs are actually guilty of fomenting gender-war ideology and significantly affecting the intellectual and political development of this generation's young viewers. She lays out the cultural biases promoted by reality TV about gender, race, class, sexuality, and consumerism, and explores how those biases shape and reflect our cultural perceptions of who we are, what we're valued for, and what we should view as "our place" in society. Smart and informative, Reality Bites Back arms readers with the tools they need to understand and challenge the stereotypes reality TV reinforces and, ultimately, to demand accountability from the corporations responsible for this contemporary cultural attack on three decades of feminist progress.

The ABC's of Effective Leadership Tom

Massey,2010 The ABC's of Effective Leadership provides insights and practical tools that will enable those in leadership positions to improve their performance, accelerate process development, and succeed in a world that is constantly changing. It will help leaders bring out the best in people whether they work in corporations, educational institutions, government offices, small businesses, churches, or other not-for-profit groups. An effective leader is someone who stands out from the crowd, challenging the status quo, and doing the unexpected in search of new directions. They are catalysts for change by pushing the envelope and challenging others to think outside-the-box. Effective leaders are trustworthy individuals who lead by example and deliver on their promises. They treat people with respect and fairness. They get things done efficiently through their influence and are able to convey a compelling vision of the future. If you are ready to bring changes in attitude, creativity, buy-in, and commitment to your business, this book will benefit you. It follows a simple ABC format. Each letter of the alphabet is represented by two words. Each word, 52 in all, is presented as a weekly tip for improving effective leadership skills. Each weekly tip includes a brief narrative or story, a practical application, and a daily affirmation. For example, here are the affirmations from the sections for the letters A and B: Acknowledgement-Everyone wants to feel important!- I acknowledge others and make them feel important to me by giving them the gifts of time and attention. Adversity-Struggle gives birth

to progress!- I become better each day in every way by treating adversity in my life and others' as opportunities to grow in strength and wisdom.Become.the change you wish to see!- I model effective leadership by becoming the change that I want to see in the world.Break Away.from old thought patter
