Sara B. Fraser

*Long Division* Sara B. Fraser, 2019-03-28 Thirtysomething Leigh Fortune never thought she'd make it this far. Emerging from the ashes of a traumatic childhood, she's managed to plant her flag on Terra Normal. But under the surface she's unsure—of herself, of her fiancée, of everything. A letter informing her of her estranged mother's death tips her from uncertainty into emotional upheaval and sends her on a journey that will take her from the dunes of Cape Cod to Las Vegas and back. Will she—with the help of her elderly grandmother, an HIV-positive social worker, and a few ghosts—finally be able to leave childhood hurt behind? Or will she upend the life she's created and fall back into familiar patterns of self-destructiveness? To free herself from her past, Leigh will need to learn to accept her own faults as well as forgive those of others.

**Long Division** Kiese Laymon, 2021-06-01 Winner of the NAACP Image Award for Fiction From Kiese Laymon, author of the critically acclaimed memoir *Heavy*, comes a “funny, astute, searching” (The Wall Street Journal) debut novel about Black teenagers that is a satirical exploration of celebrity, authorship, violence, religion, and coming of age in post-Katrina Mississippi. Written in a voice that's alternately humorous, lacerating, and wise, *Long Division* features two interwoven stories. In the first, it's 2013: after an on-stage meltdown during a nationally televised quiz contest, fourteen-year-old Citoyen “City” Coldson becomes an overnight YouTube celebrity. The next day, he's sent to stay with his grandmother in the small coastal community of Melahatchie, where a young girl named Baize Shephard has recently disappeared. Before leaving, City is given a strange book without an author called *Long Division*. He learns that one of the book's main characters is also named City Coldson—but *Long Division* is set in 1985. This 1985-version of City, along with his friend and love interest, Shalaya Crump, discovers a way to travel into the future, and steals a laptop and cellphone from an orphaned teenage rapper called...Baize Shephard. They ultimately take these items with them all the way back to 1964, to help another time-traveler they meet to protect his family from the Ku Klux Klan. City's two stories ultimately converge in the work shed behind his grandmother's house, where he discovers the key to Baize's disappearance. Brilliantly “skewering the disingenuous masquerade of institutional racism” (Publishers Weekly), this dreamlike “smart, funny, and sharp” (Jesmyn Ward), novel shows the work that young Black Americans must do, while living under the shadow of a history “that they only gropingly understand and must try to fill in for themselves” (The Wall Street Journal).

**The Long Division** Derek Nikitas, 2009-10-27 An Atlanta housecleaner flees her nowhere life to reunite with the son she gave up for adoption. The teenage boy joins his longlost mother on an unlawful road trip that proves how much they both have to lose by finding each other. Elsewhere, a deputy must track down the shooter in a drug-related double murder before other investigators discover the deputy's illicit ties to the case. The killer is an unbalanced college kid hunted by vengeful drug dealers and the police, haunted by loves both dead and forbidden. When the renegade mother and son arrive, past sins and present gambits will ensnare them in the violent endgame between the deputy and the desperate killer.

*The Universal Book of Mathematics* David Darling, 2008-04-21 Praise for David Darling *The Universal Book of Astronomy* A first-rate resource for readers and students of popular astronomy and general science. . . . Highly recommended. -Library Journal A comprehensive survey and . . . a rare treat. -Focus *The Complete Book of Spaceflight* Darling's content and presentation will have any reader moving from entry to entry. -The Observatory magazine *Life Everywhere* This remarkable book exemplifies the best of today's popular science writing: it is lucid, informative, and thoroughly enjoyable. -Science Books & Films An enthralling introduction to the new science of astrobiology. -Lynn Margulis *Equations of Eternity* One of the clearest and most eloquent expositions of the quantum conundrum and its philosophical and metaphysical implications that I have read recently. -The New York Times *Deep Time* A wonderful book. The perfect overview of the universe. -Larry Niven

**Shouting in the Dark** John Bramblitt, Lindsey Tate, Katherine Latshaw, 2012-09-04 John Bramblitt makes his living as a visual artist. His works have been sold in over twenty different countries, and he's received three Presidential Service awards for the art workshops he teaches. He's painted portraits of skateboarder Tony Hawk and blues legend Pops Carter. He's given talks about his art at the Metropolitan Museum of Art, and there has even been a documentary made about him. And . . . he's blind. When Bramblitt was declared legally blind ten years ago due to complications with epilepsy, his hopes of becoming a creative writing teacher were shattered and he sunk into a deep depression. He felt disconnected from family and friends, alienated and alone. But then something amazing happened—he discovered painting. He learned to distinguish between different colored paints by feeling their textures with his fingers. He taught himself how to paint using raised lines to help him find his way around the canvas, and through something called haptic visualization, which enables him to see his subjects through touch. He now paints amazingly lifelike portraits of people he's never seen—including his wife and son. *Shouting in the Dark* is the story of Bramblitt's life, his journey navigating through this new territory of blindness, and how he ultimately rekindles his joy, passion, and relationships through art.
