Numerological Lottery Kathleen Margaret Adams, 2013-09
NumeraLogical Lottery by Kathleen Margaret

===== Your guide to helping you pick lottery numbers by using the tools of Numerology, Astrology, Tarot, Greek Mythology, and Dowsing. Think of this book as a fun way of picking your Lottery numbers for any lottery drawing that goes from Number 1 to 59. My personal choices are Classic Ohio, Mega Millions, and Powerball. You can also use this book as a word/number find game after the lottery numbers have been drawn. You will find Name/Number conversions for every day of the year based on that particular day's attributes. After the lottery numbers have been drawn, go back to the date in this book to see how many of the names of Gods or Goddesses or planets, or fixed stars or tarot cards, or zodiac signs or the sign's attributes showed up as winning Lottery Numbers that day. Sometimes even the day of the week will pop up as a winning number on that day. The number conversion for Saturday is 28/10/1. You can easily look up the winning numbers on the internet. I use Welcome to the Ohio Lottery web page to see the recent and past winning numbers for all of the lottery games that I play: Classic Ohio, Powerball, and Mega-Millions. I have personally won money by using the above mentioned tools to pick my numbers. Several times I have come very close to winning big money! I have won as much as \$ 70.00 at one time by picking 4 out of 6 correctly in the Classic Ohio Lotto. We are surrounded by energy (and spirit) in my opinion, and it is my belief that this energy or spirit controls the numbers that come up as winning numbers in the lottery machines. This may sound far-fetched to some people, but will make perfect sense to others. Here is a little food for thought. On September 11, 2012, the Number 11 popped up TWICE in the mega-millions drawing. First, as one of the 5 white balls, and then AGAIN as the pick-one colored ball that is drawn
