World Film Locations Scott Jordan Harris,2011 World Film Locations: New York is a visually compelling and incisively written examination, and celebration, of New York's unique place in cinema. Essays focusing on quintessential New York filmmakers like Woody Allen, Martin Scorsese and those of the Beat movement are presented alongside others on key features of the New York landscape and role of the city in the imaginations of filmmakers and viewers. Over 45 reviews of location-specific scenes from films made and set in New York present a varied and thought-provoking collage of the city onscreen. Some scenes are iconic - King Kong scaling the Empire State Building - while others show the often un-discussed extent of New York's role in filmmaking. The book is illustrated throughout with evocative, scene-specific screengrabs, stills of filming locations as they appear now and city maps that include location information for those keen to follow the 'cinematic trail' of this most photographed city, making World Film Locations: New York a guide for film fans wishing to tour New York either physically or in the imagination.

Crying in H Mart Michelle Zauner,2021-04-20 #1 NEW YORK TIMES BESTSELLER • From the indie rock sensation known as Japanese Breakfast, an unforgettable memoir about family, food, grief, love, and growing up Korean American—“in losing her mother and cooking to bring her back to life, Zauner became herself” (NPR). • CELEBRATING OVER ONE YEAR ON THE NEW YORK TIMES BESTSELLER LIST In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band--and meeting the man who would become her husband--her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, Crying in H Mart is a book to cherish, share, and reread.

The Angel of Darkness Caleb Carr,2017-08-24 The sequel to the internationally bestselling historical thriller THE ALIENIST, now a major Netflix series, starring Luke Evans, Dakota Fanning and Daniel Brühl. A year after the events that took place in the bestselling THE ALIENIST, the cast of characters are again brought together to investigate a crime committed in the heady days of New York in the 1890s, this time narrated by the orphan Stevie Taggart. A young child, the daughter of Spanish diplomats, disappears. It seems she has been abducted but no ransom note is received and the detectives Isaacson quickly discover that a nurse, Elspeth Hunter, is probably the kidnapper. They also discover that Hunter has been a little too closely connected with the death of three other infants. But what are her motives? She married a fortune, and although she is connected to some fairly rough villains this crime does not fit their modus operandi. Is it something as 'simple' as psychological disturbance due to her own inability to bear children, or something more sinister unguessed at?

You Are Here: NYC Katharine Harmon,2016-11-01 Maps are magical. Every graphic, like every story, has a point of view, and New York is rife with mapmaking possibilities, thick with mythology, and glutted with history. You Are Here: NYC assembles some two hundred maps charting every inch and facet of the five boroughs, depicting New Yorks of past and present, and a city that never was. A Nightclub Map of Harlem traces a boozy night from the Radium and the Cotton Club to the Savoy and then the Lafayette; Wonders of New York pinpoints three hundred sites of interest, including the alleged location of Captain Kidd's buried treasure; the Ghostbusters subway map plots the route from Astral Projections Place to Stay Puft Street; and a rejected proposal of ornate topiaries illustrates a Central Park that might have been. This sequel to the best-selling You Are Here includes original essays by Bob Mankoff, Maria Popova, Sarah Boxer, and Rebecca Cooper, among others.

Hidden New York Marci Reaven,Steve Zeitlin,2006-10-05 Despite its innumerable tourist attractions, New York City still has many secrets, hidden in the most unlikely places. There is the Edison Hotel in Times Square, where magicians gather 'round the Magic Table to socialize and compete. There is Hua Mei Garden in the Lower East Side, where elderly Chinese men meet to display exotic birds. And there is Sahadi's in Brooklyn, where the culinary arts thrive, and New Yorkers go for just the right ingredients for a Middle Eastern meal. This book details thirty-two unusual locations such as these and enhances them by including a cluster of additional, related spots. Hidden New York shows you why these places matter and guides you through the historical and cultural significance of each one. Many of them matter because of the opportunities they provide for socializing, such as the Empire Roller Disco in Brooklyn that attracts a community of skaters and the Cube sculpture on Astor Place, which is a meeting spot for homeless youth. Others matter because they are focal points for communities and the spaces are intertwined with how people share in each others' lives. Still others have been lost, like the house under the roller coaster in Coney Island, made famous by Woody Allen in Annie Hall. This book is not just about Manhattan, but covers all five boroughs in New York City. It is an invitation to visit, revisit, learn, and enjoy all that you didn't know the city has to offer. It will show you what's there, what used to be there, and why it will be there for years to come. The chapters, illustrated with appealing black-and-white photos, include first-person remembrances and commentaries from New Yorkers themselves. Each entry functions as a small travel essay, evoking how certain destinations are experienced. As a guide to the New York City that is less traveled, this unique book shows that some of the best places to visit are ones that you never even thought existed. All the Restaurants in New York John Donohue, 2019-05-14 "An emotional trip down memory lane for those of us who count our favorite restaurants as cherished personalities and members of our family." —Danny Meyer, founder of Shake Shack From romantic spots like Le Bernardin to beloved holes-in-the-wall like Corner Bistro, John Donohue renders people's favorite restaurants in a manner that captures the emotional pull a certain place can have on the hearts of New Yorkers. All the Restaurants in New York is a collection of these drawings, characterized by their appealingly loose and gently distorted lines. These transportive images are intentionally spare, leaving the viewer room to layer on their own meaning and draw connections to their own memories of a place, of a time, of an atmosphere. Featuring an eclectic mix of 100 restaurants—from Minetta Tavern to Frankies 457 and River Café—this charming collection of drawings is accompanied by interviews with the owners, chefs, and loyal patrons of these much-loved restaurants. "I love John's spare, romantic, quirky portrayals of iconic New York restaurants so much that I purchased over a dozen of his prints to hang around my office. These places come to define our lives in New York—that job right next to Balthazar, that boyfriend who lived above Prune, that interview that took place at '21' . . . They deserve this spotlight, this tribute." —Amanda Kludt, Editor in Chief, Eater "John Donohue is the Rembrandt of New York City's restaurant facades. His collection is an invaluable, evocative guide to the ever-changing, slowly vanishing landscape of the city's great dining scene. It belongs on the bookshelf of every devout chowhound and fresser." —Adam Platt, Restaurant Critic, New York magazine

Colonial Trauma Karima Lazali, 2021-01-22 Colonial Trauma is a path-breaking account of the psychosocial effects of colonial domination. Following the work of Frantz Fanon, Lazali draws on historical materials as well as her own clinical experience as a psychoanalyst to shed new light on the ways in which the history of colonization leaves its traces on contemporary postcolonial selves. Lazali found that many of her patients experienced difficulties that can only be explained as the effects of "colonial trauma" dating from the French colonization of Algeria and the postcolonial period. Many French feel weighed down by a colonial history that they are aware of but which they have not experienced directly. Many Algerians are traumatized by the way that the French colonial state imposed new names on people and the land, thereby severing the links with community, history, and genealogy and contributing to feelings of loss, abandonment, and injustice. Only by reconstructing this history and uncovering its consequences can we understand the impact of colonization and give individuals the tools to come to terms with their past. By demonstrating the power of psychoanalysis to illuminate the subjective dimension of colonial domination, this book will be of great interest to anyone concerned with the long-term consequences of colonization and its aftermath.
