A People's Guide to Capitalism Hadas Thier, 2018-06-02 A lively, accessible, and timely guide to Marxist economics for those who want to understand and dismantle the world of the 1%. Economists regularly promote Capitalism as the greatest system ever to grace the planet. With the same breath, they implore us to leave the job of understanding the magical powers of the market to the "experts." Despite the efforts of these mainstream commentators to convince us otherwise, many of us have begun to question why this system has produced such vast inequality and wanton disregard for its own environmental destruction. This book offers answers to exactly these questions on their own terms: in the form of a radical economic theory. "Thier's urgently needed book strips away jargon to make Marx's essential work accessible to today's diverse mass movements." –Sarah Leonard, contributing editor to The Nation "A great book for proletarian chain-breaking." –Rob Larson, author of Bit Tyrants: The Political Economy of Silicon Valley "Thier unpacks the mystery of capitalist inequality with lucid and accessible prose We will need books like A People's Guide to help us make sense of the root causes of the financial crises that shape so many of our struggles today." –Keeanga-Yamahatta Taylor, author of Race for Profit: How Banks and the Real Estate Industry Undermined Black Homeownership "Ranging from exploitation at work to the operations of modern finance, this book takes the reader through a fine-tuned introduction to Marx's analysis of the modern economy Thier combines theoretical explanation with contemporary examples to illuminate the inner workings of capitalism Reminds us of the urgent need for alternatives to a crisis-ridden system." –David McNally, author of Blood and Money

Hi, Ho, Robin Hood ,

Assault from the Sky Dick Camp, 2013-08-26 "Action-packed . . . he brings the reader artfully through the fog of war with clarity" (20th Century Aviation Magazine). Vietnam has often been called our "first helicopter war," and indeed, the US Marine Corps, as well as Army, had to feel its way forward during the initial combats. But by 1967, the combat was raging across South Vietnam, with confrontational battles against the NVA on a scale comparable to the great campaigns of WWII. In 1968, when the Communists launched their mammoth counteroffensive, the Marines were forced to fight on all sides, with the helicopter giving them the additional dimension that proved decisive in repelling the enemy. The author of this book, a Vietnam veteran and Purple Heart recipient who has also worked at the USMC History Division and National Museum of the Marine Corps in Quantico, uses his experiences as a company commander to bring the story to life by weaving personal accounts, after-action reports, and official documents into a compellingly readable narrative of service and sacrifice by Marine pilots and crewmen. The entire story of the war is depicted through the prism of Marine helicopter operations, from the first deployments to support the Army of the Republic of Vietnam against the Viet Cong through the rapid US buildup to stop the North Vietnamese Army, until the final withdrawal from our Embassy. "Superlative research."

Fire Service Ethics H. Scott Walker, 2018-11-14 *Fire Service Ethics* is the first textbook specifically developed to help fire service personnel deal with ethical dilemmas. Firefighters and fire service leaders will find benefit from this important tool to aid them in dealing with complex issues. No other profession places such discretionary burden on its practitioners as the fire service. The military, law enforcement, the medical profession, and legal profession all provide a robust set of ethical policies and guidelines to their members. *Fire Service Ethics* provides the foundation for creating ethical boundaries. *Fire Service Ethics* meets and exceeds the course outcomes and course objectives for the National Fire Academy FESHE Model Curriculum Bachelor's (Non-Core) course called *Fire Service Ethics* (C0303). It is also well suited for fire officer and administration development programs. Section 1 of the book is entitled Foundations. Its four chapters are intended to provide the reader with the basic understanding of ethics necessary to master the material in the succeeding three sections. Chapter 1 is recommended for all readers, as it addresses the important questions of ethical relevance to the fire service. Chapters 2, 3 & 4 are grounded in academic approaches to ethics and are specifically intended to be used in college courses. The material within the sections encourages critical analysis of ethical systems, and understanding of the basics of human behavior. Section 2 of the book is entitled Ethics on The Line. Its chapters address issues directly related to rank-and-file firefighters, and company officers. The section also deals with diversity; first as an abstract concept, and then as it applies specifically to the fire service. Section 2 is intended to serve dual purposes. First, it is designed to be included in an academic curriculum aimed at future firefighters. Secondly, Section 2 - combined with Section 4 - encompasses the majority of material appropriate for inclusion in fire service training programs. Section 3 of the text is dedicated to Administrative Ethics. The chapters within the section explore ethics issues faced by fire chiefs and senior administrative personnel. Included within the section are chapters on the building and maintenance of an ethical work culture, the ethical responsibilities associated with administration, and finally, ethics laws. Section 3 - combined with Sections 1 and 4 - is especially appropriate for officer development programs and collegiate programs in fire administration. Section 4 of the book is entitled Applied Ethics. The three chapters within the section deal with the application of ethics on the personal and department level. Included within the section are chapters on ethical decision-making, mechanisms by which unethical behavior is engaged, and a review of current ethical issues affecting local fire departments. Section 4 is universal in its application and should be used in all collegiate programs, as well as in firefighter and fire

