Vijnanabhairava Tantra V. Ravi,2012-11-17 Vijnanabhairava is a Trika and tantra Scripture, wherein Shiva teaches His Consort Shakti, one hundred and twelve methods of contemplations to realize Him. As far as Trika Philosophy is concerned, it uses many complicated Sanskrit words and unless one understands the meaning of technical Sanskrit words in detail, it could be difficult to understand the full glory of this great Scripture. A sincere attempt has been made in this book to avoid all complicated words and make the teachings of Shiva as simple as possible. The main idea of this book is to discuss about one hundred and twelve contemplations in very simple terms, without losing sight on the focus of this sacred Scripture. All these contemplations can be easily practiced at home. The entire text is in the form of divine conversation between Shiva and Shakti. Shakti asks Her Lord Shiva and gets clarifications on some of Her doubts and that is how this ancient Scripture has come into existence. The text has one hundred and sixty three aphorisms. Mind is the only factor in God realization. When a practitioner is able to dissolve his mind into the supreme consciousness of Bhairava, he becomes Bhairava himself. Tantra is based on the principle of accepting one as himself. In yoga one has to dissolve himself into That. The aim of both tantra and yoga are the same, realising the Self within, but the path taken by both are different. For practicing tantra, one need not have extensive knowledge. Understanding certain technical terms are necessary to achieve rapid progress. In yoga one has to fight against the principles of nature but in tantra one continues to remain with the nature. However, practice is important in both.As far as possible, Sanskrit alphabets have been avoided and are used only in a very few places. However, IAST (International Alphabet for Sanskrit Transliteration) format is used through out the book, so that original glory of Sanskrit pronunciation is not lost. The basic idea of the book is to explain the teachings of Shiva in simplest terms possible and the book does not dwell at length about Trika Philosophy.

Book of Shiva Namita Gokhale,2012-10-23 Shiva: Destroyer and Protector, Supreme Ascetic and Lord of the Universe. He is Ardhanarishwara, half-man and half-woman; he

is Neelakantha, who drank poison to save the three worlds-and yet, when crazed with grief at the death of Sati, set about destroying them. Shiva holds within him the answers to some of the greatest dilemmas that have perplexed mankind. Who is Shiva? Why does he roam the world as a naked ascetic covered with ash? What was the tandava? What is the story behind the worship of the linga and what vision of the world does it signify? Namita Gokhale examines these questions and many others that lie within the myriad of stories about Shiva. Even as she unravels his complexities, she finds a philosophy and worldview that is terrifying and yet life affirming-an outlook that is to many the essence of Indian thought.

Shiva Sutras V. Ravi,2011-01-23 Shiva Sutras are the aphorisms of philosophy of Shiva agama. Agama means acquisition of knowledge or traditional doctrine or percept. There are four sources through which knowledge can be acquired. They are perception, inference, comparison and non-apprehension. Advaita philosophy advocates non-dualism, in the sense that the Brahman and soul are not different entities. Soul, in fact is the mirror image of the Brahman Himself. But the Kashmir Shaivism, though typically follows the advaita philosophy, has a peculiar system of its own called trika. Trika shastra means three fold fundamental systems of Reality. Typically, shastra means order, command, percept rule, etc. Compendium of rules of life is also known as shastra. Trika shastra is again divided into three categories, agama shastra, spanda shastra and pratyabhijnana shastra. Shiva sutras come under aagama shastra. Spanda means throbbing or pulsation. It is the pulsation of Shiva causing a spiritual exaltation in the indispensable nature of the divine causing His svatantrya shakti, known as the Supreme Shakti or the Divine Mother, whose gross and subtle attributes are dealt with exhaustively in Lalita Sahasranaama. The third one pratyabhijnana shastra contains arguments and reasoning of identifying soul with Shiva. The present edition explains Shiva Sutras in a simple and easily understandable language. As far as possible, complicated Sanskrit terms have been avoided without sacrificing the intended meaning of those words. Aphorisms are quoted both in Sanskrit and IAST (International Font for Sanskrit Transliteration). IAST fonts are used throughout this book.
