**The Lost Temple of Java** Phil Grabsky,1999 Uncover the many mysteries of the long-missing eighth wonder of the world. Built by a now-forgotten civilization that flourished even as Europe languished in the Dark Ages, Borobudur in Central Java is the world's largest Buddhist temple, erected out of 1.6 million blocks of worked volcanic stone and containing three miles of relief carvings and 504 statues of Buddha. Yet, for 1,000 years it lay deserted, until Java's Lieutenant-Governor Sir Thomas Raffles decided to investigate rumors of a huge structure located deep in the jungle--and found this awe-inspiring edifice. Who built it? How was it constructed? And, why was it abandoned so soon after completion? A fascinating tale of what is now one of Asia's biggest tourist attractions.

God's Gold Sean Kingsley,2009-10-13 In 70 AD, the Roman emperor Vespasian and his son Titus plundered the great Temple of Jerusalem, claiming for themselves a priceless hoard. The golden candelabrum, silver trumpets, the bejeweled Table of the Divine Presence—the central icons of the Jewish faith—were cast adrift in Mediterranean lands and exposed to centuries of turbulent history and the rule of four different civilizations. Only an intriguing trail of clues remains to betray the treasure's ever-changing destiny—a trail eminent archaeologist Dr. Sean Kingsley has followed on one of the most remarkable quests of this or any other age: the search for the final resting place of God's gold.

**Lost Temple** Tom Harper, 2007 c1250 BC. The thousand ships of Greece set sail for Troy. Aboard are fabled heroes such as Agamemnon, Menelaus, Odysseus and Achilles - but also a detachment from Crete led by Idomeneus, grandson of the legendary King Minos. Few will return. 1941. While excavating the ruins of the Minoan palace of Knossos on Crete, English archaeologist John Pemberton uncovers a strange cave which seems to have been excavated more than three thousand years ago. A stone plaque carved with Minoan script hints at the cave's important history, but the language is unknown and has resisted fifty years of attempts to decipher it. Before Pemberton can learn more, the German invasion of Crete begins and he is forced to flee for his life across the island. 1943. Klaus Belzin, a major in the elite Sonderkommando Rosenberg, scours occupied Greece for the identities and assets of local Jews. But when he breaks into a Byzantine monastery which he suspects of harbouring fugitives, he finds an ancient manuscript: part of a lost poem hitherto known only by references in later authors. It continues the tale begun in the Iliad - and offers tantalising hints to the location of the mythical White Island where the heroes of Troy were buried. 1947. SOE officer Sam Grant had a good war, right up to the moment he was court-martialled for striking a superior. Now he's a smuggler, running guns to Jewish insurgents in Palestine. But he has a secret: a notebook given to him by a dying archaeologist during the German invasion of Crete in 1941. The knowledge it contains could point the way to one of the greatest treasures of antiquity. Alan Reed never fired a shot against the Nazis; he spent the war behind a desk pushing papers. But the desk was in Station X, the code-breaking centre at Bletchley Park, and the papers in question were top-secret German intercepts. A brilliant Oxford classicist and expert in Minoan civilisation, Reed spent the war using his linguistic gifts to break Hitler's codes. Now, three years on, he's happy to return to the placid life of an Oxford don. But the spymasters have a new challenge for him. Set in the eastern Mediterranean at the dawn of the Cold War, THE LOST TEMPLE follows Grant and Reed - together with the beautiful, lethal Greek partisan Marina Kimos - on a breakneck chase to find the legendary treasure of Achilles. As the first proxy battles of the cold war rage in Greece, they must evade guerrillas, Soviet agents, former Nazis and the CIA to solve the ancient clues and riddles scattered through history that will lead them to the treasure. For the shield of Achilles is not just a priceless artefact from the lost age of heroes. It contains a terrible power which, if unleashed, could decide the last conflict between East and West as dramatically as it decided the first.

**The Lost City of the Monkey God** Douglas Preston, 2017-01-03 NAMED A NEW YORK TIMES NOTABLE BOOK OF 2017 #1 New York Times and #1 Wall Street Journal bestseller! A five-hundred-year-old legend. An ancient curse. A stunning medical mystery. And a pioneering journey into the unknown heart of the world's densest jungle. Since the days of conquistador Hernán Cortés, rumors have circulated about a lost city of immense wealth hidden somewhere in the Honduran interior, called the White City or the Lost City of the Monkey God. Indigenous tribes speak of ancestors who fled there to escape the Spanish invaders, and they warn that anyone who enters this sacred city will fall ill and die. In 1940, swashbuckling journalist

