Take Control of Home Security Cameras Glenn Fleishman, 2023-04-28 Make your home safer! Version 1.4.1, updated April 28, 2023 Are you thinking about installing a home security camera—or several? This book guides you through the many decisions about quality, features, privacy, and security that will help you find just what you want. Or do you own an existing system and want to swap out parts, expand it, or upgrade it? You'll learn options for cameras you own and what interoperates. The book explains the role of Apple's HomeKit Secure Video, and how to make its highest-level security work for you. In Take Control of Home Security Cameras, networking and security expert Glenn Fleishman shows you how to make smart choices about buying and configuring cameras that take into account technical details, video quality, system integration, your own privacy and that of others, and internet security. As you read this book, you'll:

- Figure out which features are right for you
- Configure your system securely to ensure that you and people you authorize are the only ones with access to live and stored video
- Understand the different kinds of cloud-based storage of video, and which you might be comfortable with
- Learn about Apple HomeKit Secure Video, an option available for the Apple ecosystem that lets you access video and control cameras from several manufacturers in a highly secure way from your iPhone, iPad, or Mac, including Logitech's Circle View
- Get to know features found in home security cameras, and how they affect the quality and nature of video you capture
- Set your system so that alerts only appear for the kinds of motion, sound, or other triggers that meet your threshold
- Avoid becoming part of the surveillance state—or opt into a limited and controlled part of it with a fuller understanding of what that means
- Learn about the legal aspects and limits of recording audio and video, and how they might (or might not) help catch criminals

Havets tåre Camilla Wandahl, 2013-10-21 Camilla Wandahl er tilbage med en fortælling til alle pigerne, der har læst hendes populære serie, Veninder for altid. Havets Tåre er første bog i Forums Zoom On Romance - en letlæsningsserie for piger, der gerne vil læse om overnaturlig kærlighed, men ikke kan komme igennem flere hundrede tåtskrevne sider, som genren ellers ofte byder på. Citat fra bogen: Der kom et tidspunkt, hvor alt mistede sin betydning, og verden blev farveløs. Det begyndte helt klart d. 19. juli, da jeg druknede ... Lejla drages til havet. Selv om det skræmmer hende. Det er, som om det kalder på hende. Samtidig er der noget mystisk over den lækre Seth, der ikke vil have, at hun nærmer sig vandet. Havets Tåre er en overnaturlig kærlighedshistorie. Om at drukne uden at dø. Om at dø uden havet. Tror du på havfruer? Letlæst fra 11 år.

The Lorax Dr. Seuss, 2013-09-24 Celebrate Earth Day with Dr. Seuss and the Lorax in this classic picture book about protecting the environment! I am the Lorax. I speak for the trees. Dr. Seuss's beloved story teaches kids to

speaking up and standing up for those who can't. With a recycling-friendly "Go Green" message, *The Lorax* allows young readers to experience the beauty of the Truffula Trees and the danger of taking our earth for granted, all in a story that is timely, playful and hopeful. The book's final pages teach us that just one small seed, or one small child, can make a difference. Printed on recycled paper, this book is the perfect gift for Earth Day and for any child—or child at heart—who is interested in recycling, advocacy and the environment, or just loves nature and playing outside. Unless someone like you cares a whole awful lot, nothing is going to get better. It's not. "Pretty much all the stuff you need to know is in Dr. Seuss." —President Barack Obama

The Dare Harley Laroux,2023-10-31 Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The freak, Manson Reed: her favorite victim. But a lot changes after high school. A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game? Only revenge? Only a dare? Or is it something more? *The Dare* is an 18+ erotic romance novella and a prequel to the *Losers Duet*. Reader discretion is strongly advised. This book contains graphic sexual scenes, intense scenes of BDSM, and strong language. A full content note can be found in the front matter of the book.

Landscape and the Environment in Hollywood Film Ellen E. Moore,2017-11-09 This book systematically explores how popular Hollywood film portrays environmental issues through various genres. In so doing, it reveals the influence exerted by media consolidation and the drive for profit on Hollywood's portrayal of the natural landscape, which ultimately shapes how environmental problems and their solutions are presented to audiences. Analysis is framed by a consideration of how cultural studies can make more theoretical and practical room for environmental concern, thereby expanding its capacity for critical examination. The book begins by introducing the theoretical underpinning of the research as it relates to cultural studies, landscape, and genre. In the chapters that follow, each genre is taken in turn, starting with popular animated family films and progressing through spy thrillers, eco-thrillers, science fiction, Westerns, superhero films, and drama. This book is ideal for students and scholars in a variety of disciplines, including film, environmental studies, communication, political economy, and cultural studies.
