Lady Knight Tamora Pierce,2007-12-18 The stunning conclusion to the New York Times bestselling series from the fantasy author who is a legend herself: TAMORA PIERCE. Victory is not always what it seems. Keladry of Mindelan has finally achieved her lifelong dream of becoming a knight—but it’s not quite what she imagined. In the midst of a brutal war, Kel has been assigned to oversee a refugee camp. She’s sure it’s because Lord Wyldon still doesn’t see her as equal to the men. Nevertheless, she’s learning the importance of caring for people who have been robbed of their homes, wealth, and self-respect. Perhaps this battle is as important as the war with Scanra? When Kel has a vision of the man behind the horrific killing devices that her friends are fighting without her, will she honor her sworn duty . . . or embark on a quest that could turn the tide of the war? More timely than ever, the Protector of the Small series is Anti-Bullying 101 while also touching on issues of bravery, friendship, and dealing humanely with refugees against a backdrop of an action-packed fantasy adventure. Tamora Pierce's books shaped me not only as a young writer but also as a young woman. She is a pillar, an icon, and an inspiration. Cracking open one of her marvelous novels always feels like coming home. —SARAH J. MAAS, #1 New York Times bestselling author Tamora Pierce didn't just blaze a trail. Her heroines cut a swath through the fantasy world with wit, strength, and savvy. Her stories still lead the vanguard today. Pierce is the real lioness, and we're all just running to keep pace. —LEIGH BARDUGO, #1 New York Times bestselling author

A determined Owl builds strength and confidence in this medieval picture book about the real mettle of a hero: wits, humor, and heart. Since the day he hatched, Owl dreamed of becoming a real knight. He may not be the biggest or the strongest, but his sharp nocturnal instincts can help protect the castle, especially since many knights have recently gone missing. While holding guard during Knight Night Watch, Owl is faced with the ultimate trial—a frightening intruder. It’s a daunting duel by any measure. But what Owl lacks in size, he makes up for in good ideas. Full of wordplay and optimism, this surprising display of bravery proves that cleverness (and friendship) can rule over brawn.

Miguel's Brave Knight Margarita Engle,2023-02-21 Miguel de Cervantes Saavedra finds refuge from his difficult childhood by imagining the adventures of a brave but clumsy knight. This fictionalized first-person biography in verse of Miguel de Cervantes Saavedra follows the early years of the child who grows up to pen Don Quixote, the first modern novel. The son of a vagabond barber-surgeon, Miguel looks to his own imagination for an escape from his family's troubles and finds comfort in his colorful daydreams. At a time when access to books is limited and imaginative books are considered evil, Miguel is inspired by storytellers and wandering actors who perform during festivals. He longs to tell stories of his own. When Miguel is nineteen, four of his poems are published, launching the career of one of the greatest writers in the Spanish language. Award-winning author Margarita Engle's distinctive picture book depiction of the childhood of the father of the modern novel, told in a series of free verse poems, is enhanced by Raúl Colón's stunning illustrations. Back matter includes a note from both the author and illustrator as well as additional information on Cervantes and his novel Don Quixote.
