The Hidden Places of Devon Joanna Billing, 2003 This is the 6th edition of the very popular Hidden Places of Devon and has been completely redesigned to include a new cover and new page layouts. The Hidden Place of Devon is printed in full colour and includes detailed directional maps, eye catching photographs and is packed with places to eat, drink and stay. The book includes all the main tourist attractions as well as concentrating on the less well-known visitor attractions in this beautiful county. Devon is a county of sheer beauty and delight and is endowed with stunning green rolling hills, bright fresh streams tumbling through wooded valleys and picturesque little villages. The county of Devon is home to the National Parks of Dartmoor and Exmoor (which it shares with Somerset), two areas of outstanding natural beauty, both spectacularly eye-catching they consist of bleak uplands and isolated moorland that stretch out towards a rugged coastline. The book is packed with information covering the more secluded and little known venues for food, accommodation and places of interest as well as the more enduring attractions of the region. The new edition includes a stunning redesigned cover that incorporates an eye-catching photograph of Willmead Farm in Bovey Tracey.

Nutrition and Integrative Medicine Aruna Bakhru, 2018-08-06 While medical professionals continue to practice traditional allopathic medicine, the public has turned toward nutritional and integrative medical therapies, especially for addressing the proliferation of chronic diseases. Written by leaders in the academic and scientific world, *Nutrition and Integrative Medicine: A Primer for Clinicians* presents various modalities to help restore health. This book provides users with a guide to evaluating and recommending nutritional and integrative therapies. The book offers insights on the microbiome of the human body, examines the relationship of human health to the microbiome of the food we ingest, and introduces the concept of food as information. It provides enlightenment on anti-aging and healing modalities, mind-body medicine, and an investigation of psychological trauma as related to disease causation. Integrative therapies, including water, light, and sound therapy, are explored, and information on healing chronic disease through nutrition, the tooth-body connection, the role of toxins in disease causation, and electromagnetic field hypersensitivity, as well as its management, is presented.
