Memoirs from the Turbulent Years and Beyond

Hubert Poetschke, 2008-09-18 In the Introduction, I briefly examined the war between born again Poland in 1918 after over 120 years of foreign oppression and the Bolshevik/Communist Russia in 1920. This was the first Bolshevik/Communist Russian Expansionist War. The Bolsheviks/Communists under the leadership of Lenin started this war, hoping for quick victory over a very weak Poland, just starting the unifying process after long oppression. Poland was partitioned by Germany, Russia, and the Austro-Hungarian Empire by the end of the eighteenth century. The goal of Lenin and his horde of Communist disciples, as well as of the Communist international banditry, was to conquer Poland. In addition, very soon afterward, they pushed into Germany, who was defeated in WWI and struggling economically with no army and very poor people. German Communists were trying to fully exploit this situation and start a revolution immediately after Poland was defeated

and opened the door to Western Europe for Communist conquest. Unfortunately for Lenin, the mass murderer and his Communist Red Army hordes, it was no victory. They were defeated at Warsaw, and they retreated rapidly northeast and a few months later, they signed the Peace Treaty in Riga, Latvia. Poland saved the Western civilization and Christianity in 1920 and stopped the spread of Communism to Western Europe. In the next part, WWII, I described the start of the war by the Germans invading Poland from the west, north, and south. In addition, sixteen days later, the Communist Soviet Union invaded from the east according to the pact between Hitler and Stalin, made in August of 1939. The Germans were taking western Poland. The Communist Soviet Union was taking Eastern Poland as two bandits, Hitler and Stalin, divided the loot and started plundering Poland. Germany and the Communist Soviet Union were equal aggressors, and they were equally responsible for starting WWII. Our family lived in western Poland, which was occupied by Germans. It was a brutal occupation. The Germans started building the concentration camps, like Auschwitz and others; however, for the first two years of occupation, all the prisoners were Polish Christians. From about the middle of 1942 to Auschwitz, Polish Jews started coming, and shortly after, Jews from other European countries occupied by Germans also arrived. The Germans committed horrendous crimes against the Polish Christians and Polish Jews under their occupation. The daily life in western Poland became very difficult and dangerous. The underground resistance army, called

Home Army, was growing fast. The goal of the Home Army was to fight German occupants in many different forms. In eastern Poland, occupied by the Communist Soviet Union, the lives of the Polish people were dramatically becoming worse. They were methodically exterminated by Communist Soviets, the worst barbaric savages. The Communist Soviets were also sending Polish people by thousands daily to Siberian gulags, to slave labor. The Germans committed holocaust against Jewish people during WWII as well as holocausts against Polish people. The Communist Soviet Union, by order of Joseph Stalin and his Politburo, committed holocausts against Polish people in eastern Poland. During WWII, Poland had the highest loss of population by percentage of total population, about 25 percent, the highest percentage of any nation in the world. When WWII ended in 1945, Poland was devastated beyond imagination, and the worst part was that the German occupation was exchanged for Communist Soviet Union occupation, which would last for a very long forty-five years. The years 1945–1968, covers the period of establishing Communist control over Poland beginning in 1945 until 1948 by Communists sent to Poland from Moscow. This was a very difficult time, when the Communist Soviets' NKVD/KGB and the Polish Communist gover

Modigliani Meryle Secrest, 2011-03-01 "People like us . . . have different rights, different values than do ordinary people because we have different needs which put us . . . above their moral standards." —Modigliani Amedeo ("Beloved of God") Modigliani was considered to be the quintessential bohemian artist, his legend almost as infamous as Van Gogh's. In Modigliani's time, his work was seen as an oddity: contemporary with the Cubists but not part of their movement. His work was a link between such portraitists as Whistler, Sargent, and Toulouse-Lautrec and that of the Art Deco painters of the 1920s as well as the new approaches of Gauguin, Cézanne, and Picasso. Jean Cocteau called Modigliani "our aristocrat" and said, "There was something like a curse on this very noble boy. He was beautiful. Alcohol and misfortune took their toll on him." In

this major new biography, Meryle Secrest, one of our most admired biographers—whose work has been called “enthraling” (The Wall Street Journal); “rich in detail, scrupulously researched, and sympathetically written” (The New York Review of Books) —now gives us a fully realized portrait of one of the twentieth century’s master painters and sculptors: his upbringing, a Sephardic Jew from an impoverished but genteel Italian family; his going to Paris to make his fortune; his striking good looks (“How beautiful he was, my god how beautiful,” said one of his models) . . . his training as an artist . . . and his influences, including the Italian Renaissance, particularly the art of Botticelli; Nietzsche’s theories of the artist as Übermensch, divinely endowed, divinely inspired; the monochromatic backgrounds of Van Gogh and Cézanne; the work of the Romanian sculptor Brancusi; and the primitive sculptures of Africa and Oceania with their simplified, masklike triangular faces, elongated silhouettes, puckered lips, low foreheads, and heads on exaggeratedly long necks. We see the ways in which Modigliani’s long-kept-secret illness from tuberculosis (it almost killed him as a young man) affected his work and his attitude toward life ; how consumption caused him to embrace fatalism and idealism, creativity and death; and how he used alcohol and opium with laudanum as an antispasmodic to hide the symptoms of the disease and how, because of it, he came to be seen as a dissolute alcoholic. And throughout, we see the Paris that Modigliani lived in, a city in dynamic flux where art was still a noble cause; how

Modigliani became part of a life in the streets and a world of art and artists then in a transforming revolution; Monet, Cézanne, Degas, Renoir, et al.—and others more radical—Matisse, Derain, etc., all living within blocks of one another. Secrest's book, written with unprecedented access to letters, diaries, and photographs never before seen, is an extraordinary revelation of a life lived in art . . . Here is Modigliani, the man and the artist, seemingly shy, delicate, a man on a desperate mission, masquerading as an alcoholic, cheating death again and again, and calculating what he had to do in order to go on working and concealing his secret for however much time remained . . .
