Bob and Harv's Comics Harvey Pekar,1996-11-05 Gathered here are the collected works of the titans of adults comics — legendary underground cartoonist R. Crumb and the high priest of comic-book naturalism (Newsweek) Harvey Pekar. The comic collision of these underground luminaries is funny, obsessive, ever-so-slightly neurotic, but always biting and honest.

De Gruyter Handbook of SME Entrepreneurship Marina Dabić,Sascha Kraus,2023-11-06 A small business is not a little big business. Small- and medium-sized enterprises (SMEs) are considered the engines of worldwide economies and the main sources of job creation. Management in these companies is different from management in larger/older enterprises with their already established concepts and instruments. In view of the high importance of SMEs in emerging, developing and developed economies worldwide, the De Gruyter Handbook of SME Entrepreneurship investigates the underlying mechanisms and practices of management within these companies with a focus on entrepreneurship, growth and innovation. It argues that it is time for a dedicated theory of SME Entrepreneurship to emerge. Entrepreneurial thinking and behavior in SMEs must be differentiated from that of start-ups and large companies. On the other hand, it also explores the different entrepreneurship manifestations that exist within a widely heterogeneous group of SMEs. The handbook provides a theoretical framework in which to understand, compare and contrast the complexity of SMEs in both domestic and international processes and addresses the strengths, achievements, and challenges of entrepreneurship in SMEs.

Vox Christina Dalcher,2019-07-16 THE NATIONAL BESTSELLER • ONE OF ENTERTAINMENT WEEKLY'S AND SHEREADS' BOOKS TO READ AFTER THE HANDMAID'S TALE “[An] electrifying debut.”—O, The Oprah Magazine “The real-life parallels will make you shiver.”—Cosmopolitan Set in a United States in which half the population has been silenced, Vox is the harrowing, unforgettable story of what one woman will do to protect herself and her daughter. On the day the government decrees that women are no longer allowed more than one hundred words per day, Dr. Jean McClellan is in denial. This can't happen here. Not in America. Not to her. Soon women are not permitted to hold jobs. Girls are not taught to read or write. Females no longer have a voice. Before, the average person spoke sixteen thousand words each day, but now women have only one hundred to make themselves heard. For herself, her daughter, and every woman silenced, Jean will reclaim her voice. This is just the beginning...not the end. Blowout! Mario T. García, Sal Castro, 2011-03-21 In March 1968, thousands of Chicano students walked out of their East Los Angeles high schools and middle schools to protest decades of inferior and discriminatory education in the so-called Mexican Schools. During these historic walkouts, or blowouts, the students were led by Sal Castro, a courageous and charismatic Mexican American teacher who encouraged the students to make their grievances public after school administrators and school board members failed to listen to them. The resulting blowouts sparked the beginning of the urban Chicano Movement of the late 1960s and early 1970s, the largest and most widespread civil rights protests by Mexican Americans in U.S. history. This fascinating testimonio, or oral history, transcribed and presented in Castro's voice by historian Mario T. Garcia, is a compelling, highly readable narrative of a young boy growing up in Los Angeles who made history by his leadership in the blowouts and in his career as a dedicated and committed teacher. *Blowout!* fills a major void in the history of the civil rights and Chicano movements of the 1960s, particularly the struggle for educational justice.

Veni, Vidi, Vici Peter Jones, 2014 The Romans left a long-lasting legacy and their influence can still be seen all around us, from our calendar and coins to our language and laws, but how much do we really know about them? Help is at hand in the form of this book which tells the remarkable, and often surprising, story of the Romans and the most enduring empire in history. Fusing a lively and entertaining narrative with rigorous research, *Veni, Vidi, Vici* breaks down each major period into a series of concise nuggets that provide a fascinating commentary on every aspect of the Roman world, from plebs to personalities, saucers to sexuality, games to gladiators, poets to punishments, mosaics to medicine, and Catullus to Christianity.

Good Economics for Hard Times Abhijit V. Banerjee, Esther Duflo, 2019-11-12 The winners of the Nobel Prize show how economics, when done right, can help us solve the thorniest social and political problems of our day. Figuring out how to deal with today's critical economic problems is perhaps the great challenge of our time. Much greater than space travel or perhaps even the next revolutionary medical breakthrough, what is at stake is the whole idea of the good life as we have known it. Immigration and inequality, globalization and technological disruption, slowing growth and accelerating climate change--these are sources of great anxiety across the world, from New Delhi and Dakar to Paris and Washington, DC. The

resources to address these challenges are there--what we lack are ideas that will help us jump the wall of disagreement and distrust that divides us. If we succeed, history will remember our era with gratitude; if we fail, the potential losses are incalculable. In this revolutionary book, renowned MIT economists Abhijit V. Banerjee and Esther Duflo take on this challenge, building on cutting-edge research in economics explained with lucidity and grace. Original, provocative, and urgent, *Good Economics for Hard Times* makes a persuasive case for an intelligent interventionism and a society built on compassion and respect. It is an extraordinary achievement, one that shines a light to help us appreciate and understand our precariously balanced world.
