The Lock on My Lips Perpetua K. Nkamanyang Lola, 2023-09-01 *The Lock on My Lips* is an intense drama that foregrounds the conflict over land ownership as a metaphor for contemporary gender inequalities in an African context. Mrs Ghamogha Manka has bought land in Kibaaka against customary law, where land is believed to belong to the man. Tried and found guilty by customary law, she is ordered to transfer ownership of the said land to her husband to avoid dire consequences. A fierce champion for women's causes, Mrs Ghamogha seeks redress in the modern legal system, converting a domestic conflict into a collective battle between customary and Western-derived legal systems.

Retention of Extra-wide, Lock-on, and Regular Bands on Waterfowl R. Kahler Martinson, Charles J. Henny, 1967 In tests of three types of bands -- extra-wide bands, lock-on bands, and regular U.S. Fish and Wildlife Service bands -- little difference was noted in the retention qualities of the three types on waterfowl. Therefore, there appeared to be no advantage in using either the extra-wide or the lock-on type of band rather than the regular band now in use by waterfowl banders on this continent. Waterfowl banded with two bands provided recovery data that were difficult to analyze but suggested that it might be worthwhile to identify banded birds with another type of mark and evaluate the retention of bands through subsequent recapture of the birds.

Target Lock on Love M. L. Buchman, 2015-10-10 She buries her past. He honors his past. But it's the future that may kill them both. "Full of suspense, tension, questions, and amazing characters." Patty O'Donoghue left her home in Gloucester, right where it belongs in the best-forgotten past. She now flies her beloved Night Stalkers helicopters. Lieutenant Mick Quinn honors his past so deeply that he left his family's Alaskan crabbing boat to join the very best fleet he could find. Fate takes them beyond the last island in the Aleutians and forces them together on a fishing trawler to disable a new Russian threat. The falling in love part? For damn sure that was never in the mission plan. "A top military romance writer. 6 stars!" [Can be read stand-alone or in series. A complete happy-ever-after with no cliffhangers. Originally published in "The Night Stalkers 5E" series in 2015. Re-edited 2021 for improved reader experience but still the same great story.] Buy now to join the military romance adventure.

**Little Monarchs** Jonathan Case, 2022-04-05 A ten-year-old girl may be the only person who can save humanity from extinction in this exciting graphic novel adventure. It's been fifty years since a sun shift wiped out nearly all mammal life across the earth. Towns and cities are abandoned relics, autonomous machines maintain roadways, and the world is slowly being reclaimed by nature. Isolated pockets of survivors keep to themselves in underground sites, hiding from the lethal sunlight by day and coming above ground at night. 10-year-old Elvie and her caretaker, Flora, a biologist, are the only two humans who can survive during daylight because Flora made an incredible discovery – a way to make an antidote to sun sickness using the scales from monarch butterfly wings. Unfortunately, it can only be made in small quantities and has a short shelf life. Free to travel during the day, Elvie and Flora follow monarchs as they migrate across the former Western United States, constantly making new medicine for themselves while trying to find a way to make a vaccine they can share with everyone. Will they discover a way to go from a treatment to a cure and preserve what remains of humanity, or will their efforts be thwarted by disaster and the very people they are trying to save? *Little Monarchs* is a new kind of graphic novel adventure—one that invites readers to take an intimate look at the natural world and the secrets hidden within. Elvie and Flora's adventures take place in real locations marked panel-by-panel with coordinates and a compass heading. Curious readers can follow their travel routes and see the same landscapes—whether it be a secluded butterfly grove on the California coast or a hot-springs in the high desert. Through both comic narrative and journal entries, readers learn the basics of star navigation, how to tie useful knots, and other survival skills applicable in the natural world. Creator Jonathan Case acquired the fact-based portion of *Little Monarchs* through intensive research and several expeditions to study monarchs across the western United States. Scientific support also came from the Xerces Society, the world leaders in monarch preservation.