Theodore Morde returned from the rainforest with hundreds of artifacts and an electrifying story of having found the Lost City of the Monkey God-but then committed suicide without revealing its location. Three quarters of a century later, bestselling author Doug Preston joined a team of scientists on a groundbreaking new quest. In 2012 he climbed aboard a rickety, single-engine plane carrying the machine that would change everything: lidar, a highly advanced, classified technology that could map the terrain under the densest rainforest canopy. In an unexplored valley ringed by steep mountains, that flight revealed the unmistakable image of a sprawling metropolis, tantalizing evidence of not just an undiscovered city but an enigmatic, lost civilization. Venturing into this raw, treacherous, but breathtakingly beautiful wilderness to confirm the discovery, Preston and the team battled torrential rains, quickmud, disease-carrying insects, jaguars, and deadly snakes. But it wasn't until they returned that tragedy struck: Preston and others found they had contracted in the ruins a horrifying, sometimes lethal-and incurable-disease. Suspenseful and shocking, filled with colorful history, hair-raising adventure, and dramatic twists of fortune, *THE LOST CITY OF THE MONKEY GOD* is the absolutely true, eyewitness account of one of the great discoveries of the twenty-first century.

**Lost Temple of the Aztecs** Shelley Tanaka,2000-09 Uses the discovery of the temple in Mexico City, what was once the Aztec city of Tenochtitlan, to introduce the story of the Spanish conquest of Moctezuma and his empire in the sixteenth century.

**The Lost 116 Pages: Reconstructing the Book of Mormon's Missing Stories** Don Bradley,2019-11-21 On a summer day in 1828, Book of Mormon scribe and witness Martin Harris was emptying drawers, upending furniture, and ripping apart mattresses as he desperately looked for a stack of papers he had sworn to God to protect. Those pages containing the only copy of the first three months of the Joseph Smith's translation of the golden plates were forever lost, and the detailed stories they held forgotten over the ensuing years--until now. In this highly anticipated work, author Don Bradley presents over a decade of historical and scriptural research to not only tell the story of the lost pages but to reconstruct many of the detailed stories written on them. Questions explored and answered include: Was the lost manuscript actually 116 pages? How did Mormon's abridgment of this period differ from the accounts in Nephi's small plates? Where did the brass plates and Laban's sword come from? How did Lehi's family and their descendants live the Law of Moses without the temple and Aaronic priesthood? How did the Liahona operate? Why is Joseph of Egypt emphasized so much in the Book of Mormon? How were the first Nephites similar to the very last? What message did God write on the temple wall for Aminadi to translate? How did the Jaredite interpreters come into the hands of the Nephite kings? Why was King Benjamin so beloved by his people? Despite the likely demise of those pages to the sands of time, the answers to these questions and many more are now available for the first time in nearly two centuries in *The Lost 116 Pages: Reconstructing the Book of Mormon's Missing Stories*.

**The Lost Temple of Israel** Zvi Koenigsberg,2015 This book describes a physical and intellectual journey in the author's life that traces his involvement in the excavation of a site on Mount Ebal, which the Bible describes as the home of the Lost Ark. Here, Koenigsberg discusses his experiences and the thought process that brought him to a series of conclusions about the nature of the site that contradict almost axiomatic beliefs about early Israel and certain biblical materials - and which re considered seriously by experts in the field.

*Toby Tuttle and the Lost Temple* David Chantala,2016-05-13 In the first episode, *The Enchanted Vanishing Sword*, Toby was befriended by an old wizzard who showed him how to pass through a secret portal connecting his world with a world in the fourth dimension called Duppland. Toby, even though just a teenager, impressed the people of Duppland with his courage and wisdom concerning supernatural forces that the people of this land feared. Toby developed many special friends in this land and would go visit them from time to time, being careful not to let anyone see him pass through the secret portal. In this episode, Toby is summoned by the Governess of Duppland, Lady Zelda, to rescue his best friend Rain. She is being held captive in a secret temple and is to be sacrificed in three days to a hedious living stone monster created by the evil warlock, Dr Zodd. It is

believed that once you enter the temple the only way out is through a very dark maze where the stone monster lurks. If somehow you get past the monster and find the way out of the dark maze you must get past a wicked giant who has been chosen by Dr Zodd to guard the exit and is not to let anyone leave the maze alive. No one in Duppland knows where the temple is or how to find it. It is believed that an old hermit living somewhere in the badlands of Axmar, knows a way to find the temple, but first you need to find him. Armed with only a bag of dirt and a staff Toby sets out on his quest to save his friend. The way is long and dangerous. Toby has many bone chilling encounters with vicious mongols, man eating plants and huge flying reptiles. Once inside the temple he must find Rain, destroy the stone monster, find the way out of the dark maze and defeat the giant guard posted there. Next they must pass through a series of burning lava pits and deadly lava snakes, then make their way back to Duppland, crossing the giant wastelands of mercer where they encounter a heinous looking dragon that Toby must slay to save Rain from being eaten. Finally they get a ride back to Duppland on a unicorn where they receive a heroes welcome.