Kensington Palace Tom Quinn, 2021-01-12 For more than 300 years, Kensington Palace has played host to a colourful cast of kings, queens and assorted aristocratic hangers-on. A stone's throw from the bustling streets of central London, this grand building has served as the stage for some of the most dramatic and bizarre events in the history of the royal family. It was here that the young Queen Victoria was held a virtual prisoner for eighteen years; and it was here that George II installed both his wife and his mistress, giving the latter rooms so damp that there were said to be mushrooms growing on the walls. More recently, the palace has witnessed an extraordinary series of scandals, from Princess Diana's bombshell TV interview with a journalist smuggled into the palace disguised as a salesman, to Prince Harry and Meghan Markle's shock departure – first for Frogmore Cottage, and then for America – amid rumours of a rift with William and Kate. With exclusive interviews with palace staff past and present, fascinating historical details and a fully updated postscript considering what life after Kensington holds for Harry and Meghan, *Kensington Palace: An Intimate Memoir from Queen Mary to Meghan Markle* offers a rare behind-the-scenes insight into one of Britain's most iconic residences.

The contents include sections on the following: choosing the proper kind of reunion, recruiting volunteers, selecting the time and place, creating the program, guest speakers, budgeting, notifying the participants and promoting the event, planning meals and decorations, accommodations and transportation, souvenirs and fund raisers, photographers and videographers, building a genealogy, and finishing touches from road signs to thank-you notes and more.

Dress Codes for Small Towns Courtney Stevens, 2017-08-22 A Golden Kite Honor

Book of 2018 * A Kirkus Best Book of 2017 "A poetic love letter to the complexities of teenage identity, and the frustrations of growing up in a place where everything fits in a box—except you."—David Arnold, New York Times bestselling author of *Kids of Appetite* Courtney Stevens firmly reasserts herself as a master storyteller of young adult fiction; crafting stories bursting with humor, heart, and the deepest sort of empathy.—Jeff Zentner, 2017 Morris Award Winner for *The Serpent King* Courtney Stevens carries us into the best kind of mess: deep friendships, small town Southern gossip, unexpected garage art, and unfolding romantic identity.—Jaye Robin Brown, author of *Georgia Peaches and Other Forbidden Fruit* As the tomboy daughter of the town's preacher, Billie McCaffrey has always struggled with fitting the mold of what everyone says she should be. She'd rather wear sweats, build furniture, and get into trouble with her solid group of friends: Woods, Mash, Davey, Fifty, and Janie Lee. But when Janie Lee confesses to Billie that she's in love with Woods, Billie's filled with a nagging sadness as she realizes that she is also in love with Woods...and maybe with Janie Lee, too. Always considered "one of the guys," Billie doesn't want anyone slapping a label on her sexuality before she can understand it herself. So she keeps her conflicting feelings to herself, for fear of ruining the group dynamic. Except it's not just about keeping the peace, it's about understanding love on her terms—this thing that has always been defined as a boy and a girl falling in love and living happily ever after. For Billie—a box-defying dynamo—it's not that simple. Readers will be drawn to Billie as she comes to terms with the gray areas of love, gender, and friendship, in this John Hughes-esque exploration of sexual fluidity.

This Is All a Bit Weird Erin Adderley, 2021-06-26. There is a house and then another house. There are trees and some sheep and a room with a sink. You can't touch anything but you can look, but not for too long because it might break or age one thousand years. I best start walking because it will take me forty minutes. You must stand on the fake carpet as the real one is very old. Why are there so many cans? The tour guide said that clocks add a heartbeat to a house but I'm finding it hard to concentrate because they are ticking at different times. It is very beautiful here. Look! Look at this chandelier. Look at all the things these people can do. They can do these things because of me. It is all about me. Please, make yourselves at home. Make yourselves comfortable. What's yours is mine. Just remember not to touch anything.
