Scotland's Voice in International Affairs Clive

Archer, John Main, 1980 In October 1977, the Scottish Branch of the Royal Institute of International Affairs established a study group to consider the representation of Scottish interests abroad. The members of the group were drawn from the Scottish universities as well as from business and banking in Scotland. The study began with a series of discussion meetings at which the group as a whole was able to draw on the knowledge and experience of, among others, Mr Alick Buchanan-Smith MP; Mr Stanley Budd, Head of the Edinburgh Office of the Commission of the European Communities; Mr J. Allan Stewart, Scottish Secretary of the Confederation of British Industry; Mr A.S. Halford-MacLeod of the Scottish Council (Development and Industry); and senior officials of the Scottish Office. Individual members of the group then undertook a programme of interviews with representatives of the fishing industry, in particular Mr Gilbert Buchan and Mr David Aitchison of the Scottish Fishermen's Federation, Mr James Lovie of the Scottish Fishermen's Organisation Ltd and Mr Robert Allan of the Scottish Section of the British Fishing Federation; with representatives of the agriculture industry, notably, Mr Michael Burnett of the National Farmers' Union of Scotland, Mr Dermot Gunn of the Scottish Agricultural Organisation Society and Mr A.F. Roney-Dougal of the Scottish Landowners' Federation; and with representatives of Scottish local authorities and the relevant departments of the Scottish Office.

Contesting Trade in Central America Rose J.

Spalding, 2014-04-01 In 2004, the United States, five Central American countries, and the Dominican Republic signed the Central American Free Trade Agreement (CAFTA), signaling the region's commitment to a neoliberal

economic model. For many, however, neoliberalism had lost its luster as the new century dawned, and resistance movements began to gather force. *Contesting Trade in Central America* is the first book-length study of the debate over CAFTA, tracing the agreement's drafting, its passage, and its aftermath across Central America. Rose J. Spalding draws on nearly two hundred interviews with representatives from government, business, civil society, and social movements to analyze the relationship between the advance of free market reform in Central America and the parallel rise of resistance movements. She views this dynamic through the lens of Karl Polanyi's double movement theory, which posits that significant shifts toward market economics will trigger oppositional, self-protective social countermovements. Examining the negotiations, political dynamics, and agents involved in the passage of CAFTA in Costa Rica, El Salvador, and Nicaragua, Spalding argues that CAFTA served as a high-profile symbol against which Central American oppositions could rally. Ultimately, she writes, post-neoliberal reform involves not just the design of appropriate policy mixes and sequences, but also the hard work of building sustainable and inclusive political coalitions, ones that prioritize the quality of social bonds over raw economic freedom.

Hotel America Lewis H. Lapham, 1995 Simpson, the grim inspections of the American soul conducted by the agents of both the pious left (no smoking cigarettes, no dirty water in the swimming pools, condoms in the schools) and the zealous right (no serial murders in the movies, no lesbians in the army, prayer in the schools), the media's use of history as wallpaper and elevator music, the dwindling significance of President Clinton (vanishing as mysteriously as the Cheshire cat) and the bombastic arrival of Newt Gingrich (a man for all grievances), the practice of

swindling the stockholders and the art of changing gossip into news.

Drysdale,J. W. Hayward,2023-03-20 Reprint of the original, first published in 1872. The publishing house Anatiposi publishes historical books as reprints. Southern Outcast David Brown,2006-10 Hinton Rowan Helper (1829--1909) gained notoriety in nineteenth-century America as the author of *The Impending Crisis of the South* (1857), an antislavery polemic that provoked national public controversy and increased sectional tensions. In his intellectual and cultural biography of Helper -- the first to appear in more than forty years -- David Brown provides a fresh and nuanced portrait of this self-styled reformer, exploring anew Helper's motivation for writing his inflammatory book. Brown places Helper in a perspective that shows how the society in which he lived influenced his thinking, beginning with Helper's upbringing in North Carolina, his move to California at the height of the Californian gold rush, his developing hostility

toward nonwhites within the United States, and his publication of *The Impending Crisis of the South*. Helper's book paints a picture of a region dragged down by the institution of slavery and displays surprising concern for the fate of American slaves. It sold 140,000 copies, perhaps rivaled only by *Uncle Tom's Cabin* in its impact. The author argues that Helper never wavered in his commitment to the South, though his book's devastating critique made him an outcast there, playing a crucial role in the election of Lincoln and influencing the outbreak of war. As his career progressed after the war, Helper's racial attitudes grew increasingly intolerant. He became involved in various grand pursuits, including a plan to link North and South America by rail, continually seeking a success that would match his earlier fame. But after a series of disappointments, he finally committed suicide. Brown reconsiders the life and career of one of the antebellum South's most controversial and misunderstood figures. Helper was also one of the rare lower-class whites who recorded in detail his economic, political, and social views, thus affording a valuable window into the world of nonslaveholding white southerners on the eve of the Civil War. His critique of slavery provides an important challenge to dominant paradigms stressing consensus among southern whites, and his development into a racist illustrates the power and destructiveness of the prejudice that took hold of the South in the late nineteenth century, as well as the wider developments in American society at the time.
