📖 **iPhone For Seniors For Dummies** Nancy C. Muir,2016-06-02 iPhone For Seniors For Dummies, 5th Edition (9781119293484) was previously published as iPhone For Seniors For Dummies, 5th Edition (9781119137764). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. Learn to navigate the iPhone like a pro Learning to use new technology can be a bit of a challenge for seniors, especially now that smartphones are more like mobile computers. iPhone For Seniors For Dummies, 5th Edition is a full-color text that guides you through easy-to-understand lessons in iPhone features and functions. This step-by-step reference explains how to use the most basic of your phone's capabilities, such as making calls and sending text messages. Additionally, this newly revised book walks you through the most exciting features of your iPhone's hardware and software, from downloading new apps to keeping your data—and your phone—safe. With a larger font size and illustrations, this senior-friendly resource presents information in an accessible way. iPhones are among the most popular smartphones in the world, but learning how to use one can prove difficult if you're not up to date on the latest technology. To keep up with the cool kids and make sure to use a reference that fits your needs! Start from the very beginning by covering buying and getting started with your iPhone Explore your new phone's accessibility features, and dive into more complicated features as you build your understanding of the iPhone's technology Discover new forms of entertainment, such as surfing the web on mobile Safari, exploring new mobile apps, buying and reading iBooks, buying and listening to music on iTunes, and searching for interesting videos on YouTube Protect your new phone with key safety and maintenance best practices iPhone For Seniors For Dummies, 5th Edition guides you through the seemingly chaotic world of your new phone, helping you make sense of its features and functions.
