The Girls' Guide to Hunting and Fishing Melissa Bank, 2005-05-26 Generous-hearted and wickedly insightful, *The Girls' Guide to Hunting and Fishing* is the New York Times bestselling novel by Melissa Bank. *The Girls' Guide to Hunting and Fishing* maps the progress of Jane Rosenthal as she sets out on a personal and spirited expedition through the perilous terrain of sex, love, relationships, and the treacherous waters of the workplace. Soon Jane is swept off her feet by an older man and into a Fitzgeraldesque whirl of cocktail parties, country houses, and rules that were made to be broken, but comes to realise that it's a world where the stakes are much too high for comfort. With an unforgettable comic touch, Bank skilfully teases out universal issues, puts a clever new spin on the mating dance, and captures in perfect pitch what it's like to come of age as a young woman. 'This chronicle of a New Yorker's relationships has a wit and perceptiveness that singles it out from the crowd' Guardian 'As hilarious as *Girls' Guide* is, there's a wise, serious core here' Wall Street Journal 'A sexy, pour-your-heart-out, champagne tingle of a read-thoughtful, wise, and tell-all honest. Bank's is a voice that you'll remember' Cosmopolitan

Introverts in the Church Adam S. McHugh, 2017-08-01 Introverts have gifts for the church and the world. But many churches tend to be extroverted places where introverts are marginalized. Some Christians end up feeling like it's not as faithful to be an introvert. Adam McHugh shows how introverts can live and minister in ways consistent with their personalities. He explains how introverts and extroverts process information and approach relationships differently and how introverts can practice Christian spirituality in ways that fit who they are. With practical illustrations from church and parachurch contexts, McHugh offers ways for introverts to serve, lead, worship, and even evangelize effectively. *Introverts in the Church* is essential reading for any introvert who has ever felt out of place, as well as for church leaders who want to make their churches more welcoming to introverts. This expanded edition has been revised throughout and includes new research on the neuroscience of introversion and material for parenting and encouraging introverted youth. Discover God's call and empowerment to thrive as an introvert, for the sake of the church and kingdom.

Solarversia MR Toby Downton, 2015-08-18 It's the 29th February 2020 and Nova Negrahnu cannot wait to start playing Solarversia, a year-long game based in a virtual world that's modelled on the real world solar system. Given three lives, three vehicles, and told to master the Science of Solarversia to stand a chance of winning, players compete against 100 million people for the 10m grand prize, and a place in the history books. Solarversia starts three months before Nova's A-levels, the life-changing exams that could see her win a place at Nottingham, the university that Charlie attends, the second-year student she falls for on an open-day visit. As she strains to balance her addiction to the game with her mounting schoolwork, Nova's world is unexpectedly turned upside down when the Holy Order, a mysterious cult-like organisation sets its sights on the game and Spiralwerks, its creator. Told from three different perspectives - Nova the gamer, Artica Kronkite, the CEO of Spiralwerks, and Casey Brown, a newly-initiated member of the Holy Order - Solarversia is a game that author Toby Downton hopes to make for real, to launch in 2020, so that people can actually play it. From the initial press release: The world of virtual reality is about to fundamentally reshape the way in which we live, work and play. The Oculus Rift - the much-lauded and potentially transformational VR headset, which broke crowdfunding records in 2012, and was recently acquired by Facebook for \$2 billion - is scheduled to launch in early 2016. While its most obvious impact will hit the world's 700 million plus gamers, Facebook CEO Mark Zuckerberg believes the potential VR impact to be far more profound: Imagine enjoying a court side seat at a game, studying in a classroom of students and teachers all over the world or consulting with a doctor face-to-face - just by putting on goggles in your home. The relatively new genre of litRPG, or virtual reality inspired science fiction centred around the gaming industry, is booming, with Ernest Cline's bestseller Ready Player One already in production for a major movie adaptation with Spielberg directing. Downton is emerging as a driving force in the VR revolution. His novel Solaversia is just the first step in his thrillingly ambitious multi-platform story-telling experience that will explore the relationships between artificial intelligence, technology and the human spirit. Downton has incorporated his tech-company - Spiralwerks - in the real world, developing Solarversia as a commercially available game, ready to storm the games market in 2020. Accompanying the publication of Solarversia is the Golden Ticket promotion, which will enable readers to win one of a hundred specially reserved places within the Player's Grid, through a series of innovative competitions.
