The 9/11 Connection James W. Macnutt,2022-06-30 In the years since the events of The Odessa Connection, Isaac Menshiv and Will McIntosh have settled into new and contrasting roles. Isaac, with his priorities firmly centred on his young and growing family in London, has taken a back seat in running the Menshiv Trust, the vast and burdensome business enterprise he inherited. It is Will who oversees the trust's day-to-day administration full-time alongside Isaac's daughter Ruth, to whom he is becoming ever more attached. As part of their researches, Will and Ruth discover that Isaac's father, a university professor in New York who died under mysterious circumstances, had been working on his own ambitious project, based in the North Tower of the World Trade Center before the attacks of September 11, 2001. They call in experts to examine the Professor's papers, including those scattered over the city when the towers collapsed, in the hope of learning more about his intentions. At the same time, Isaac's grasping ex-wife and her two daughters suddenly come back into his life. Is this more than coincidence? Could they perhaps be in league with the sinister figures who have been harassing Isaac over the last several years? The 9/11 Connection brings the story of Will and Isaac to a satisfying conclusion as it continues

to develop the relationships between the familiar protagonists while introducing some highly colourful new characters. With the same flair for detail, psychological nuance and sophisticated geopolitical understanding as its predecessors, the novel displays an uncanny prescience about the current political situation in Eastern Europe.

The Lock Artist Steve Hamilton, 2010-01-05 I was the Miracle Boy, once upon a time. Later on, the Milford Mute. The Golden Boy. The Young Ghost. The Kid. The Boxman. The Lock Artist. That was all me. But you can call me Mike. Marked by tragedy, traumatized at the age of eight, Michael, now eighteen, is no ordinary young man. Besides not uttering a single word in ten years, he discovers the one thing he can somehow do better than anyone else. Whether it's a locked door without a key, a padlock with no combination, or even an eight-hundred pound safe ... he can open them all. It's an unforgivable talent. A talent that will make young Michael a hot commodity with the wrong people and, whether he likes it or not, push him ever close to a life of crime. Until he finally sees his chance to escape, and with one desperate gamble risks everything to come back home to the only person he ever loved, and to unlock the secret that has kept him silent for so long. Steve Hamilton steps away from his Edgar Award-winning Alex McKnight series to introduce a unique new character, unlike anyone you've ever seen in the world of crime fiction. The Lock Artist is the winner of the 2011 Edgar Award for Best Novel.

Ottoman Cyprus Michalis N. Michael, Eftihios Gavriel, Matthias Kappler, 2009
The collective volume Ottoman Cyprus - New Perspectives presents new studies on various topics (primarily history, but also history of art, folklore and literature) about Cyprus in the Ottoman period (1571-1878), offering new approaches on the history of institutions and developments in Cyprus during the Ottoman period, in an attempt to propose new interpretative frameworks and a more analytical reading of the historical past. The book is divided into four parts: The first part concerns the history of the island from the eve of the Ottoman conquest until the cession of the island to British

administration. The studies of this part follow a chronological order, and analyze developments in Cyprus as an Ottoman province and part of the Empire's periphery. In the second part there are studies that analyze various particular historical topics, without necessarily following a chronological order. In the third part there are studies on literature, folklore and art. The fourth part includes an extensive bibliographical guide, a catalogue of archives and archival material related to Cyprus in the Ottoman period, as well as chronological lists of important officials.
