**Mapping Your Romantic Relationships** David Pond, 2004  
Include CD-ROM.

**The Signs in Love** Carolynne Faulkner, 2023-02-07 An astrological guide to deepening your romantic connection—or finding the love of your life. Carolynne Faulkner knows the number-one reason her clients seek her out to consult the stars: love. After all, we are made of stardust, and understanding the cosmos can provide critical insight into our lives, our well-being, and matters of the heart. This unique guide explains how each sign matches up with the others, with the pros and pitfalls of each, and offers interactive journaling prompts to allow each reader to create a wholly personal road map to understanding themselves and their unions in romance, family, and friendship. There is no question that certain pairings cause sparks to crackle, while others grow quietly into a relationship that will last forever. Each combination has its challenges, too, but Faulkner reassures readers that the idea of “incompatibility” is a myth, and if your partner seems to come from another planet, it might just take a little more empathy and hard work to keep the romance alive. Learn what it looks like when a particular match flows well or not so well, and how the planets combine to play a role in both of your charts. Faulkner’s Dynamic Astrology™ approach offers a tried-and-tested framework to the signs—how harmonious each match is likely to be, and, more important, how to build a foundation for a forever love.

**SignMates** Bernie Ashman, 2012-07-08 Somehow, your relationship that started out so wonderfully is having problems. Or perhaps you'd like to anticipate what problems could occur in a potential relationship. More importantly, you need to know how to resolve the problems. Problems of interpersonal relationships are most often caused because everyone has conscious and unconscious needs and behaviors that can conflict with those of another. Recognizing and dealing with them can save relationships. You'll find out how to do this in Bernie Ashman's SignMates. Contrary to what some people think, your astrological sign doesn't force you to do anything. It is simply an indicator of what you are. By understanding how the signs relate, you can better understand relationships and how to overcome problems that may arise. In a nutshell, that is what this book will do for you. The book relates potential problems in a relationship between every sign of the zodiac. For example, if you are a Virgo and your partner is a Scorpio, you may play the Sabotage Game, where you make it difficult for your partner to reach goals because of unresolved anger or jealousy. To deal with this you need to become aware of negative, unproductive comments and support your partner. Two other games and coping strategies are given. Or perhaps you are a Libra and your partner is an Aquarius. You may experience the Lovers and Strangers Game where your sense of closeness vacillates between extremes. This is a test to see if you can handle emotional heat. You have to be willing to simply and honestly discuss your feelings. Again, two more games and

strategies for dealing with the conflicts that cause them are given. No matter what sign you and your partner are, this book will pinpoint the potential pitfalls and how to deal with them. Also included for each pairing is the good news, a rainbow at the end of the difficulties, which indicates how great such a relationship can be. Ideal for both non-astrologers and astrological pros, this book can help save your relationship.

**Love Planets** M.J. Abadie, Claudia Bader, 1990-05-15 Easy-to-use tables and step-by-step instructions let readers chart the influence of the relationship planets and points on their romantic lives. And unlike other astrology books, Love Planets shows readers how to use these insights with a unique set of role-playing scripts.

**Love Signs and You** Rochelle Gordon, Nadia Stieglitz, 2003 Love Signs and You is the definitive volume of romantic astrology.

**Lovescores** Mark S. Husson, 2010-07 Each week thousands of listeners tune in to Mark Hussons Power Peek Hour on Hay House Radio. They know they'll gain insights into themselves and their relationships that they can only get from astrology, and they trust Mark as the one to lay it on the line for them. Now he leads you on this expedition of love by zodiac sign. In this book, Mark takes the astrological signs two by two and shines the light of understanding on their relationship with each other. He gives each a Love Scope score to predict the potential success right from the beginning. You can use that score to learn how things can go better, how much effort you'll need to invest, and how to take a good relationship and make it into a great one. Do you want to know what draws you to your partner? Or how to draw out the best in this person? Mark maps this out for you with wisdom, humor, and simplicity, all from his perspective as a trained psychologist. Love Scores addresses specific characteristics of each sign alone and in partnership, referencing powerful mythological archetypes to illustrate the principles.

**Finding Your Best Places** Dan Furst, 2015-08-12 Finding Your Best Places: Using Astrocartography to Navigate Your Life is Dan Furst's long-awaited first ebook on today's hottest astrology topic, the exciting new art and science of Astrocartography. This word simply means that we take the same information an astrologer uses to create birth charts and horoscopes - that is, a person's date, time and place of birth - and we use them to create world maps that are personal and unique, and useful in guiding us to our best destinations for jobs and money, health, family, love relationships, creative and spiritual paths, community, travel destinations, whatever matters most to us. Each astrocartography map has sets of colored lines that have planet symbols in triangles pointing up to the top of the map, or the bottom, or east or west. So the lines show us not only which planet energies are at work in each place, but in which direction they go: to the soul (up), the body (down), our individual goals (east) or relationships (west). The lines also form connections and crossings -- just as the planets in our birth charts have meaningful, powerful angles of relationship -- so we can easily tell which places in the world are energetically charged for us, whether for success or struggle, and which are neutral rest areas. Joint readings for couples, families and business teams are especially useful for identifying places that are most beneficial for living and working, and for finding important relationships. Astrocartographers often insist, in fact, on reading for both members of a committed couple, in order to highlight places that are good for them both, and avoid locations that are great for one partner, but challenging, at the very least, for the other. Another crucial point is that astrocartography is not just for helping people find their best places to live and work, though this was the main question when Jim Lewis created his new

system 40 years ago. Now second-generation astrocartographers often tell new clients: You Don't Have to Move! People who are quite happy where they are can still use their astrocartography lines to find the places that best favor them for finding employers, clients, colleagues, healers, publishers, investors and love partners. Looking at our astrocartography maps as well as our birth charts can now tell us not only the conditions of timing that astrology has always explored, but also, for the first time, the conditions of SPACE as well. While astrologers have long used different ways of connecting zodiac signs with countries and cities, so that, for example, the very theatrical land of Italy may be called a Leo country, it is only now that we can see, in precise detail, exactly which places on Earth really favor us, personally and individually, or may have important relationships for us. There are profound spiritual implications to these locational matters as well, and we may find in time that our tendencies, interests, gifts and challenges may all be reflected in the astro-geography of the sky, and this is why we feel attracted to the spiritual traditions and practices of specific places, and why some places just mysteriously seem to keep calling us. And what may be most important to many of us, is that astrocartography may show us what places are most important for the fulfilling of our Sacred Contracts, and the challenges and opportunities they offer for the pursuit of our spiritual goals, and our evolution toward enlightenment and freedom. In the end, what matters is that astrocartography gets more popular every year. It's not just because we want to find our best places now in very fluid and unpredictable times, or because we're more mobile and globally connected than ever before in wider, more versatile networks of business, social contacts and bonds of love and spirit. Astrocartography is hot now because it WORKS. It's helped thousands of people find their purpose, stoke their passion, ignite their courage and hit their goals.
